## IMPORTANT SAFETY INFORMATION

---

**Please read all instructions carefully before assembly and use. Failure to follow these instructions may result in injury or product damage.**

- Do not load more than 800 pounds onto the bed frame.
- Exercise caution around sharp edges during assembly.
- Always follow the assembly instructions precisely to prevent instability or collapse.
- Keep small parts away from children during assembly.

## PACKAGE CONTENTS

---

Verify that all components are present before beginning assembly. If any parts are missing or damaged, please contact UINTAI customer support.

## SETUP AND ASSEMBLY INSTRUCTIONS

---

Follow the step-by-step instructions provided in the included installation manual. Each part is labeled for easy identification. Ensure all connections are secure before use.

### 1. Unpacking and Preparation

Carefully unpack all components and lay them out on a clean, soft surface to prevent scratches. Identify all parts using the parts list in your manual.

## 2. Assembling the Bed Frame

Begin by connecting the main frame components as per the diagrams in your manual. Ensure all bolts are tightened securely but do not overtighten until the frame is fully assembled.

## MAINTENANCE

### Cleaning Instructions

To maintain the appearance and longevity of your bed frame:

- Wipe the frame and upholstered surfaces with a dry cloth.
- Avoid using harsh chemicals or abrasive cleaners, as these may damage the finish or fabric.
- Regularly check and tighten any loose screws or bolts to ensure stability.

## TROUBLESHOOTING

### Noise Issues

If you experience squeaking or rattling noises:

- Ensure all bolts and screws are securely tightened.
- Verify that the slats are correctly positioned and not rubbing against the frame. The bed frame is designed with ultra-quiet slats and EVA mute sponge to minimize noise.
- Check for any foreign objects lodged between the mattress and the frame.

## LED Lights Not Functioning

If the LED lights do not turn on or respond to the remote:

- Ensure the LED light strip is properly connected to its power source.
- Check the remote control's battery and replace if necessary.
- Ensure there are no obstructions between the remote and the LED receiver.

## Charging Station Not Working

If the charging station outlets or USB ports are not providing power:

- Verify that the bed frame's power cord is securely plugged into a functional wall outlet.
- Check if the power outlet itself is working by plugging in another device.
- Ensure the charging station's internal connections are secure (refer to assembly manual if accessible).
