

HCDZ L3600US L3600 3600L WF-VF320

HCDZ Replacement Remote Control User Manual

For Vamvo L3600US, L3600, 3600L, WF-VF320 LCD Home Theater Video Projectors

INTRODUCTION

This manual provides instructions for the HCDZ Replacement Remote Control, designed for use with Vamvo L3600US, L3600, 3600L, and WF-VF320 LCD Home Theater Video Projectors. This remote is an infrared (IR) replacement and requires no programming.

Package Contents:

- 1 x HCDZ Replacement Remote Control
- *Note: Batteries and additional instructions are not included in the package.*

SETUP: BATTERY INSTALLATION

To begin using your remote control, you must install two AAA batteries. Ensure correct polarity when inserting the batteries.

Image: Rear view of the remote control with the battery cover removed, showing the two AAA battery slots.

1. Locate the battery compartment on the back of the remote control.
2. Slide the battery cover downwards or press the latch and lift to open.
3. Insert two new AAA batteries, matching the positive (+) and negative (-) terminals as indicated inside the compartment.
4. Replace the battery cover, ensuring it clicks securely into place.

Important Battery Safety Information:

- Do not mix new batteries with old ones.
- If the remote control will not be used for an extended period, remove the batteries to prevent leakage and corrosion.

OPERATING INSTRUCTIONS

This HCDZ replacement remote control is designed for immediate use with compatible Vamvo projectors once batteries are installed. No programming or pairing is required.

Image: Front view of the HCDZ replacement remote control, showing its button layout.

To operate your projector:

- Point the remote control directly at the infrared (IR) sensor on your Vamvo projector.
- Press the desired function button (e.g., Power, Volume, Menu, Source) to control the projector.
- Ensure there are no obstructions between the remote control and the projector's IR sensor.

MAINTENANCE AND CARE

Proper care will extend the life of your remote control:

- **Storage:** Do not leave the remote in extremely hot or humid environments.
- **Exposure:** Avoid exposing the remote sensor to direct sunlight or strong lighting apparatuses, as this may cause malfunction.
- **Cleaning:** Wipe the remote with a soft, dry cloth. Do not use liquid cleaners or abrasive materials.
- **Battery Removal:** If the remote will not be used for an extended period, remove the batteries to prevent potential damage from leakage and corrosion.

TROUBLESHOOTING

If your remote control is not functioning as expected, try the following steps:

- **No Response:**
 - Replace the remote control batteries with fresh ones.
 - Check the battery terminals inside the compartment to ensure they are clean and making proper contact.
- **Limited Range or Intermittent Function:**
 - Move closer to the projector. The maximum effective range is approximately 8 meters.
 - Remove any physical obstructions (e.g., furniture, objects) between the remote control and the projector's IR sensor.
- **Projector Not Responding:**
 - Ensure the power cord to your projector is securely plugged in and the projector is turned on.
 - Verify that the remote control is pointed directly at the projector's IR sensor.
