

CANEST FC-001

CANEST FC-001 Luxury Smart Toilet User Manual

Brand: CANEST | Model: FC-001

1. INTRODUCTION AND OVERVIEW

The CANEST FC-001 Luxury Smart Toilet is designed to enhance your daily life with its advanced features, energy efficiency, and stylish design. This manual provides essential information for the setup, operation, and maintenance of your smart toilet, ensuring optimal performance and comfort.

Key features include a heated bidet, warm air dryer, auto self-cleaning nozzle, foot sensor operation, ADA comfort height, 1000 Gram MaP flushing score, dual auto flush, warm water, LED display, auto open & close lid, night light, wireless remote control, and auto deodorization.

2. SETUP AND INSTALLATION

The CANEST FC-001 Smart Toilet is designed for floor-mounted installation with a rough-in of 12 inches. Due to its weight (99 pounds), two people are recommended for lifting and positioning during installation.

2.1 Included Components

- Remote Control
- Mounting kits
- Spare battery box
- Installation cardboard
- Installation accessories bag
- Angle valve
- Waxing ring
- Screws for remote control
- Installation instructions

2.2 Dimensions and Water Connection

The product dimensions are approximately 27.2"D x 16.2"W x 17.4"H. It features a built-in tank, allowing for flushing even with zero water pressure, making it suitable for households with low water pressure. The toilet utilizes a siphonic jet flushing mode and down-drainage method.

For detailed installation steps, please refer to the comprehensive instructions provided in the full user guide PDF.

3. OPERATING INSTRUCTIONS

The CANEST FC-001 Smart Toilet offers a variety of automated and customizable functions for a hygienic and comfortable experience.

3.1 Auto Open/Close Lid and Foot Sensor

The toilet features a touchless foot sensor and an automatic open/close lid for convenience and hygiene. The built-in sensor automatically opens the toilet lid when it detects a user within a 3-foot radius. The auto open lid function can be turned on or off.

Figure 3.1: Automated lid and flushing functions.

3.2 Bidet Functions

The integrated bidet offers adjustable warm water wash settings and a warm air dryer, eliminating the need for toilet paper. The nozzle is self-cleaning and removable for maintenance.

3.4 Controls and Additional Features

- **Wireless Remote Control:** All functions can be easily controlled via the included wireless remote.
- **LED Display:** Provides clear indication of settings and status.
- **Night Light:** A soft night light guides you in the dark for safe nighttime use.
- **Auto Deodorization:** The smart toilet automatically deodorizes after each use to maintain a fresh bathroom environment.

4. MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your CANEST Smart Toilet.

4.1 Nozzle Cleaning

The bidet nozzle features a self-cleaning function. For deeper cleaning, the nozzle is removable. Refer to the full user guide for detailed instructions on manual nozzle cleaning.

4.2 Antibacterial Seat

The toilet features an SIAA antibacterial seat with an ultra-smooth base glaze and silver ionized composite glaze, designed to keep the toilet clean and sanitary. Regular cleaning with mild, non-abrasive cleaners is recommended.

5. TROUBLESHOOTING

If you encounter any issues with your CANEST FC-001 Smart Toilet, please refer to the troubleshooting

section in the full user guide PDF for common solutions. For persistent problems, contact CANEST customer support.
