T4TREAM TFHCKBW2DR

T4TREAM Farmhouse King Size Bed Frame Instruction Manual

Model: TFHCKBW2DR

INTRODUCTION

This instruction manual provides detailed guidance for the assembly, operation, and maintenance of your T4TREAM Farmhouse King Size Bed Frame. This bed frame features a 54-inch tall geometric headboard, two large storage drawers, and a rustic dark oak finish. It is designed for use with a King size mattress and does not require a box spring.

ASSEMBLY INSTRUCTIONS

Assembly of this bed frame requires careful attention to detail. All parts are labeled, and clear instructions are provided. We recommend having a second person assist with the assembly process for ease and safety.

Step 1: Prepare the Area and Unpack

Clear a spacious area for assembly. Unpack all boxes and lay out the components. Identify each part using the provided labels and hardware list. Note that the product may arrive in multiple boxes on different days.

Step 2: Assemble the Headboard

Begin by assembling the headboard sections. Ensure the geometric veneer pattern aligns correctly. Secure all connections with the designated hardware.

54" Tall Headboard

The large headboard with its fancy rectangular pattern immediately become a dazzling presence in your bedroom. The height of 54" provide optimal support for your back and neck for lounging

Step 3: Attach Side Rails and Footboard

Connect the side rails to the assembled headboard. Then, attach the footboard to the other end of the side rails. Ensure all connections are firm and stable.

Step 4: Install Support Structure and Slats

Install the two metal skeletons and four middle support legs to the bed frame. Then, place the 30 hardwood slats across the frame. The upgraded locking system and nylon buckles are designed for convenient and quick assembly, ensuring a sturdy support platform.

ROBUST BED FRAME CONSTRUCTION

- 30 x Solid wood slats
- Additional support with 2 metal skeleton and 4 middle support legs

Contains 2 Boxes and May Not Arrive on the Same Day!

Step 5: Assemble and Install Storage Drawers

Assemble the two large storage drawers according to the instructions, ensuring the metal handles are securely attached and the smooth-gliding slides are properly installed. Once assembled, slide the drawers into their designated positions under the footboard.

2 Large Sliding Storage Drawers

The metal handles are easy to grip and the high-quality slides ensure a quiet and smooth operation for easy access. Perfect for bedding, pillows, or seasonal clothing

Image: The two large sliding storage drawers, shown partially open and filled with various items, demonstrating their capacity and accessibility.

OPERATING INSTRUCTIONS

The T4TREAM Farmhouse King Size Bed Frame is designed for straightforward use.

Using the Storage Drawers

The two large storage drawers are located at the foot of the bed. To access, simply pull the metal handles. The drawers are equipped with smooth-gliding slides for easy opening and closing. These drawers are ideal for storing bedding, pillows, seasonal clothing, or other items, helping to keep your bedroom organized and clutter-free.

Mattress Placement

Place your King size mattress directly onto the installed wood slats. No box spring is required. The 18-inch elevated footboard helps to keep the mattress securely in place.

54" Tall Geometric Headboard

- ✓ Geometric High-low Veneer Pattern
- ✓ Provide Ample Support for Comfortable Leaning

MAINTENANCE AND CARE

Proper care will ensure the longevity and appearance of your bed frame.

- **Cleaning:** Wipe the bed frame surfaces with a dry, soft cloth. Avoid using harsh chemicals or abrasive cleaners, which can damage the finish.
- **Spills:** In case of spills, blot immediately with a clean, dry cloth.
- **Fasteners:** Periodically check all bolts and screws to ensure they remain tight. Retighten as needed to

maintain stability.

- **Environment:** Avoid placing the bed frame in direct sunlight or near heat sources, as this can cause fading or warping of the wood.

TROUBLESHOOTING

Refer to the following table for common issues and their solutions.

Issue	Possible Cause	Solution
Bed frame creaks or feels unstable.	Loose bolts or connections.	Inspect all assembly points and tighten any loose bolts or screws. Ensure slats are properly seated.
Storage drawers do not slide smoothly.	Drawer slides are misaligned or obstructed.	Check that the drawer slides are correctly installed and free from debris. Ensure the drawer is not overloaded.
Missing or damaged parts upon delivery.	Shipping damage or packaging error.	Do not proceed with assembly. Contact T4TREAM customer support immediately for replacement parts.
