## 4. SETUP INSTRUCTIONS

---

The Nectar Premier Adjustable Base and Hybrid Mattress are designed for simple assembly without the need for additional tools. Please note that the mattress and adjustable base ship separately.

## 4.1. Adjustable Base Setup

1. **Unpack Components:** Carefully remove all components of the adjustable base from its packaging.
2. **Position the Base:** Place the folded adjustable base frame in the desired location. Ensure there is enough space around it for assembly and operation.
3. **Attach Legs:** Screw the provided legs into the designated threaded holes on the base frame. Hand-tighten until secure.
4. **Unfold the Base:** Gently unfold the adjustable base. Ensure all locking mechanisms (if present) are engaged.
5. **Connect Power:** Plug the power cord into the control box on the base, then plug the adapter into a wall outlet.
6. **Pair Remote:** Follow the instructions included with the remote control to pair it with the adjustable base. Batteries are typically included.

## Soothing Massage

Pamper yourself with whisper quiet massage, including 3 intensities to choose from.

## 4.2. Mattress Setup

1. **Unroll Mattress:** Place the rolled mattress on top of the adjustable base.
2. **Remove Packaging:** Carefully cut and remove the outer plastic wrapping. The mattress will begin to expand.
3. **Allow Expansion:** Allow the mattress to expand for up to 24 hours to reach its full size and firmness.

4. **Position Mattress:** Once fully expanded, ensure the mattress is centered and properly aligned on the adjustable base.

*Note: If you have a Split King size, you will receive two Twin XL mattresses and two Twin XL adjustable bases. Follow the instructions to combine them as needed.*

## 5. OPERATING INSTRUCTIONS

---

The Nectar Premier Adjustable Base offers various functions for personalized comfort, controlled via the wireless remote or Bluetooth app.

### 5.1. Adjustable Base Functions

- **Head Elevation:** Use the remote or app to raise or lower the head section of the bed.
- **Foot Elevation:** Use the remote or app to raise or lower the foot section of the bed.
- **Zero Gravity Position:** Activate the pre-set Zero Gravity position for a feeling of weightlessness, which can relieve pressure on the back.
- **Anti-Snore Setting:** Utilize the dedicated anti-snore setting to slightly elevate the head, which may help reduce snoring.
- **Custom Positions:** Save your preferred head and foot positions for quick access.

# Customizable Comfort & Support

Elevate your head or feet and relieve pressure with our Zero Gravity setting.

## 6. MAINTENANCE

### 6.1. Mattress Care

- **Spot Cleaning:** For spills, gently blot with a clean cloth and mild detergent. Avoid saturating the mattress.
- **Protection:** Use a mattress protector to guard against spills, stains, and allergens.
- **Rotation:** Rotate the mattress 180 degrees every 3-6 months to promote even wear. Do not flip the mattress.
- **Ventilation:** Ensure adequate airflow around the mattress to prevent moisture buildup.

## 6.2. Adjustable Base Care

- **Cleaning:** Wipe down the frame with a damp cloth. Avoid harsh chemicals.
- **Inspection:** Periodically check all connections and fasteners to ensure they are secure.
- **Power Cord:** Inspect the power cord for any signs of damage. If damaged, contact customer support.

## 7. TROUBLESHOOTING

---

If you encounter issues with your Nectar Premier Sleep System, refer to the following common solutions:

- **Base Not Responding:**
  - Check if the power cord is securely plugged into both the base and the wall outlet.
  - Ensure the remote control batteries are not depleted and are inserted correctly.
  - Try re-pairing the remote control with the base according to the remote's instructions.
- **Unusual Noises:**
  - Verify that the base is placed on a flat, stable surface.
  - Check for any obstructions under or around the base that might interfere with its movement.
  - Ensure all legs and fasteners are tightened.
- **Mattress Not Fully Expanded:**
  - Allow up to 24-72 hours for the mattress to fully decompress after unboxing. Cooler temperatures can slow this process.
  - Ensure the mattress was unrolled on a flat surface.

For persistent issues, please contact Nectar customer support.
