4. SETUP

4.1 Unpacking

Carefully remove the TV from its packaging. It is recommended to have two people for this process due to the size and weight of the television.

4.2 Stand Installation (Optional)

If you plan to place the TV on a tabletop, attach the stand according to the instructions provided with the stand components. Ensure all screws are tightened securely.

4.3 Wall Mounting (Optional)

If you plan to wall-mount the TV, use a VESA-compatible wall mount (VESA standard: 75 x 100 mm). Consult a professional for wall mounting to ensure safety and proper installation. *Note: The VESA standard provided (75x100mm) is unusually small for an 85-inch TV. Please verify the correct VESA pattern with your wall mount manufacturer or the TV's physical specifications before installation.*

4.4 Connecting Power

Plug the power cable into the TV's power input, then into a wall outlet. Do not power on the TV yet.

4.5 Connecting External Devices

Connect your external devices (e.g., cable box, Blu-ray player, gaming console) to the TV's input ports:

- **HDMI Ports (3 total):** For high-definition audio and video devices.
- **USB Ports (3 total, 2 are USB 3.0):** For USB storage devices or other compatible peripherals.
- **Ethernet Port:** For a wired internet connection.
- **Optical Digital Audio Output:** For connecting to external audio systems.
