# Vintage and Elegant

Classic retro TV modeling, also a stylish desktop ornament.

The Yoidesu Portable Bluetooth Speaker features a vintage TV-inspired design, making it a stylish addition to any desktop.

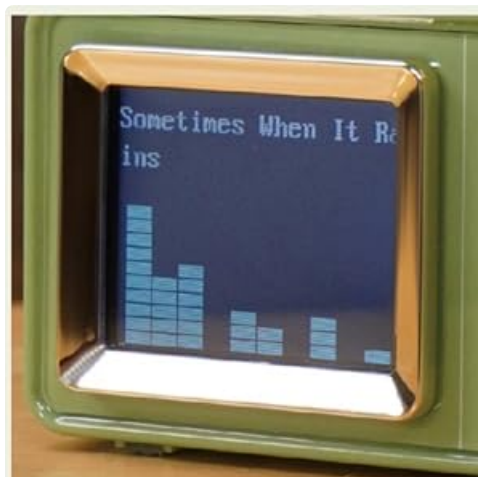

# Compact Size

Small size and light weight, easy to carry.

Its compact size and lightweight design ensure easy portability for use at home or on the go.

## Controls and Ports

The speaker features simple controls including an ON/OFF switch and a MODE button for switching between functions.

The rear of the speaker houses the charging port and a slot for a Micro SD card.

## SETUP

---

### 1. Charging the Speaker

Before first use, fully charge the speaker. Connect the provided USB cable to the speaker's charging port and a compatible USB power adapter (not included). The charging indicator will show the charging status.

### 2. Power On/Off

- To power on: Slide the **ON/OFF** switch to the 'ON' position.
- To power off: Slide the **ON/OFF** switch to the 'OFF' position.

### 3. Bluetooth Pairing

The speaker utilizes Bluetooth V5.3 for stable wireless connection.

1. Ensure the speaker is powered on and in Bluetooth mode (indicated on the display).
2. Enable Bluetooth on your smartphone or other device.
3. Search for available devices and select "Yoidesu Speaker" (or similar name) from the list.
4. Once connected, the speaker will emit a confirmation sound, and the display will show the Bluetooth icon.

# Dynamic Lyrics Display

Suitable for people who love to sing along with the song.

The speaker connects wirelessly to your device using Bluetooth 5.3 technology for a stable audio experience.

## 4. Time and Date Synchronization

After connecting to Bluetooth, the speaker will automatically synchronize the time, date, and week from your connected device. No manual adjustment is typically required.

## OPERATING INSTRUCTIONS

### 1. Mode Switching

Press the **MODE** button to cycle through available playback modes: Bluetooth mode and Micro SD card playback mode.

### 2. Music Playback (Bluetooth Mode)

Once paired via Bluetooth, simply start playing music on your connected device. The audio will stream to the

speaker.

### 3. Music Playback (Micro SD Card)

Insert a Micro SD card (up to 128GB, not included) containing MP3 audio files into the designated slot. Switch to Micro SD card mode using the **MODE** button. The speaker will automatically begin playing music from the card.

### 4. Dynamic Lyrics Display

When playing music that includes embedded lyrics data (e.g., from certain music apps or files), the speaker's display can show dynamic lyrics, enhancing the listening experience.

The dynamic lyrics display function allows you to follow along with your favorite songs.

# Long Battery Life

Built-in 600mAh lithium-ion battery for long time playback.

Experience high-fidelity sound with a visual representation of the audio on the speaker's display.

## 5. Clock and Calendar Function

The speaker's display shows the current time, date, and day of the week, automatically synchronized via Bluetooth.

# Hi-Fi Sound Quality

High-fidelity full-range 5W power speakers for true and full sound quality.

The multi-function display automatically synchronizes time, date, and day of the week when connected to your phone.

## 6. Volume Control

Volume is typically controlled directly from your connected Bluetooth device. Ensure both the speaker and your device's volume are adjusted to a comfortable level.

## MAINTENANCE

### Cleaning

Wipe the speaker with a soft, dry cloth. Do not use abrasive cleaners, alcohol, or solvents, as these may damage the surface. Avoid getting moisture into any openings.

### Storage

When not in use for extended periods, store the speaker in a cool, dry place away from direct sunlight and

extreme temperatures. It is recommended to charge the battery periodically to maintain its health.

The built-in 600mAh lithium-ion battery provides extended playback time, reducing the need for frequent charging.

## TROUBLESHOOTING

---

Problem	Possible Cause	Solution
Speaker does not power on.	Battery is depleted.	Charge the speaker using the provided USB cable.
Cannot pair via Bluetooth.	Bluetooth is not enabled on device or speaker is not in pairing mode.	Ensure Bluetooth is active on both devices. Restart both devices and try pairing again. Move devices closer.
No sound or low volume.	Volume levels are too low on speaker or connected device.	Increase volume on both the speaker and the connected device. Ensure the speaker is not muted.
