ALLJOY AJMFSM2401

ALLJOY Foldable Foot Bath Instruction Manual

MODEL: AJMFSM2401

Introduction

Thank you for choosing the ALLJOY Foldable Foot Bath. This manual provides essential information for the safe and effective use of your new foot bath. Please read it thoroughly before operation and retain it for future reference.

This foot bath is designed to provide a relaxing foot spa experience at home, featuring adjustable temperature, bubble massage, and a timer function. Its foldable design ensures convenient storage.

Safety Information

- Always place the foot bath on a stable, flat surface during use.
- Do not overfill the foot bath. Observe the maximum water level.
- Avoid placing your feet on the edge of the unit to prevent tipping.
- This product is PSE certified, meeting electrical appliance safety standards. A certification image is available in the product listing for verification.
- The PTC heater maintains a consistent temperature and prevents overheating, ensuring safe and comfortable use.
- Do not operate the unit without water.
- Do not stand up in the foot bath.

Setup

1. **Unfolding the Foot Bath:** Place the folded foot bath on a flat surface. Firmly press the bottom with one hand (or foot if needed) while pulling up the edges with the other hand until the unit is fully expanded. If stiff, apply gentle pressure to the bottom while pulling the sides up.
2. **Connect Power:** Unwind the power cord from its storage compartment at the bottom of the unit and plug it into a suitable electrical outlet.
3. **Add Water:** Fill the foot bath with warm water (recommended 28°C or higher for faster heating) up to the MAX line. The capacity is approximately 10 liters.
4. **Optional:** Place foot bath salts or essential oils into the designated compartment for enhanced relaxation.

Operating Instructions

1. **Power On:** Press the power button on the digital control panel to turn on the unit.
2. **Temperature Adjustment:** Use the '+' and '-' buttons to set your desired water temperature between 35°C and 48°C. The unit features 14 temperature levels and an automatic heat retention function. Using the bubble function simultaneously with heating is recommended for faster temperature reach.
3. **Bubble Function:** Press the bubble button to activate the oxygen bubble massage. This function helps stimulate the soles of your feet and can be used with the heating function.
4. **Timer Setting:** Press the timer button to set the operating time from 10 to 60 minutes. The unit will automatically shut off after the set time, providing peace of mind, especially if you fall asleep.
5. **Roller Massage:** The foot bath features 6 manual rollers at the bottom. Gently move your feet over these rollers to massage the soles and stimulate pressure points.
6. **Pumice Stone Use:** A pumice stone is included for callus removal. After warming your feet, use the pumice stone to gently exfoliate hardened skin on your heels and other areas.

Maintenance

1. **Draining Water:** After use, unplug the unit. The foot bath features a convenient drainage outlet at the bottom. Simply open the plug to release the water.
2. **Cleaning:** The internal base with massage points is removable for easy cleaning. Rinse with water and mild soap, then dry thoroughly.
3. **Storage:** To fold the foot bath, ensure it is empty and dry. Gently push down on the sides until it collapses to its compact size (11.6 cm thickness). The integrated handle makes it easy to carry and store in narrow spaces, such as under furniture. The lid helps prevent dust accumulation during storage.

Troubleshooting

- **Stiff Folding Mechanism:** If the foot bath is difficult to unfold initially, place it on the floor, firmly press the bottom with your foot, and then pull up the edges smoothly.
- **General Issues:** If you encounter any other problems or have questions, please refer to the Warranty and Support section for contact information.

Specifications

Product Size	40 x 33.8 x (11.6-23) cm
Weight	2.5 kg
Color	Gray
