UDPATIO NBRC006-V1-PJ17

UDPATIO All-Weather Recliner Chair Instruction Manual

Model: NBRC006-V1-PJ17

INTRODUCTION

Thank you for choosing the UDPATIO All-Weather Recliner Chair. This manual provides essential information for the safe assembly, operation, and maintenance of your new recliner. Please read these instructions carefully before use and retain them for future reference.

SAFETY INFORMATION

- Ensure all parts are present and undamaged before assembly.
- Do not exceed the maximum weight capacity of 200 kg (440 lbs).
- Keep children and pets away during assembly.
- Use on a flat, stable surface to prevent tipping.
- Regularly check all bolts and connections to ensure they remain tight.
- Do not stand on the chair or use it as a step stool.
- Avoid exposing the chair to extreme weather conditions for prolonged periods to maximize lifespan.

PARTS LIST

Before beginning assembly, verify that all components are included in your package. If any parts are missing or damaged, please contact customer support.

Part	Description	Quantity
A	Chair Frame (Main Body)	1
B	Seat Cushion	1
C	Backrest Cushion	1
D	Footrest Cushion	1
E	Hardware Pack (Bolts, Washers, Allen Wrench)	1 set
F	Side Table Panel	1

SETUP AND ASSEMBLY

Assembly is required for this recliner chair. Follow these steps carefully. It is recommended to have two people for assembly.

- Unpack Components:** Carefully remove all parts from the packaging. Place them on a soft, clean surface to prevent scratches.
- Attach Backrest to Seat Frame:** Align the backrest frame with the seat frame. Insert the provided bolts and tighten them securely using the Allen wrench. Do not overtighten.
- Install Footrest Mechanism:** Connect the footrest extension mechanism to the main chair frame as per the diagrams in the included paper manual. Ensure it moves freely.
- Secure Side Table:** Attach the foldable side table panel to the designated slot on the armrest. Ensure it can pivot smoothly.
- Place Cushions:** Position the seat, backrest, and footrest cushions onto the chair. The cushions are designed to fit snugly.
- Final Check:** Once assembled, gently shake the chair to ensure all connections are secure and stable.

HOCHWERTIGE METALLKON STRUKTION

OPERATING INSTRUCTIONS

Adjusting the Backrest

The recliner features an adjustable backrest that can be set up to 150 degrees for optimal comfort.

1. **Locate the Rotary Knob:** Find the rotary knob located on the side of the chair, typically beneath the armrest.
2. **Recline:** While seated, turn the knob to release the locking mechanism. Lean back gently to achieve your desired recline angle.
3. **Lock Position:** Once the desired angle is reached, turn the knob in the opposite direction to lock the backrest securely in place.
4. **Return to Upright:** To bring the backrest to an upright position, unlock the mechanism and lean forward.

Extending the Footrest

The footrest can be extended to provide additional leg support.

- To extend the footrest, gently pull it outwards from beneath the seat.
- To retract, push the footrest back under the seat until it is fully stowed.

Using the Foldable Side Table

The integrated side table provides a convenient surface for small items.

- To deploy the side table, gently pull it upwards and outwards from the armrest until it locks into a horizontal position.
- To fold it away, release the locking mechanism (if present, refer to physical manual) and push the table back into its stowed position.
- Do not place items heavier than 10 kg (22 lbs) on the side table.

MAINTENANCE AND CARE

Cleaning the Rattan Frame

- Wipe the rattan surface with a soft, damp cloth.
- For stubborn dirt, use a mild soap solution and rinse thoroughly.
- Avoid abrasive cleaners or harsh chemicals, as these can damage the rattan.
- Ensure the rattan is completely dry before storing or covering.

HANDGEFLOCHTENES DOPPEL-RATTAN

Cushion Care

- The cushion covers are removable and weather-resistant.
- To clean, unzip and remove the covers. Hand wash with cold water and mild detergent, or machine wash on a gentle cycle.
- Air dry thoroughly. Do not tumble dry or iron.
- Store cushions indoors during prolonged periods of rain or cold weather to extend their lifespan.

General Maintenance

- Periodically inspect all bolts and connections for tightness. Tighten if necessary.
- Lubricate moving parts of the reclining mechanism annually with a silicone-based lubricant to ensure smooth operation.
- Cover the chair with a protective cover when not in use for extended periods, especially during off-season.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Chair feels wobbly after assembly.	Loose bolts or uneven placement.	Ensure all bolts are securely tightened. Place the chair on a flat, level surface.

Problem	Possible Cause	Solution
Backrest mechanism is stiff or not reclining smoothly.	Lack of lubrication or obstruction.	Apply a silicone-based lubricant to the moving parts of the reclining mechanism. Check for any obstructions.
Side table does not fold or unfold easily.	Obstruction or mechanism stiffness.	Check for any debris or obstructions. Apply a small amount of lubricant to the pivot points if stiff.
Cushions appear flattened or misshapen.	Prolonged use or improper storage.	Fluff cushions regularly. Store cushions indoors when not in use for extended periods.

SPECIFICATIONS
