PUMA Softride Wired 2 Sliptech Jr Shoes User Manual

Model: 402831

1. PRODUCT OVERVIEW

The PUMA Softride Wired 2 Sliptech Jr shoes are designed for active children, offering a blend of comfort, durability, and convenience. Featuring innovative SLIPTECH™ hands-free technology, these shoes allow for easy on-and-off wear. The Softride cushioning provides exceptional comfort for all-day use, while the robust upper and reinforced toe area ensure longevity and protection during various activities. Heel loops are integrated for additional ease of handling.

2. KEY FEATURES

- **SLIPTECH™ Hands-Free Technology:** Enables quick and easy slip-on and slip-off functionality without needing to use hands.
- **Softride Cushioning:** Integrated soft foam provides superior cushioning and comfort for all-day wear.
- **Durable Textile Upper:** Constructed with a resilient textile material designed to withstand active play.
- **Toe Protection:** Reinforced toe area offers enhanced durability and protection against impacts.
- **Elastic Straps:** Ensures a secure and snug fit while maintaining flexibility.
- **Heel Loops:** Convenient loops at the heel facilitate easy grabbing and pulling on of the shoes.
- **Synthetic Sole:** Provides reliable traction and support.

3. SETUP AND FIRST USE

1. **Unboxing:** Carefully remove the shoes from their packaging. Inspect them for any visible damage or defects.
2. **Initial Fit:** Ensure the shoes are the correct size for the user. Refer to the size chart if available.
3. **Putting On (SLIPTECH™):** Position the foot over the shoe. Gently slide the foot into the shoe, allowing the elastic straps and heel structure to guide the foot in. The hands-free design minimizes the need for bending or pulling.
4. **Comfort Check:** Once on, ensure the foot feels secure and comfortable, with adequate room for the toes.

4. OPERATING INSTRUCTIONS

The PUMA Softride Wired 2 Sliptech Jr shoes are designed for everyday wear and various light to moderate activities. Their primary function is to provide comfortable and supportive footwear for children.

- **Walking and Running:** The Softride cushioning system is engineered to absorb impact and provide a responsive feel, making them suitable for walking, light running, and playground activities.
- **General Play:** The durable upper and toe protection are built to withstand the rigors of active play, offering protection and longevity.
- **Secure Fit:** The elastic straps ensure the shoe remains securely on the foot during movement, reducing the risk of slippage.

5. MAINTENANCE AND CARE

Proper care will extend the life and appearance of your PUMA Softride Wired 2 Sliptech Jr shoes.

- **Cleaning:**

- For light dirt, wipe the textile upper and synthetic sole with a damp cloth and mild soap.
- Avoid harsh chemicals or abrasive cleaners, as these can damage the materials.
- Do not machine wash or tumble dry, as this can deform the shoes and damage the cushioning.
- Allow shoes to air dry naturally at room temperature, away from direct heat or sunlight.

- **Storage:** Store shoes in a cool, dry place away from direct sunlight when not in use.
- **Odor Control:** If odors develop, remove insoles (if removable) and air out the shoes. Shoe deodorizers can also be used.

6. TROUBLESHOOTING

Here are some common issues and their potential solutions:

- **Shoes feel too tight/loose:** Ensure the correct size has been purchased. While the elastic straps provide a secure fit, they are not adjustable like laces.
- **Squeaking noise:** This can sometimes occur if the insole is not perfectly seated or if there is moisture inside the shoe. Remove the insole, clean the interior, and allow to dry thoroughly before reinserting.
- **Stains on textile upper:** Address stains promptly. Use a soft brush and a mixture of mild soap and water. Gently scrub the stained area and wipe clean with a damp cloth. Avoid saturating the material.
- **Reduced cushioning:** Over time and with extensive use, cushioning materials can compress. This is normal wear and tear.

7. SPECIFICATIONS

Attribute	Detail
Model Number	402831
Brand	PUMA
Upper Material	Textile
Lining Material	Textile
Sole Material	Synthetic
Closure Type	Slip-on
Width	Normal
Toe Type	Rounded
Heel Type	Flat
Pronation	Neutral
Recommended Age	8 to 16 years (PUMA Youth)
Shaft Height	Ankle

8. WARRANTY AND SUPPORT

Specific warranty details for the PUMA Softride Wired 2 SlipTech Jr shoes are not provided in this manual. For information regarding product warranty, please refer to the retailer's policy or contact PUMA directly through their official website.

Please note that a **30-day free return policy** may be available from the point of purchase. This allows for returns or exchanges within 30 days if the product does not meet expectations or has defects.

For further assistance, technical support, or inquiries not covered in this manual, please contact the retailer where the product was purchased or visit the official PUMA support channels.
