Hapadif MH100

Hapadif Motorized Blinds MH100 User Manual

Model: MH100 | Brand: Hapadif

1. Introduction

Thank you for choosing Hapadif Motorized Blinds. This manual provides essential information for the safe and efficient installation, operation, and maintenance of your new automatic roller shades. Please read these instructions thoroughly before use and retain them for future reference.

2. Safety Information

- Keep the remote control out of reach of children.
- Ensure the installation area is clear of obstructions.
- Do not attempt to manually force the blinds up or down when the motor is engaged.
- Only use the specified battery type for the remote control and motor.
- If any part is damaged, do not operate the blinds. Contact customer support.

3. Package Contents

Verify that all items are present in your package:

- Motorized Shade x1
- Remote Control x1
- Cover x1
- Installation Bracket x2
- Cover Bracket x2

- Expansion Screw x6
- Screw x6
- User Manual x1

4. Product Overview

The Hapadif Motorized Blinds offer a convenient and smart solution for window treatments. They feature a three-layer blackout textured fabric for UV and privacy protection, a quiet AX290 motor, and remote control operation. Smart home integration is possible with an optional smart bridge.

5. Setup and Installation

These blinds are designed for easy, no-drill installation, suitable for inside mounting. For outside mounting, drilling may be required. Ensure you measure your window accurately before installation.

5.1 No-Drill Installation Steps (Inside Mount)

1. Attach an adhesive extension block to the groove of the upper rail on the left side.
2. Push the no-drill device side into the left side of the window frame.
3. Attach an extension block to the groove of the upper rail on the right side.
4. Tighten the no-drill device until a click is heard and it stops.
5. Place small sponge blocks along the top rail to increase friction and stability.
6. Mount the decorative cover onto the shades.

5.3 Measuring for Inside vs. Outside Mount

Image: Guidelines for accurate window measurements for both inside and outside mounting options.

6. Operating Instructions

Your Hapadif Motorized Blinds can be operated using the included remote control. The AX290 motor is designed for low energy consumption and low noise operation (below 35dB).

6.1 Remote Control Functions

- **Up Button:** Raises the blinds.
- **Down Button:** Lowers the blinds.
- **Stop/Pause Button:** Stops the blinds at any desired position.

7. Smart Features (App & Voice Control)

For advanced control, including APP control and voice commands via Alexa or Google Assistant, the AX290 motor requires an optional smart bridge (hub). This allows for scheduling, multi-control, and location-based automation.

7.1 Connecting to a Smart Bridge

Your browser does not support the video tag.

Video: Instructions on how to connect your Hapadif blinds to a smart bridge for app and voice control.

7.2 App Control Features

- **Timer Control:** Set schedules for automatic opening and closing.
- **Multi-Control:** Manage multiple blinds simultaneously.
- **Location Control:** Automate blinds based on your location.

8. Maintenance

To maintain the appearance and functionality of your Hapadif Motorized Blinds, clean the fabric with a dry rag as needed. Avoid using harsh chemicals or abrasive materials that could damage the fabric or motor components.

9. Troubleshooting

If you encounter any issues with your Hapadif Motorized Blinds, please refer to the following general advice:

- **Blinds not responding:** Check the remote control battery and ensure the blinds are powered. If using a smart bridge, verify its connection and power.
- **Inconsistent movement:** Ensure the blinds are properly installed and not obstructed. Recalibrate the upper and

lower limits if necessary.

- **Smart control issues:** Confirm your smart bridge is connected to a 2.4GHz Wi-Fi network and the Tuya app is correctly linked to your Alexa/Google Assistant account.

For persistent problems, please contact Hapadif customer support for assistance.
