SETUP AND ASSEMBLY INSTRUCTIONS

Assembly is required. Follow these steps carefully for proper setup.

1. **Unpack Components:** Carefully remove all parts from the packaging. Lay them out on a clean, soft surface to prevent scratches.
2. **Attach Legs (if applicable):** If the legs are separate, attach them to the designated points on the bottom of the sofa frame using the provided hardware. Ensure they are tightened securely.
3. **Assemble Frame:** Connect any separate frame sections as per the diagrams in your specific instruction sheet. Ensure all bolts are finger-tightened initially.
4. **Install Pull-Out Mechanism:** Integrate the pull-out bed mechanism into the sofa frame. This typically involves sliding it into designated tracks or securing it with bolts. Refer to the detailed diagrams for precise placement.
5. **Secure All Connections:** Once all major components are in place, fully tighten all bolts and screws using the provided Allen wrench or your own tools. Do not overtighten.

OPERATING INSTRUCTIONS

Converting from Sofa to Bed

1. **Clear the Area:** Ensure there is enough space in front of the sofa for the bed to extend fully (Reclined Length: 69 Inches).
2. **Pull Out Mechanism:** Locate the handle or strap at the front base of the sofa. Gently pull the mechanism outwards. The bed frame will slide out from underneath the sofa.
3. **Extend Bed:** Continue pulling until the bed frame is fully extended and locked into place. The mattress section will unfold or rise to create a flat sleeping surface.
4. **Adjust Backrest (if applicable):** This model features 5 reclining positions. Adjust the backrest to your desired angle for comfort.

Converting from Bed to Sofa

1. **Fold Mattress/Frame:** If the mattress section is separate or folds, gently push it down or fold it back into its compact position.
2. **Push In Mechanism:** Grasp the front of the bed frame and gently push it back underneath the sofa. Ensure it slides smoothly along the tracks.
3. **Secure:** Push until the mechanism is fully retracted and securely stored under the sofa.

MAINTENANCE

Proper care will extend the life and appearance of your sofa bed.

- **Regular Cleaning:** Vacuum the velvet upholstery regularly using a soft brush attachment to remove dust and debris.
- **Spot Cleaning:** For spills, blot immediately with a clean, dry cloth. Do not rub. For stubborn stains, use a mild upholstery cleaner specifically designed for velvet, testing on an inconspicuous area first.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading of the upholstery.
- **Mechanism Care:** Periodically check the pull-out mechanism for smooth operation. If it becomes stiff, a small amount of silicone-based lubricant can be applied to the moving parts (avoiding upholstery).
- **Tighten Hardware:** Every few months, check and retighten all bolts and screws to ensure stability.
- **Cushion Care:** Rotate and fluff cushions regularly to maintain their shape and even out wear.
