## umoven Tracker Card

# umoven Tracker Card for Apple Find My (iOS Only) - Instruction Manual

Model: Tracker Card

## 1. PRODUCT OVERVIEW

The umoven Tracker Card is a slim, rechargeable item locator designed to help you keep track of your valuables using Apple's Find My network. This manual provides essential information for setting up, operating, and maintaining your device.

Umovent Tracker Card, Wireless Charger, and iPhone displaying the Find My app.

The package includes the Umovent Tracker Card and a wireless charging device. The card is ultra-thin, making it ideal for wallets, luggage tags, ID card holders, and backpacks.

## 2. SETUP

### 2.1 Initial Charging

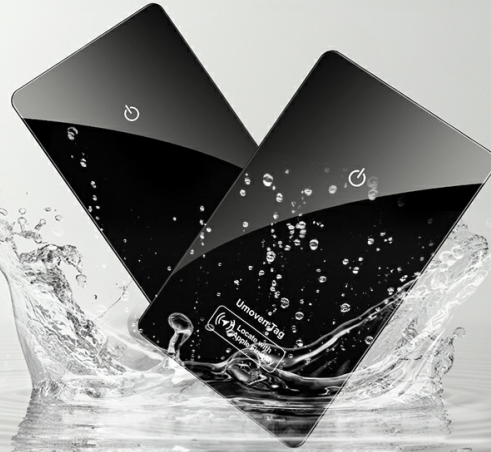

Before first use, fully charge your Umovent Tracker Card using the provided wireless charging device. Place the card on the charger with the icon facing downward. The LED indicator will turn red during charging and green when fully charged. A full charge provides up to 5 months of continuous use.

## The Perfect Companion for Outdoor Activities

No need to worry about splashes, rain, or even brief submersion.

# IP68

Note: Android devices are not supported.

## 2.2 Pairing with Apple Find My (iOS Only)

The Umoven Tracker Card is designed to work exclusively with Apple's Find My network on iOS devices. Ensure your iPhone, iPad, or iMac is updated to iOS 17 or later for optimal functionality.

1. **Press Button:** Press the button on the tracker card until it beeps, indicating it's ready for pairing.
2. **Open Find My App:** On your iOS device, open the 'Find My' app and ensure Bluetooth is enabled.
3. **Add Item:** In the 'Find My' app, navigate to the 'Items' tab, tap the '+' icon, and select 'Add Other Item'.
4. **Connect:** Bring the tracker card close to your iPhone. The app will search for and connect to the 'Umoven Tag'. Follow any on-screen prompts to name your item and assign an emoji.

## New function for ios 17

Others can locate this item, and tracking notifications will be muted.

Note: Please ensure your iPhone, iPad, iMac is updated to iOS 17

This image illustrates the simple four-step process to pair your Umoven Tracker Card with your iPhone. Step 1: Press the button on the tracker card until it beeps for pairing. Step 2: Open the 'Find My' app and ensure Bluetooth is enabled on your iPhone. Step 3: In the 'Find My' app, tap 'Items', then 'Add Item', and select 'Other Supported Item'. Step 4: Bring the tracker card close to your iPhone, and it will search for and connect to the 'Umoven Tag'.

## 3. OPERATING INSTRUCTIONS

### 3.1 Locating Your Item

Once paired, you can locate your item using the 'Find My' app. Within Bluetooth range, use the 'Play Sound' feature to emit an audible alert from the tracker card, helping you pinpoint its exact location.

# Works with Apple Find My Network

Within Bluetooth range, the wallet finder can be found by playing a sound

Umovento Tracker Card placed inside a wallet, with an iPhone showing the 'Play Sound' feature in the Find My app.

## 3.2 Left Behind Reminders

The tracker card can send notifications to your iPhone if you leave your item behind and move out of Bluetooth range. This feature helps prevent accidental loss.

**Apple Find My**

Note: Android devices are not supported

Umoven Tracker Card in a wallet on the ground, with an iPhone displaying a 'Left Behind' notification.

### 3.3 Sharing Your Item's Location

You can share the location of your tracker card with up to 5 family members or friends through the 'Find My' app, enhancing convenience for shared items.

# Easily share your items

With the "Find My" app, easily share your items with family members for seamless tracking and locating. You can share with up to 5 other family members besides yourself

An iPhone screen showing the 'Share This Item' option in the Find My app, with a child wearing a backpack containing the tracker card.

## 4. MAINTENANCE

### 4.1 Charging

Recharge the tracker card wirelessly as needed. The LED indicator will confirm charging status (red for charging, green for full). A single charge can last up to 5 months.

### 4.2 Water Resistance

The Umoven Tracker Card is IP68 rated, making it waterproof and dust resistant. It can withstand splashes and brief submersion, but prolonged exposure to water should be avoided.

## 5. TROUBLESHOOTING

### 5.1 Device Not Responding

- Ensure the device is fully charged.
- Verify that Bluetooth is enabled on your iOS device and the tracker card is within range.

- Check the 'Find My' app for any connectivity alerts.

## 5.2 Resetting the Tracker Card

If you experience persistent issues, you may need to reset the tracker card. This video demonstrates the reset process:

Your browser does not support the video tag.

This video provides instructions on how to reset the tracker card. To reset, press the button on the card five times until you hear three 'Di-Di-Di' sounds. Then, hold the button for six seconds until two 'Di-Di' sounds confirm a successful reset. This process can resolve connectivity issues or prepare the device for a new pairing.

## 6. SPECIFICATIONS

Feature	Detail
