Merryking Earbuds-003 Instruction Manual

AI Translation Earbuds

1. PRODUCT OVERVIEW

The Merryking Earbuds-003 are designed to facilitate communication across different languages, offering both real-time online and offline translation capabilities. These earbuds integrate advanced audio technology with intuitive controls for a comprehensive user experience.

AI  Translation Earbuds

When traveling abroad, the M91 can help you communicate easily.

2. SETUP AND INITIAL USE

2.1 Charging the Earbuds

Before first use, ensure the earbuds and charging case are fully charged. The charging case requires 1 AAA battery (included). Place the earbuds into the charging case. A blue indicator light on the case will typically

indicate charging status.

2.2 Downloading the Companion Application

The full functionality of the Earbuds-003, especially translation features, requires a dedicated mobile application. Scan the QR code provided in the physical user manual (not included here) to download the compatible app for iOS or Android devices.

2.3 Pairing with Your Device

1. Ensure Bluetooth is enabled on your smartphone or tablet.
2. Open the charging case; the earbuds will automatically enter pairing mode.
3. Select 'Earbuds-003' from the list of available Bluetooth devices on your phone.
4. Follow any on-screen prompts to complete the pairing process.

3. OPERATING THE EARBUDS

3.1 Translation Modes

The Earbuds-003 support various translation modes via the companion app:

- **Free Talk Mode:** Allows for continuous, natural conversation with real-time translation.

- **Touch Mode:** Tap the earbud to initiate translation for short phrases or sentences.
- **Speaker Mode:** Uses your phone's speaker to output translated speech, ideal for group conversations.
- **Audio Transcription:** Transcribes spoken language into text.
- **Photo Translation:** Translates text from images captured through the app.

The earbuds support real-time two-way translation for 144 languages online and offline translation for 8 key languages (Chinese, English, Japanese, Korean, Russian, German, French, and Spanish).

3.2 Audio Features

- **HD Sound Quality with Noise Cancellation:** Provides clear audio for music, calls, and translations by minimizing environmental noise.
- **360-degree Audio Sound:** Offers an immersive and personalized listening experience.
- **OWS Design:** The Open-Wearable Stereo design enhances security and allows for awareness of ambient sounds.

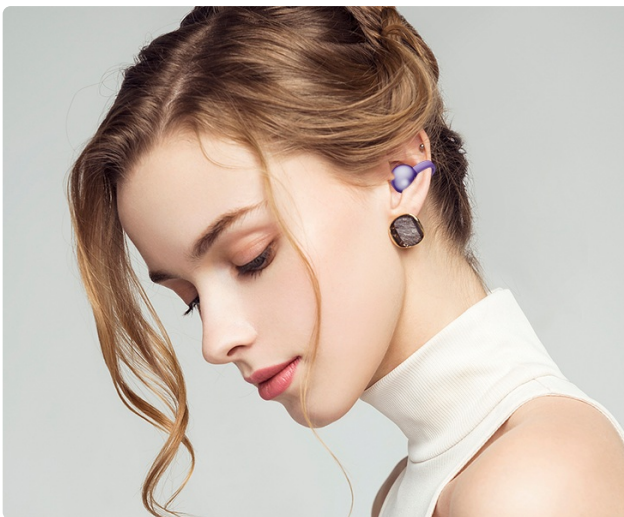

HD Sound Quality with Noise Cancellation

Whether listening to music, answering calls, or translating languages, you'll enjoy pure sound without interference from environmental noise.

3.3 Comfort and Fit

The earbuds feature a Free Clip C-bridge design made of high-performance Ni-Ti shape-memory alloy, ensuring a snug fit for most ears. The ergonomic design is based on extensive global human ear data for optimal comfort and secure placement.

Free Clip C-bridge Design

The C-bridge made of high-performance Ni-Ti shape-memory alloy snugly fits the majority of ears.

4. MAINTENANCE

4.1 Battery Life and Charging

The earbuds provide approximately 8 hours of listening time per charge. The charging case offers an additional 5 charges, extending total usage to up to 60 hours. A full charge for the earbuds and case takes approximately 1.5 hours.

4.2 Cleaning

Regularly clean the earbuds and charging case with a soft, dry cloth. Avoid using abrasive materials or harsh chemicals. Ensure charging contacts are free of debris to maintain optimal charging performance.

5. TROUBLESHOOTING

5.1 Connectivity Issues

- **Earbuds not pairing:** Ensure earbuds are charged and within range of your device. Turn Bluetooth off and on again on your device.
- **Intermittent connection:** Move closer to your device. Avoid obstacles that may interfere with the Bluetooth signal.

5.2 Translation Problems

- **Translation not working:** Verify the companion app is open and running in the foreground. Ensure you have an active internet connection for online translation.
- **Offline translation issues:** Confirm that the required language packs are downloaded within the app. Note that some offline features may require in-app purchases or points.
- **Inaccurate translation:** Speak clearly and at a moderate pace. Ensure the microphone on the earbuds is not obstructed.

5.3 Sound Quality

- **Low volume or distorted sound:** Check the volume levels on both your device and within the app. Ensure earbuds are clean and properly seated in your ears.
- **No sound:** Confirm earbuds are connected to your device and playing audio. Restart your device and the earbuds.
