4. SETUP

4.1. Charging the Smartwatch

Before first use, fully charge your Microwear W10. Place the smartwatch on the wireless charging base. The screen will indicate charging status. A full charge typically takes about 2-3 hours.

4.2. Downloading the Mactive pro App

To unlock the full potential of your smartwatch, download the 'Mactive pro' app on your smartphone. Scan the QR code provided in the retail box or search for 'Mactive pro' in your device's app store (Google Play Store for Android, Apple App Store for iOS).

4.3. Pairing with Your Smartphone

1. Ensure Bluetooth is enabled on your smartphone.
2. Open the 'Mactive pro' app and follow the on-screen instructions to create an account or log in.
3. In the app, navigate to the device pairing section (usually indicated by a '+' or 'Add Device' icon).
4. Select 'Microwear W10' from the list of available devices.
5. Confirm the pairing request on both your smartwatch and smartphone.

Once paired, the smartwatch will synchronize data with the app, and you can customize settings, receive notifications, and track your health data.

5. OPERATING THE SMARTWATCH

5.1. Basic Navigation

- **Touch Screen:** Swipe left/right, up/down to navigate through menus and screens. Tap to select an item.
- **Side Button:** Typically used to return to the home screen, power on/off, or access the app menu.

5.2. Bluetooth Calling

The Microwear W10 supports Bluetooth calls. Once paired with your phone, you can answer, reject, or

make calls directly from your wrist. Ensure your phone's Bluetooth is connected to the smartwatch for this feature to work.

5.3. Notifications

Receive synchronous notifications for calls, SMS, WeChat, QQ, and other app messages directly on your smartwatch. Configure notification settings within the 'Mactive pro' app.

6. KEY FEATURES

6.1. Health Monitoring

- **Heart Rate:** Supports 24-hour continuous heart rate monitoring.
- **Pedometer:** Tracks steps, calorie consumption, and mileage.
- **Sleep Monitoring:** Automatically records and analyzes your sleep patterns from 10 PM to 8 AM.
- **ECG & Blood Pressure:** (As per feature bullets) Monitor ECG and blood pressure.

6.2. NFC Access Control

The Microwear W10 supports multiple NFC functions, including home community access control card simulation. Lift your wrist to open doors, providing convenient access.

6.3. Compass

The redesigned Compass app provides accurate navigation. It offers new views and functionality for wrist-driven orienteering.

The compass reimagined

An accurate compass is as crucial for navigating the wild as a solid pair of boots. The redesigned Compass app delivers all-new views and functionality that take wrist-driven orienteering to new heights.

6.6. Additional Features

- **Custom Dials:** Free download of over 500 dials, including video custom dials.
- **Local Music Playback:** Connect Bluetooth headphones to play music stored locally on the watch.
- **AI Smart Dial Production:** Create personalized watch faces.
- **Independent Ringtone:** Set custom ringtones.
- **Password Lock:** Secure your device with a password.
- **Flashlight:** Built-in flashlight function.
- **Remote Photography:** Control your phone's camera from the watch.

7. MAINTENANCE

- **Cleaning:** Wipe the smartwatch and strap regularly with a soft, dry cloth. For stubborn dirt, use a slightly damp cloth and then dry thoroughly.
- **Water Resistance:** The device is IP68 rated. While it can withstand splashes and brief immersion,

avoid prolonged exposure to water, hot water, or steam. Do not press buttons underwater.

- **Charging:** Use only the provided wireless charging cable. Ensure the charging area is clean and dry before placing the watch on the charger.
- **Storage:** Store the smartwatch in a cool, dry place when not in use. Avoid extreme temperatures.

8. TROUBLESHOOTING

- **Watch not turning on:** Ensure the watch is fully charged. Connect it to the wireless charger and wait a few minutes before attempting to power on.
- **Cannot pair with phone:** Make sure Bluetooth is enabled on your phone and the watch. Restart both devices and try pairing again. Ensure the 'Mactive pro' app is updated to the latest version.
- **Inaccurate health data:** Ensure the watch is worn snugly on your wrist, not too tight or too loose. Keep the sensor clean.
- **Notifications not received:** Check notification permissions for the 'Mactive pro' app on your phone. Ensure the app is running in the background and not optimized for battery saving.
- **Short battery life:** Reduce screen brightness, disable unnecessary features like always-on display, and limit background app refresh.

9. WARRANTY AND SUPPORT

For warranty information and technical support, please refer to the documentation provided with your purchase or contact the retailer/manufacturer directly. Keep your proof of purchase for warranty claims. For further assistance, visit the official XINDADA website or contact their customer service.
