### STANLEY 10-11287-007

# Stanley IceFlow Fast Flow Water Bottle User Manual

Model: 10-11287-007 | Capacity: 24 Ounces | Color: Alpine

## INTRODUCTION

---

This manual provides essential information for the proper use, care, and maintenance of your Stanley IceFlow Fast Flow Water Bottle. Designed for active lifestyles, this insulated stainless steel bottle offers efficient hydration with its unique lid design and durable construction. Please read these instructions thoroughly before first use.

## PRODUCT FEATURES

---

- **AeroLight Technology:** Constructed with spun steel, making the bottle 33% lighter than standard stainless steel drinkware for enhanced portability.
- **Double-Wall Vacuum Insulation:** Keeps beverages cold for up to 24 hours and iced for up to 4 days.
- **Leakproof Fast Flow Lid:** Features an angled spout for quick and easy pouring and drinking, designed to prevent spills.
- **Easy-Carry Handle with Integrated Cap Holder:** Provides convenient transport and ensures the cap remains attached during use.
- **Durable Construction:** Made from recycled 18/8 stainless steel, ensuring longevity and resistance to wear.
- **BPA-Free:** All materials are free from Bisphenol A for safe hydration.
- **Dishwasher Safe:** Designed for easy cleaning and maintenance.

## SETUP

---

1. **Unpacking:** Remove all packaging materials and labels from the water bottle and its components.
2. **Initial Cleaning:** Before first use, wash the bottle and lid thoroughly with warm, soapy water or place them in a dishwasher. Rinse all components completely.
3. **Inspection:** Ensure all parts are present and undamaged. The bottle includes the main body, the Fast Flow Lid, and the integrated cap.

## OPERATING INSTRUCTIONS

---

### 1. Filling the Bottle:

- Unscrew the Fast Flow Lid from the bottle body.
- Fill the bottle with your desired cold beverage. For optimal cold retention, pre-chill the bottle with ice water before filling.
- Do not overfill. Leave a small space below the rim to prevent overflow when attaching the lid.

### 2. Securing the Lid:

- Align the Fast Flow Lid with the bottle opening and screw it on tightly to ensure a leakproof seal.

### 3. Drinking:

- To drink, unscrew the small cap on the angled spout.
- While drinking, snap the small cap into the integrated holder on the main handle to prevent it from being lost.
- After drinking, securely screw the small cap back onto the spout to maintain the leakproof seal.

## MAINTENANCE AND CARE

- **Cleaning:** The Stanley IceFlow Fast Flow Water Bottle and its lid are dishwasher safe. For thorough cleaning, disassemble the lid components if possible and wash separately.
- **Drying:** Allow all components to air dry completely before reassembling or storing to prevent odor and mildew.
- **Storage:** Store the bottle with the lid removed or slightly ajar to allow air circulation.
- **Avoid Harsh Cleaners:** Do not use bleach or cleaners containing chlorine, as these can damage the stainless steel and seals.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Bottle leaks	Lid not securely tightened; cap not fully closed; damaged seal.	Ensure lid and cap are screwed on tightly. Check silicone seals for proper placement and damage. Replace if necessary.
Beverage does not stay cold	Lid not sealed properly; bottle not pre-chilled; extreme external temperatures.	Verify lid is tightly sealed. Pre-chill bottle with ice water before filling. Avoid prolonged exposure to direct sunlight or heat.
Unpleasant odor inside bottle	Inadequate cleaning; residue from previous beverages.	Clean thoroughly with warm, soapy water or in a dishwasher. For persistent odors, use a mixture of baking soda and water, let it sit, then rinse well.

## SPECIFICATIONS

Feature	Detail
Brand	STANLEY
Model Name	IceFlow Fast Flow Water Bottle

Feature	Detail
Model Number	10-11287-007
Capacity	24 Fluid Ounces
Color	Alpine
Material	Recycled 18/8 Stainless Steel

## WARRANTY AND SUPPORT

---

Your Stanley IceFlow Fast Flow Water Bottle is backed by Stanley's Built For Life™ Lifetime Warranty. This warranty covers manufacturing defects and ensures the product's functionality and durability for its lifetime. For warranty claims, product support, or to learn more about Stanley products, please visit the official Stanley brand store or contact customer service.

For further assistance, please refer to the official Stanley website or contact their customer support directly.

### MINDFUL MATERIALS

Our designs increasingly use recycled materials. For example, our IceFlow™ Flip Straw Jug is insulated with ocean-bound recycled plastic.
