Vinsetto 921-674V81BK

Vinsetto Massage Office Chair with Heated Function User Manual

Model: 921-674V81BK

1. SAFETY INFORMATION

Please read all instructions carefully before assembly and use. Retain this manual for future reference.

- Always follow the assembly instructions carefully. Do not operate the chair until fully assembled.
- Be aware of the adjustable features and use them with caution to avoid injury.
- Do not exceed the maximum weight capacity of 265 lbs (120 kg).
- Keep the power cord for the massage and heat functions away from heat sources and sharp objects to prevent damage or injury.
- Ensure all connections are secure before using the massage and heat functions.

2. SETUP AND ASSEMBLY

Assembly of the Vinsetto Massage Office Chair is required. Please refer to the separate assembly guide included in your package for detailed, step-by-step instructions and diagrams. Ensure all parts are present before beginning assembly.

2.1 Unpacking

- Carefully remove all components from the packaging.
- Check the parts list against the included assembly guide to ensure no parts are missing or damaged.
- Keep packaging materials until assembly is complete in case of returns or missing parts.

2.2 General Assembly Overview

While detailed steps are in the dedicated assembly manual, the general process involves:

1. Attaching the casters to the chair base.
2. Inserting the gas lift cylinder into the base.
3. Securing the seat plate mechanism to the bottom of the seat cushion.

4. Connecting the backrest to the seat cushion.
5. Placing the assembled seat onto the gas lift cylinder.
6. Attaching the footrest mechanism.

3. OPERATING INSTRUCTIONS

3.1 Height Adjustment

To adjust the seat height, locate the lever on the right side, beneath the seat. While seated, pull the lever up to lower the seat. To raise the seat, stand up slightly and pull the lever up. Release the lever at the desired height to lock it in place.

RECLINING FUNCTION

-  90° Working
-  110° Watching
-  135° Relaxing

Image: Illustration of the chair's height adjustment lever and its function.

3.2 Reclining Function and Footrest

The chair features a reclining backrest up to 135 degrees and an extendable footrest for enhanced relaxation.

- **Recline:** Locate the lever on the left side, beneath the seat. Pull the lever up and lean back to recline the backrest. Release the lever at your desired angle to lock it.
- **Footrest:** Pull the footrest out from under the seat and flip it up for support. Push it back under the seat when not in use.

3.3 Massage and Heated Function

This chair includes a six-point vibration massage system with five modes and a lumbar heating function, controlled by a remote.

- **Power Connection:** Connect the chair's power cord to a suitable power outlet.
- **Remote Control:** Use the remote to select massage modes, intensity, and activate the lumbar heat. Refer to the remote's specific buttons for each function (e.g., 'Mode', 'Intensity', 'Heat', 'Timer').
- **Timing Settings:** The remote allows you to set a timer for the massage and heat functions.

HEIGHT ADJUSTABLE

Adjustable seat height

4. MAINTENANCE

Proper maintenance ensures the longevity and performance of your office chair.

- **Cleaning:** Wipe clean with a damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the polyester fabric.
- **Inspections:** Periodically check all screws and bolts to ensure they are tight. Re-tighten if necessary.
- **Casters:** Keep casters free of hair and debris to ensure smooth rolling.
- **Electrical Components:** Ensure the power cord and remote control for the massage function are not damaged. If damage

occurs, discontinue use and contact customer support.

5. TROUBLESHOOTING

If you encounter any issues with your Vinsetto Massage Office Chair, refer to the following common solutions:

Problem	Possible Cause	Solution
Chair does not adjust height	Gas lift cylinder malfunction or lever not engaged.	Ensure the height adjustment lever is fully pulled up. If the issue persists, the gas lift may need replacement.
Chair feels unstable or wobbly	Loose bolts or improper assembly.	Check and tighten all assembly bolts. Ensure the chair is assembled correctly according to the manual.
Massage/Heat function not working	Power connection issue or remote control problem.	Verify the power cord is securely plugged into both the chair and the wall outlet. Check the remote control for battery issues if applicable, or ensure it is properly connected.
Casters not rolling smoothly	Debris caught in casters.	Turn the chair over and remove any hair, dust, or debris from the caster wheels.
Reclining mechanism stuck	Lever not fully engaged or mechanism obstructed.	Ensure the reclining lever is fully pulled. Check for any obstructions around the reclining mechanism.
