1. INTRODUCTION

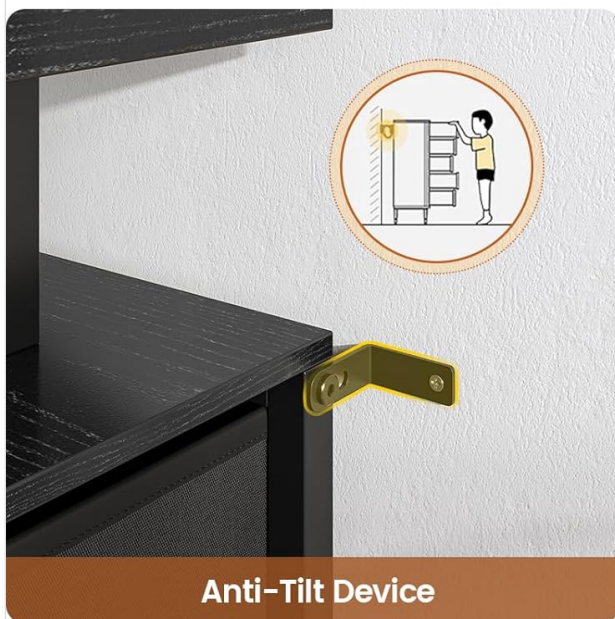

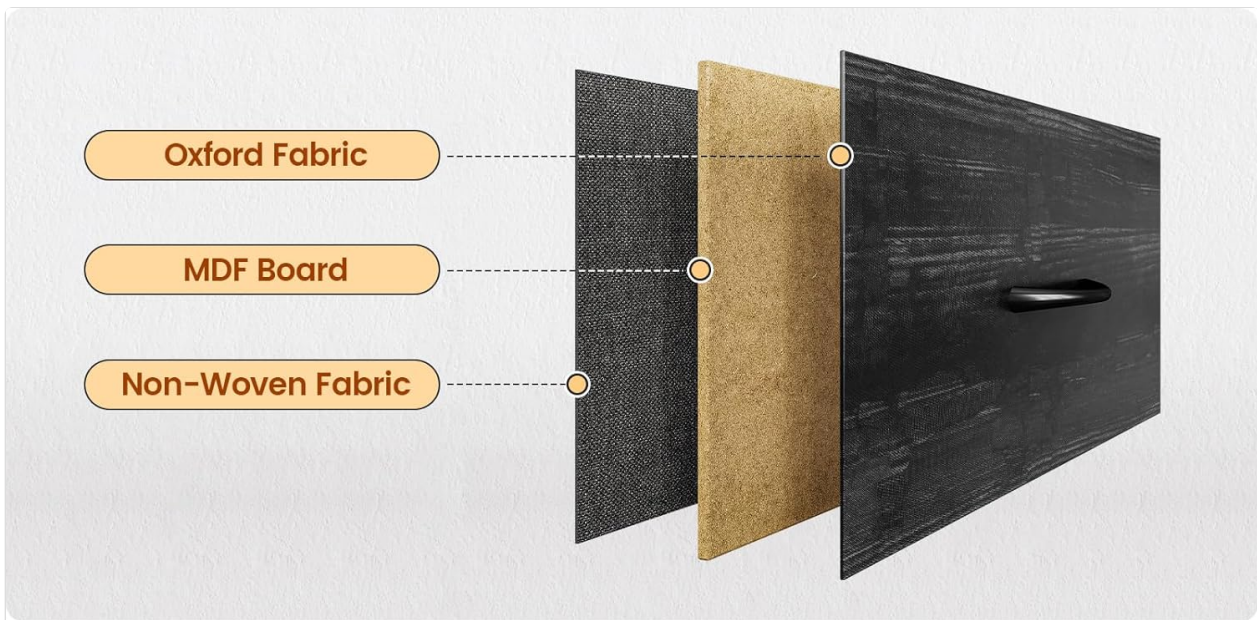

Thank you for choosing the BTHFST 63-inch TV Stand Dresser with LED Lights and Power Outlets. This manual provides essential information for the safe assembly, operation, and maintenance of your new furniture. Please read it thoroughly before beginning assembly and retain it for future reference.

This versatile unit is designed to accommodate TVs up to 70 inches, offering ample storage with 12 fabric drawers and open shelving. It also features integrated LED lighting and a convenient power outlet station.

2. SAFETY INFORMATION

Important Safety Instructions:

- Always ensure the anti-tipping kit is securely attached during assembly. This prevents accidental tipping, especially in households with children or pets.
- Use the adjustable feet to level the cabinet and prevent it from tipping over, particularly on uneven surfaces. Regularly check and adjust the feet as needed to maintain stability and prevent floor damage.
- Do not overload the shelves or drawers. Distribute weight evenly to maintain stability.
- Keep all small parts and packaging materials away from children during assembly.
- Ensure all electrical connections for the LED lights and power outlets are made according to local electrical codes and safety guidelines. Do not exceed the rated capacity of the power outlets.

Anti-Tilt Device

Adjustable Feet

Image: Detail of the anti-tilt device and adjustable feet. The anti-tilt device is a metal bracket that secures the unit to the wall, preventing it from falling forward. The adjustable feet allow for leveling the unit on uneven floors.

3. PACKAGE CONTENTS

Before assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Wooden Top Panels and Shelves (FSC-certified wood)
- Metal Frame Components
- Fabric Drawers (12 units)
- LED Light Strips and Controller
- Power Outlet Unit (2 AC outlets, 2 USB ports)
- Anti-Tipping Kit
- Adjustable Feet
- Assembly Hardware (screws, bolts, connectors)
- Assembly Tools (basic tools may be included, but a screwdriver is recommended)

- Detailed Instruction Manual

4. ASSEMBLY INSTRUCTIONS

Assembly of this TV stand dresser is designed to be straightforward. Please follow the detailed instructions provided in the separate assembly guide included in your package. Ensure you have sufficient space and a clean, flat surface for assembly.

1. **Unpack and Identify Parts:** Lay out all numbered components and hardware. Refer to the parts list in the assembly guide to ensure everything is present.
2. **Assemble the Metal Frame:** Connect the metal frame components using the provided hardware. Ensure all connections are secure.
3. **Attach Wooden Panels:** Secure the wooden top panels and shelves to the metal frame.
4. **Install Fabric Drawers:** Insert the 12 fabric drawers into their designated slots.
5. **Install LED Lights:** Attach the LED light strips to the designated areas, typically under the open shelves. Connect the controller.
6. **Install Power Outlets:** Secure the power outlet unit into its designated slot on the top surface.
7. **Attach Anti-Tipping Kit:** Securely attach the anti-tipping kit to the back of the unit and to a wall stud, following the specific instructions.
8. **Adjust Feet:** Adjust the leveling feet at the bottom of the unit to ensure it is stable and level on your floor.

Note: Do not overtighten screws to avoid damaging the wood components.

5. OPERATING INSTRUCTIONS

5.1 LED Lights

The integrated RGB LED lights offer customizable illumination for your entertainment area. They can be controlled via a dedicated app or a physical button.

- **Power On/Off:** Use the button on the controller or the app to turn the lights on or off.
- **Color Selection:** Choose from over 60,000 colors using the app. The button controller may cycle through preset colors.
- **Dynamic Modes:** Select various dynamic lighting modes for different effects.
- **Music/Mic Mode:** The lights can synchronize with music or ambient sounds detected by a microphone, creating a dynamic visual experience.
- **Timing Function:** Set schedules for the lights to turn on or off automatically using the app.

5.2 Power Outlets

The built-in charging station provides convenient access to power for your devices.

- **AC Outlets:** Two 125V/12A AC outlets are available for standard electronics.
- **USB Ports:** Two USB ports (1 USB-A 5V/2A and 1 USB-C 5V/3A) are provided for charging mobile devices.
- **Usage:** Plug in your TV, gaming consoles, media players, and mobile devices directly into the integrated power strip.

5.3 Storage Drawers and Shelves

The unit features 12 fabric drawers and 2 tiers of open storage shelves.

- **Drawers:** Utilize the spacious fabric drawers for organizing clothing, toys, games, or other personal items.
- **Open Shelves:** The open shelves are ideal for media devices, DVDs, gaming consoles, and decorative items.

6. MAINTENANCE

To ensure the longevity and appearance of your BTHFST TV Stand Dresser, follow these maintenance guidelines:

- **Cleaning:** Wipe wooden surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the finish. For fabric drawers, spot clean with a mild detergent and allow to air dry.
- **Dusting:** Regularly dust all surfaces with a dry, soft cloth.
- **Hardware Check:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.
- **LED Lights:** The LED lights are designed for long-term use. If issues arise, refer to the troubleshooting section. Do not attempt to replace individual LEDs.
- **Power Outlets:** Ensure the power outlets are kept clean and free of debris. Do not insert foreign objects into the outlets.

7. TROUBLESHOOTING

If you encounter any issues with your TV stand dresser, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Unit is wobbly or unstable	Uneven floor; loose connections; anti-tipping kit not installed.	Adjust the leveling feet. Check and tighten all assembly screws. Ensure the anti-tipping kit is properly installed and secured to the wall.
LED lights are not working	Power connection issue; faulty controller; damaged LED strip.	Check if the power adapter is securely plugged into a working outlet. Ensure the LED strip is properly connected to the controller. Try restarting the lights via the app or button. If the issue persists, contact customer support.
Power outlets are not functioning	No power to the unit; overloaded circuit; internal wiring issue.	Ensure the main power cord for the unit is plugged into a live wall outlet. Check if the circuit breaker has tripped. Do not exceed the maximum wattage for the outlets. If the problem continues, discontinue use and contact customer support.
Drawers do not slide smoothly	Improper assembly; obstruction; damaged drawer.	Verify that the drawer frames are assembled correctly and are not warped. Check for any objects obstructing the drawer's path. Ensure the fabric drawers are fully expanded and correctly inserted.
