LEKATO LGS7

LEKATO LGS7 Leather Bass/Guitar Strap Instruction Manual

Model: LGS7 | Brand: LEKATO

INTRODUCTION

This manual provides comprehensive instructions for the proper setup, operation, and maintenance of your LEKATO LGS7 Leather Bass/Guitar Strap. Designed for comfort and durability, this strap is suitable for a variety of instruments including electric guitars, bass guitars, and acoustic guitars. Please read these instructions carefully to ensure optimal performance and longevity of your product.

SETUP AND ADJUSTMENT

The LEKATO LGS7 strap features an adjustable design to accommodate various player heights and preferences. Follow these steps to set up and adjust your strap:

- Unpack the Strap:** Carefully remove the strap from its packaging. Note that the strap comes in two main pieces: the padded shoulder section and the adjustable tail section.
- Adjust Length:** The strap's length is adjusted by threading the tail section through the loops on the padded shoulder section and securing it with the buckle holes. Choose the appropriate hole for your desired length. The Extra-Long version (LGS7) is adjustable from 49 inches (125 cm) to 59 inches (152 cm).

Adjustable Strap

OPERATING INSTRUCTIONS

Once properly installed, the LEKATO LGS7 strap is ready for use. Its design focuses on comfort and stability during play.

- **Comfort:** The strap features 10mm of high-density sport foam padding, designed to distribute the weight of your instrument evenly across your shoulder, reducing fatigue during extended playing sessions.

Comfortable to Wear

The inside part is made of high density P80 foam, relieve your shoulder pain effectively for long time use.

- **Stability:** The robust leather construction and secure attachment points ensure your instrument remains stable while playing.

MAINTENANCE

Proper care will extend the life and maintain the appearance of your LEKATO LGS7 Leather Bass/Guitar Strap.

- **Cleaning:** For general cleaning, wipe the leather surface with a soft, damp cloth. For deeper cleaning or conditioning, use a leather cleaner and conditioner specifically designed for genuine leather products. Avoid harsh chemicals or abrasive materials.
- **Storage:** Store the strap in a cool, dry place away from direct sunlight and extreme temperatures to prevent drying or cracking of the leather. When not in use, you may roll it neatly to maintain its shape.

- **Inspection:** Periodically inspect the strap for any signs of wear, especially around the strap button holes and stitching. Address any issues promptly to prevent damage to your instrument.

TROUBLESHOOTING

If you encounter any issues with your LEKATO LGS7 strap, consider the following common solutions:

- **Strap feels too stiff:** New leather straps can sometimes feel stiff. Regular use will naturally soften the leather. You may also apply a leather conditioner to help expedite this process.
- **Strap is uncomfortable:** Ensure the strap is adjusted to the correct length for your playing style and body. The padded section should rest comfortably on your shoulder. If discomfort persists, verify that the strap is not twisted or improperly positioned.
- **Strap detaches from instrument:** Always ensure the strap ends are securely fastened to the instrument's strap buttons. For added security, consider using strap locks (sold separately) to prevent accidental detachment.
