CARE AND MAINTENANCE

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the wood finish.
- **Hardware:** Periodically check all bolts, screws, and fasteners to ensure they remain tight. Re-tighten as necessary to maintain stability.
- **Placement:** Avoid placing the bed in direct sunlight or near heat sources, which can cause wood to dry out, crack, or fade.
- **Spills:** Clean up spills immediately to prevent staining or damage to the wood.

TROUBLESHOOTING

If you encounter any issues with your LUMISOL Twin Bed, please refer to the following common solutions:

- **Instability/Wobbling:** Ensure all assembly hardware is securely tightened. Check that the bed is placed on a level surface.
