**HONEYBULL mkafv-545**

# HONEYBULL Folding Walking Stick User Manual

Model: mkafv-545

## 1. PRODUCT OVERVIEW

---

The HONEYBULL Folding Walking Stick is designed to provide reliable support and enhanced mobility for individuals requiring assistance with walking. Its foldable, adjustable, and free-standing design offers convenience and stability for daily activities and various terrains.

Figure 1: The HONEYBULL Folding Walking Stick, illustrating its full extension and compact folded state, highlighting the stable three-tipped pivot base.

## 2. KEY FEATURES

- **Ergonomic Handle:** Designed for comfortable grip during extended use, reducing hand fatigue.
- **Pivot Tip Base:** Features an extra-wide, 3-tipped base that pivots to maintain maximum ground contact on various surfaces, ensuring stability. This allows the cane to stand freely on its own.
- **Adjustable Height:** Easily adjusts from 78cm to 96cm (31 to 38 inches) to accommodate users between 152cm to 196cm (5' to 6'5") tall.
- **Foldable & Compact Design:** Lightweight aluminum construction allows for easy folding, making it convenient for storage and travel.
- **Durable Construction:** Made from heavy-duty aluminum for long-term reliability and support.

# PIVOT BASE

STAYS FLAT & STEADY  
ON ANY SURFACE

Figure 3: The pivot base of the walking stick is designed to maintain stability and grip across diverse terrains, including uneven surfaces, wet conditions, and inclines.

### 3. SETUP AND ASSEMBLY

The HONEYBULL Folding Walking Stick comes pre-assembled and requires minimal setup. Follow these steps to prepare your walking stick for use:

- 1. Unfolding:** Hold the handle and allow the sections of the cane to fall into place. The elastic cord inside will guide the sections together.
- 2. Locking Sections:** Ensure all sections are fully extended and the metal button snaps into place, securing the cane firmly.
- 3. Adjusting Height:** Locate the push-button on the upper shaft of the cane. Press the button and slide the lower section of the cane up or down to your desired height. Release the button to lock the height in place. Ensure the button is fully engaged in one of the adjustment holes for secure use.

**FOLDABLE**

**TAKE IT TO GO**

Figure 4: Step-by-step guide to unfolding the walking stick from its compact, travel-friendly size to its full, ready-to-use length.

# ADJUSTABLE HEIGHT

THE LARGEST WEIGHT & HEIGHT RANGE AVAILABLE

For Heights:  
**5' - 6'5"**  
(150-196 cm)

Supports up to  
**250 pounds**  
(113 kg)

Extends  
**31-38 inches**

Figure 5: Demonstration of the adjustable height feature, allowing users to customize the cane's length for optimal comfort and support.

## 4. OPERATING INSTRUCTIONS

Using your HONEYBULL Walking Stick correctly ensures maximum stability and safety:

- **Proper Height:** When standing upright, the top of the cane handle should reach your wrist crease. Your elbow should have a slight bend (approximately 15-20 degrees) when holding the handle.
- **Walking with the Cane:**
  - a. Hold the cane in the hand opposite to your weaker leg.
  - b. Move the cane forward simultaneously with your weaker leg.
  - c. Step through with your stronger leg.
- **Free-Standing Feature:** The unique pivot base allows the cane to stand upright on its own when not in use, preventing it from falling over and keeping it within easy reach.

## 5. MAINTENANCE

---

To ensure the longevity and optimal performance of your HONEYBULL Walking Stick, follow these maintenance guidelines:

- **Cleaning:** Wipe the cane with a damp cloth and mild soap as needed. Avoid abrasive cleaners or solvents.
- **Inspection:** Regularly check all sections, joints, and the pivot base for any signs of wear, damage, or looseness. Ensure the height adjustment button engages securely.
- **Storage:** Store the cane in a dry place away from extreme temperatures. When folded, it can be easily stored in a bag or small space.
- **Tip Replacement:** The rubber tips on the pivot base may wear down over time. Replace them if they show significant wear to maintain optimal grip and stability.

## 6. TROUBLESHOOTING

---

Problem	Possible Cause	Solution
Cane feels unstable or wobbly.	Sections not fully locked; height adjustment not engaged; worn rubber tips.	Ensure all sections are snapped into place. Re-adjust height to ensure the button is fully engaged. Inspect and replace worn rubber tips.
Difficulty folding/unfolding the cane.	Sections are stiff or misaligned.	Gently wiggle sections to align. Ensure no debris is caught in the joints. Apply a small amount of silicone lubricant if necessary (avoid oil-based lubricants).
Cane does not stand freely.	Uneven surface; pivot base is damaged or worn.	Ensure the cane is placed on a flat, level surface. Check the pivot base for damage or excessive wear on the rubber feet. Replace if necessary.

## 7. SPECIFICATIONS

---

- **Model Number:** mkafv-545
- **Material:** Aluminium
- **Color:** Black (other colors available)
- **Adjustable Height Range:** 78 cm – 96 cm (31 – 38 inches)
- **Recommended User Height:** 152 cm – 196 cm (5' – 6'5")
- **Weight Capacity:** Supports up to 113 kg (250 pounds)
- **Product Dimensions:** 2.54 x 2.54 x 93.98 cm (extended)
- **Packed Size:** 31.75 cm (folded)
- **Item Weight:** 440 g
- **Included Components:** 1 x Walking Stick
