DICTAC BFX

DICTAC Full Floating Bed Frame with LED Lights and Storage Headboard User Manual

Model: BFX

1. INTRODUCTION

Thank you for choosing the DICTAC Full Floating Bed Frame. This bed frame is designed to provide a modern aesthetic with practical features, including a storage headboard, integrated LED lighting, and a built-in charging station. This manual provides essential information for safe assembly, operation, maintenance, and troubleshooting to ensure optimal use of your new bed frame.

2. IMPORTANT SAFETY INFORMATION

Please read and understand all instructions before assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- Do not exceed the weight capacity of 1300 pounds.
- Be cautious of sharp edges during assembly and use.
- Always follow the assembly instructions carefully to ensure stability and prevent collapse.
- Ensure all connections are secure before use.
- Keep children away from the assembly area.

3. ASSEMBLY INSTRUCTIONS

The DICTAC Full Floating Bed Frame is designed for easy assembly. All necessary tools and numbered parts are included. Please follow the detailed instructions provided in the separate installation manual. Assembly typically takes approximately 30 minutes.

3.1 Key Assembly Features

- The bed frame features 9 sturdy metal support legs and 6 thickened main steel supports for enhanced stability and sturdiness.
- Anti-noise sponge strips are integrated to provide a quiet sleeping environment.
- The floating design hides support legs, creating a suspended effect while preventing foot collision.

4. OPERATING INSTRUCTIONS

4.1 Storage Headboard and Charging Station

The bookcase headboard offers two tiers of storage, including an open display layer and a second layer with three open compartments and one hidden compartment. This space is ideal for organizing essentials such as alarm clocks, books, glasses, and small electronic devices.

The headboard also features a built-in power strip with 2 AC outlets and 2 USB ports (5V/2.1A), allowing convenient charging of phones, tablets, and other mobile devices directly from your bed. The power cord is 5.9 feet long.

4.2 RGB LED Lighting System

The bed frame is equipped with RGB LED lights on both the headboard and underneath the bed. These lights can be controlled via a mobile application, remote control, or a physical button.

- Explore over 60,000 colors to customize your bedroom ambiance.
- Adjust brightness, color, and mode settings.
- Utilize timer settings for automated lighting control.
- Sync LED lights with music for dynamic effects.
- The multi-color RGB LED light strips under the bed are fixed with strong Velcro to prevent detachment.

4.3 Underbed Space

The design provides ample under-bed storage space, suitable for luggage, shoe cases, and storage boxes. The clearance also allows for easy passage of robot vacuums, simplifying floor cleaning.

5. MAINTENANCE

Regular maintenance helps prolong the life and appearance of your bed frame.

- **Cleaning:** Wipe down the frame with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the finish.
- **Hardware Check:** Periodically check all bolts and screws to ensure they remain tight. Re-tighten if necessary to maintain stability.
- **LED Lights:** If LED lights become dirty, gently wipe them with a dry, soft cloth. Avoid direct contact with liquids.

- **Charging Station:** Keep the charging ports free of dust and debris. Do not expose to moisture.

6. TROUBLESHOOTING

If you encounter any issues with your bed frame, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Bed frame is wobbly or noisy.	Loose bolts or screws.	Check and tighten all assembly hardware. Ensure all support legs are evenly touching the floor.
LED lights are not working.	Power connection issue, remote battery dead, or app not connected.	Ensure the LED power adapter is securely plugged in. Check remote battery. Reconnect the mobile app to the LED controller.
Charging station not providing power.	Power strip not plugged in, or device cable issue.	Verify the charging station's main power cord is plugged into a working wall outlet. Test with a different device cable.
LED light strips detaching from underbed.	Velcro adhesive weakening.	Re-secure the light strips using additional strong adhesive Velcro or suitable fasteners if needed.

If the problem persists after attempting these solutions, please contact customer support.
