Briloner 3807015

BRILONER Rechargeable Touch Dimmable LED Wall Lamp

Model: 3807015 - Instruction Manual

INTRODUCTION

This manual provides detailed instructions for the BRILONER Rechargeable Touch Dimmable LED Wall Lamp, Model 3807015. This versatile lamp offers cordless operation, adjustable brightness, and a modern design, suitable for various indoor and outdoor settings. Please read these instructions carefully before installation and use to ensure safe and optimal performance.

SAFETY INSTRUCTIONS

- Ensure the lamp is fully charged before first use.
- Do not expose the lamp to extreme temperatures or direct sunlight for prolonged periods.
- Keep out of reach of children.
- Do not attempt to open or repair the lamp yourself, except for battery and LED module replacement as described in this manual.
- Use only the provided USB-C cable or a certified equivalent for charging.
- Avoid contact with water or other liquids, especially during charging, unless specifically designed for wet environments (this lamp is rated for indoor/outdoor use, but avoid submersion).

PACKAGE CONTENTS

Please check that all items are present:

- 1 x BRILONER Rechargeable LED Wall Lamp
- 1 x USB-C Charging Cable (0.5m)
- Mounting Accessories (screws, wall plugs)

SETUP AND INSTALLATION

The BRILONER wall lamp is designed for easy installation. No complex assembly is required for the lamp unit itself.

1. **Charge the Lamp:** Before mounting, fully charge the lamp using the provided USB-C cable. Connect the cable to the lamp's USB-C port and to a standard USB power adapter (not included). The charging indicator will show the status.
2. **Select Mounting Location:** Choose a suitable indoor or outdoor wall location. Ensure the surface is clean and capable of supporting the lamp's weight.
3. **Mark Drilling Points:** Use the lamp's mounting plate as a template to mark the drilling points on the wall.
4. **Drill Holes:** Drill holes at the marked points and insert the wall plugs (if necessary for your wall type).
5. **Mount the Lamp:** Secure the lamp to the wall using the provided screws.

OPERATING INSTRUCTIONS

The BRILONER wall lamp features intuitive touch control and a mechanical switch for battery protection.

- **Power On/Off:** Locate the mechanical ON/OFF switch, typically on the side or back of the lamp. This switch protects against deep discharge of the battery. Ensure it is in the 'ON' position for operation.
- **Touch Dimming:** The lamp is equipped with a 3-step touch dimmer. Gently touch the designated area on the lamp's surface to cycle through brightness levels: 100% → 50% → 15% → OFF.
- **Charging:** When the battery is low, connect the supplied USB-C cable to the lamp's charging port and a USB power source. The lamp can be used while charging.

MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your BRILONER wall lamp.

- **Cleaning:** Wipe the lamp's surface with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- **Battery Replacement:** The integrated rechargeable battery is designed to be replaceable. If battery life significantly decreases, consult the manufacturer's guidelines or a qualified technician for replacement.
- **LED Module Replacement:** The LED print plate is also replaceable, contributing to the lamp's extended lifespan. For replacement, contact customer support or a qualified electrician.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Lamp does not turn on	Battery is depleted; Mechanical switch is OFF	Charge the lamp; Ensure mechanical switch is in 'ON' position
Dimming function not working	Incorrect touch area; Sensor obstruction	Ensure you are touching the correct sensor area; Clean the lamp surface
Short battery life	Battery not fully charged; Battery degradation	Ensure full charge cycle; Consider battery replacement if degradation is significant

TECHNICAL SPECIFICATIONS

Feature	Specification
Model Number	3807015
Product Dimensions (L x W x H)	17 x 9 x 4.5 cm
Weight	309 g
Light Source	3W LED print plate
Luminous Flux	300 lumens
Color Temperature	2700K (Warm White)
Dimming	3-step touch dimmer (100%, 50%, 15%)
Power Source	Integrated Rechargeable Battery
Charging Port	USB-C
Material	Metal, Polycarbonate (PC)
Color	Black
Usage Environment	Indoor, Outdoor (Residential)
