XUNFOX K80

XUNFOX K80 87-Key TKL RGB Mechanical Gaming Keyboard User Manual

Model: K80 | Brand: XUNFOX

INTRODUCTION

Thank you for choosing the XUNFOX K80 Mechanical Gaming Keyboard. This keyboard is designed for an optimal gaming and typing experience, featuring durable blue mechanical switches, vibrant rainbow LED backlighting, and a compact 87-key Tenkeyless (TKL) layout. It supports both Arabic and English layouts for versatile use. Please read this manual carefully to ensure proper setup and operation.

KEY FEATURES

- **Blue Mechanical Switches:** Provides a tactile and audible click feedback with 50g actuation force, ideal for gaming and typing.
- **Rainbow LED Backlight:** Customizable lighting effects to enhance your setup.
- **87-Key TKL Layout:** Compact design saves desk space without sacrificing essential keys.
- **Bilingual Keycaps:** Features both Arabic and English legends on durable double-shot injection keycaps.
- **Anti-Ghosting:** 26-key rollover with pass-through key ensures every keystroke is registered accurately.
- **Spill-Resistant Design:** Reinforced ABS plastic structure offers protection against accidental spills.
- **Multimedia Functions:** Access media controls easily via the FN key combinations.

SETUP INSTRUCTIONS

1. **Unpack the Keyboard:** Carefully remove the XUNFOX K80 keyboard from its packaging.
2. **Connect to Computer:** Plug the USB-A cable from the keyboard into an available USB port on your computer.
3. **Driver Installation:** The keyboard is plug-and-play. Your operating system should automatically detect and install the necessary drivers. No additional software is required for basic functionality.
4. **Placement:** Position the keyboard comfortably on your desk. The anti-slip feet will help keep it stable during use.

The keyboard is now ready for use. You can proceed to customize the backlight and utilize multimedia functions.

OPERATING INSTRUCTIONS

General Usage

The XUNFOX K80 keyboard functions as a standard 87-key keyboard. Simply type as you normally would. The blue mechanical switches provide a distinct tactile and audible feedback with each key press.

Spill-Resistant Performance

The keyboard is designed with a spill-resistant structure. In case of accidental liquid spills, quickly disconnect the keyboard from your computer and allow it to dry completely before reconnecting. This feature helps protect the internal components from damage.

Backlight Customization

The XUNFOX K80 features multiple rainbow LED backlight effects. You can adjust the brightness and speed of these effects.

- **Brightness Adjustment:** Press **FN + Up Arrow** or **FN + Down Arrow** to adjust the backlight brightness (6 levels).
- **Speed Adjustment:** Press **FN + Left Arrow** or **FN + Right Arrow** to adjust the backlight effect speed (5 levels).
- **Changing Backlight Modes:** The keyboard offers various backlight modes. Use **FN + INS**, **FN + HOME**, **FN + PGUP**, **FN + DELETE**, **FN + PGDN** to cycle through different preset lighting effects.

Multi Different Backlight Effects

FN + **↑** / **↓** = "Key, level 6 brightness adjustment"

FN + **←** / **→** = "key, 5 level fast slow adjust"

FN	Model 1	Model 2	Model 3	Model 4

MAINTENANCE

To ensure the longevity and optimal performance of your XUNFOX K80 keyboard, follow these maintenance guidelines:

- **Cleaning:** Regularly clean the keyboard with a soft, dry cloth. For deeper cleaning, you can use compressed air to remove dust and debris from between the keycaps.
- **Keycap Removal:** The keycaps are detachable. If necessary, use a keycap puller (not included) to carefully remove keycaps for thorough cleaning. Reinstall them by pressing firmly until they click into place.
- **Avoid Liquids:** While the keyboard is spill-resistant, it is not waterproof. Avoid exposing it to excessive liquids. If a spill occurs, disconnect immediately and allow to dry completely.
- **Storage:** When not in use for extended periods, store the keyboard in a clean, dry environment away from direct sunlight and extreme temperatures.

TROUBLESHOOTING

If you encounter any issues with your XUNFOX K80 keyboard, please refer to the following common solutions:

- **Keyboard Not Responding:**

- Ensure the USB cable is securely plugged into both the keyboard and the computer.
- Try plugging the keyboard into a different USB port on your computer.
- Restart your computer.
- Test the keyboard on another computer to determine if the issue is with the keyboard or your system.

- **Backlight Not Working or Incorrect:**

- Check if the backlight brightness is set to the lowest level (FN + Down Arrow). Increase it using FN + Up Arrow.
- Cycle through different backlight modes using FN + INS/HOME/PGUP/DELETE/PGDN.

- **Keys Not Registering or Double-Typing:**
 - Clean the affected key(s) to ensure no debris is obstructing the switch mechanism.
 - If the issue persists, it may indicate a hardware fault.
- **Windows Key Locked:**
 - Press **FN + WIN** to toggle the Windows key lock function.

If these steps do not resolve your issue, please contact customer support for further assistance.
