

## **SENTRY OSH-OVHDBKZ**

# **SENTRY OSH Over Ear Bluetooth Wireless Headphones User Manual**

Model: OSH-OVHDBKZ | Brand: SENTRY

The SENTRY OSH Over Ear Bluetooth Wireless Headphones, shown in white, featuring their comfortable design and included protective carrying case.

## **INTRODUCTION**

The SENTRY OSH Over Ear Bluetooth Wireless Headphones are designed to provide a premium audio experience with advanced active noise cancellation. These headphones offer wireless freedom, intuitive controls, and a comfortable, portable design, making them ideal for various listening environments. With up to 22 hours of playtime and easy Bluetooth pairing, they are built for extended use and convenience.

## WHAT'S IN THE BOX

- SENTRY OSH Over Ear Bluetooth Wireless Headphones
- USB-C Charging Wire
- Protective Carrying Case
- User Manual

## HARD SHELL CARRY CASE

**Durable Shell**

**Zippered**

**Travel Friendly**

The SENTRY OSH headphones come with a durable protective carrying case, designed for easy storage and travel. The image shows the headphones neatly folded inside the zippered case, highlighting its compact and travel-friendly design.

## SETUP GUIDE

### 1. Charging Your Headphones

Before first use, fully charge your SENTRY OSH headphones. Connect the included USB-C charging wire to the headphone's charging port and the other end to a compatible USB power source. A full charge takes approximately 3

hours. The indicator light will show charging status and turn off when fully charged.

**Extended All Day Battery**

**Works With Multiple Devices**

**Quick Charge Cable Included**

**SENTRY INDUSTRIES**

## **All Day Battery**

Enjoy your music all day with an impressive long lasting battery life. Quickly recharge your headphones with included USB cable.

**REAL-ANC**

*Over 60 Years of Excellence in Electronics*

This graphic illustrates the extended battery life of the SENTRY OSH headphones, providing up to 22 hours of playtime, and confirms the inclusion of a quick charge USB-C cable for convenient recharging.

## **2. Powering On/Off**

To power on the headphones, press and hold the multi-function button located on the right earcup until the indicator light illuminates. To power off, press and hold the same button until the indicator light turns off.

## **3. Bluetooth Pairing**

With the headphones powered on, they will automatically enter pairing mode (indicated by a flashing blue and red light). On your device (smartphone, tablet, laptop), enable Bluetooth and select "SENTRY OSH" from the list of available devices. Once connected, the indicator light will become solid blue. The headphones will automatically reconnect to the last paired device when powered on, provided Bluetooth is active on the device.

# Easy Pairing Technology

It is so simple to pair your phone or device to our headphones. After the first pairing, your device will automatically connect!

## OPERATING INSTRUCTIONS

### 1. Basic Controls

The SENTRY OSH headphones feature integrated on-ear buttons for easy control of your audio and calls:

- **Multi-function Button:** Press and hold to power on/off. Short press to play/pause audio or answer/end calls.
- **Volume Up / Next Track Button:** Short press for volume up. Long press for next track.
- **Volume Down / Previous Track Button:** Short press for volume down. Long press for previous track.
- **ANC Button:** Press to activate or deactivate Active Noise Cancellation.

### 2. Active Noise Cancellation (ANC)

The headphones feature Active Noise Cancellation (ANC) technology, reducing ambient noise by up to -20dB. To activate

or deactivate ANC, press the dedicated ANC button located on the earcup. This allows for an isolated listening experience, minimizing distractions from your surroundings.

# Awareness Mode

Stay connected to your surroundings with Awareness Mode. Immerse yourself in audio while the ANC seamlessly adapts to your environment.

This image illustrates the Active Noise Cancellation capability of the SENTRY OSH headphones, emphasizing the -20dB noise reduction and the option for an "Awareness Mode" to stay connected to surroundings while enjoying audio.

## 3. Audio Quality

Experience vibrant soundscapes with deep bass, clear vocals, and balanced stereo sound. The headphones are equipped with 40mm dynamic drivers for optimal audio performance, making your favorite music come alive.

# Deep Bass Technology

Experience vibrant soundscapes with deep bass, clear vocals, and balanced stereo sound that makes your favorite music come alive.

*Over 60 Years of Excellence in Electronics*

This image highlights the Deep Bass Technology of the SENTRY OSH headphones, promising vibrant soundscapes with clear vocals and balanced stereo sound, enhanced by Real-ANC for an immersive audio experience.

## 4. Wired Connectivity

An included 4-foot AUX cord allows for wired listening when the battery is depleted or when a Bluetooth connection is not desired. Simply plug the 3.5mm jack into the headphone's AUX port and your audio source.

## MAINTENANCE

### 1. Cleaning

Gently wipe the earcups and headband with a soft, dry cloth. Do not use harsh chemicals, abrasive materials, or excessive moisture, as this may damage the headphones. Ensure no liquid enters the headphone openings.

### 2. Storage

When not in use, fold the headphones using their bi-folding design and store them in the provided protective carrying

case. This helps prevent physical damage and keeps them compact for travel or storage.

# ACTIVE NOISE CANCELLATION

## Product Features:

 -20db Reduction

 Bluetooth® V.5.3

 Folding Design

This image highlights key features of the SENTRY OSH headphones, including Active Noise Cancellation, Bluetooth V5.3 connectivity, and their convenient folding design for portability and storage.

## TROUBLESHOOTING

### No Power

- Ensure the headphones are fully charged. Connect to a power source using the USB-C cable and allow sufficient charging time.

### Cannot Pair via Bluetooth

- Ensure Bluetooth is enabled on your device and the headphones are in pairing mode (flashing indicator light).
- Move the headphones closer to your device, ideally within 1 meter (3 feet) during initial pairing.
- If previously paired, try "forgetting" or "unpairing" the headphones from your device's Bluetooth settings and attempt

to re-pair.

- Ensure no other devices are currently connected to the headphones.

## Poor Sound Quality or No Sound

- Check the volume levels on both the headphones and your connected device.
- Ensure the headphones are within the 30-meter (98-foot) Bluetooth range of your device.
- If using the wired connection, ensure the AUX cable is fully inserted into both the headphones' 3.5mm jack and the audio source.
- If experiencing buzzing or static, try deactivating and reactivating Active Noise Cancellation.
