2. PRODUCT OVERVIEW

The ZERTRAN Android Car Stereo is a 9-inch touchscreen head unit offering advanced features for an enhanced in-car experience. Key functionalities include:

- **CarPlay/Android Auto:** Seamless integration with iOS and Android devices for navigation, music, and communication.
- **GPS Navigation:** Real-time satellite navigation with offline map support.
- **Backup Camera Input:** Supports a car reverser camera for improved parking safety.
- **Wi-Fi Connectivity:** Access to online content, app downloads, and real-time navigation updates.
- **Bluetooth Functionality:** Hands-free calling, music streaming, and contact synchronization.
- **Steering Wheel Control (SWC):** Compatibility with existing vehicle steering wheel controls for convenient operation.
- **Dual Screen Display:** Ability to operate different functions simultaneously on the screen.

3. SETUP AND INSTALLATION

3.1 Compatibility Check

Before installation, verify your vehicle's steering wheel position (Left-Hand Drive - LHD or Right-Hand Drive - RHD) and dashboard configuration. This unit is specifically designed for Honda Fit and Civic models from 2002 to 2006. Ensure your vehicle does not have a 'PASSENGER AIRBAG' indicator in the central dashboard area, as this unit may not be compatible.

Note: Please check is your car LHD or RHD and choose the correct edition for your car!!!

5. MAINTENANCE

To ensure the longevity and optimal performance of your ZERTRAN Android Car Stereo, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to clean the touchscreen and unit exterior. Avoid abrasive cleaners or solvents.
- **Software Updates:** Periodically check for and install available software updates to improve performance and add new features.
- **Temperature:** Avoid exposing the unit to extreme temperatures, both hot and cold, for extended periods.
- **Power:** Ensure stable power supply to prevent damage. If issues arise, check vehicle's electrical system.

6. TROUBLESHOOTING

If you encounter issues with your ZERTRAN Android Car Stereo, refer to the following common problems and solutions:

- **No Power:**
 - Check all power connections and fuses.
 - Ensure the vehicle's battery is charged.
- **No Sound:**
 - Verify speaker connections.
 - Check volume settings and ensure mute is not activated.
 - Confirm audio source is correctly selected.
- **Touchscreen Unresponsive:**
 - Restart the unit by turning off and on the vehicle ignition.
 - Perform a factory reset if the issue persists (note: this will erase all user data).
- **GPS Signal Loss:**
 - Ensure the GPS antenna is properly connected and has a clear view of the sky.
 - Update GPS software or maps.
- **Bluetooth Connection Issues:**
 - Ensure Bluetooth is enabled on both the stereo and your mobile device.
 - Delete previous pairings and re-pair the devices.
 - Move devices closer to the stereo.

For persistent issues, please contact ZERTRAN customer support.
