SETUP GUIDE

Charging Your Headphones

Before first use, fully charge your Soundcore Life Q20 headphones. Connect the provided USB-C charging cable to the charging port on the headphones and a compatible USB power source. A full charge takes approximately 2 hours. The headphones offer up to 70 hours of playtime in standard music mode and 50 hours in wireless active noise cancellation mode.

Bluetooth Pairing

To pair your headphones with a device:

1. Ensure the headphones are powered off.
2. Press and hold the power button for 3 seconds until the LED indicator flashes blue.
3. On your device, enable Bluetooth and select "Soundcore Life Q20" from the list of available devices.

4. Once connected, the LED indicator will turn solid blue.

Active Noise Cancellation (ANC)

The Life Q20 headphones utilize hybrid active noise cancellation to significantly reduce ambient noise. This feature is particularly effective against low and mid-frequency sounds like car engines and airplane cabin noise. Use the ANC button to switch between noise cancellation on, off, or transparency mode, which allows you to hear your surroundings.

ONLY HEAR YOUR MUSIC

BassUp Technology

Experience enhanced bass with Soundcore's exclusive BassUp technology. This feature analyzes low frequencies in real-time and instantly strengthens the bass output, providing a more impactful listening experience for bass-heavy genres. Double press the play button to activate BassUp mode.

BassUp TECHNOLOGY

For 100% more bass.

Hi-Res Audio

Custom oversized 40mm dynamic drivers in the Life Q20 produce Hi-Res Audio, reproducing music with extended high frequencies up to 40 kHz for exceptional clarity and detail. This ensures a rich and accurate sound reproduction across the entire audio spectrum.

COMFORT AND DESIGN

The Soundcore Life Q20 headphones are designed for extended comfort. They feature soft memory foam ear cups with a protein leather cover, providing a snug yet gentle fit. The multi-angle rotation and adjustable headband ensure a personalized and comfortable experience for various head sizes. The foldable design allows for easy storage and portability in the included travel pouch.

HI-RES AUDIO

Delivers music with exceptional clarity and extended treble.

MAINTENANCE

Cleaning

To maintain the longevity and hygiene of your headphones:

- Wipe the earcups and headband with a soft, dry cloth.
- Do not use harsh chemicals or abrasive materials.
- Avoid getting moisture into any openings.

Storage

When not in use, store your headphones in the provided travel pouch to protect them from dust and scratches. Avoid storing them in extreme temperatures or direct sunlight.

TROUBLESHOOTING

For common issues and solutions, please refer to the official troubleshooting guide:

[Download Troubleshooting Guide \(PDF\)](#)

If you experience connectivity issues, ensure the headphones are fully charged and try re-pairing them with your device. For sound quality issues, check your device's volume and equalizer settings, and ensure the headphones are within Bluetooth range.
