Oral-B P_15234

Oral-B iO Simple Clean Rechargeable Electric Toothbrush

Model: P_15234

INTRODUCTION

The Oral-B iO Simple Clean Rechargeable Electric Toothbrush is designed to provide a superior cleaning experience with advanced technology. It combines powerful micro-vibrations with a dentist-inspired round brush head to effectively remove plaque while being gentle on gums. This manual provides essential information for the safe and effective use of your Oral-B iO Simple Clean toothbrush.

iO's superior clean Made easy

SAFETY INFORMATION

Please read all instructions before using this appliance. When using electrical products, especially when children are present, basic safety precautions should always be followed, including the following:

- Keep out of reach of children.
- Do not use for purposes other than oral hygiene.
- Replace brush head every 3 months or sooner if bristles are splayed.
- Do not charge or use while wet.
- Dispose of battery in accordance with local regulations.
- If the product is dropped, the brush head should be replaced before the next use even if no visible damage is apparent.
- Do not crush, heat above 122°F (50°C), or incinerate.

PACKAGE CONTENTS

Your Oral-B iO Simple Clean package includes:

- 1 Oral-B iO Simple Clean Toothbrush Handle
- 1 Gentle Care Brush Head
- 1 Charging Base
- 1 White Travel Case

SETUP

1. **Attach the Brush Head:** Align the brush head with the shaft of the toothbrush handle and push it down until it clicks into place.
2. **Initial Charging:** Place the toothbrush handle on the charging base. Plug the charging base into an electrical outlet. The light indicator on the handle will flash to indicate charging. Allow the toothbrush to charge fully before its first use. A full charge typically provides up to 4 weeks of use.
3. **First Use:** Once fully charged, remove the toothbrush from the charging base. Apply a small amount of toothpaste to the brush head.

OPERATING INSTRUCTIONS

The Oral-B iO Simple Clean is designed for an easy transition to electric brushing, offering essential features for effective cleaning.

- **Power On/Off:** Press the power button once to turn the toothbrush on. Press it again to turn it off.
- **Cleaning Settings:** Your toothbrush features 3 cleaning settings:
 - **Super-Sensitive:** For gentle cleaning, ideal for sensitive gums.
 - **Gentle:** A soft cleaning mode for everyday use.
 - **Daily Clean:** Standard cleaning for effective plaque removal.

To switch between modes, press the mode button (usually below the power button) while the toothbrush is on.

- **2-Minute Timer:** The toothbrush has a built-in 2-minute timer, recommended by dentists. It alerts you every 30 seconds to change your brushing zone, ensuring thorough cleaning of all four quadrants of your mouth.
- **Automatic Gum Pressure Sensor:** This feature protects your gums by slowing down the brush

speed and signaling red if you brush too hard. A green light indicates optimal pressure.

- **Brushing Technique:** Guide the brush head slowly from tooth to tooth. Hold the brush head in place for a few seconds before moving to the next tooth. Brush all surfaces of your teeth (outer, inner, and chewing surfaces).

MAINTENANCE

- Cleaning the Brush Head:** After each use, rinse the brush head thoroughly under running water with the handle switched on. Remove the brush head and clean the handle and brush head separately.
- Cleaning the Handle:** Wipe the handle with a damp cloth. Do not immerse the handle in water.
- Replacing Brush Heads:** Dentists recommend replacing your brush head every 3 months, or sooner if the bristles become splayed or worn. The Oral-B iO Simple Clean is compatible with all Oral-B iO replacement brush heads, including Ultimate Clean, Gentle Care, Radiant White, and Specialized Clean.
- Charging:** Store the toothbrush on its charging base when not in use to ensure it remains charged. The battery lasts a long time with a low-charge indicator to notify you when charging is needed.

For a gentle clean that's
**tough on plaque,
gentle on gums**

Soft Bristles

**High Density
Bristles**

TROUBLESHOOTING

If you encounter any issues with your Oral-B iO Simple Clean toothbrush, please refer to the following common solutions:

- **Toothbrush not turning on:** Ensure the toothbrush is fully charged. Place it on the charging base for several hours.
- **Brush head not moving:** Check if the brush head is correctly attached and clicked into place.
- **Pressure sensor always red:** You might be applying too much pressure. Try brushing with a lighter touch. The sensor is designed to help you learn optimal brushing pressure.
- **Reduced battery life:** Ensure the charging base is properly connected to a working power outlet. Clean the charging contacts on both the handle and the base.

For further assistance, please contact Oral-B customer support.

SPECIFICATIONS

Product Dimensions	7.01 x 3.94 x 9.96 inches
Item Weight	1.06 Pounds
Item Model Number	P_15234
UPC	069055143704
