Elevon 6ft Plastic Folding Table

Instruction Manual - Model: QD-ELSF-HJ393677

INTRODUCTION

Thank you for choosing the Elevon 6ft Plastic Folding Table. This portable and versatile table is designed for both indoor and outdoor use, perfect for camping, picnics, parties, and various other activities. Its heavy-duty construction ensures stability and durability, while the folding design and integrated carrying handle provide convenient transport and storage.

This manual provides essential information for the safe and effective use of your folding table, including setup instructions, maintenance tips, and product specifications. Please read it thoroughly before use and retain it for future reference.

SAFETY INFORMATION

Please observe the following safety guidelines to prevent injury and ensure the longevity of your table:

- **Weight Limit:** Do not exceed the maximum weight capacity of 300 lbs (136 kg) on the tabletop. Overloading can cause damage to the table and potential injury.
- **Unfolding and Folding:** Exercise caution when unfolding and folding the table to avoid pinching fingers or hands. Ensure all locking mechanisms are fully engaged before use.
- **Stable Surface:** Always place the table on a flat, stable, and level surface to prevent tipping.
- **Children:** Keep children away from the table during setup and folding. Supervise children when they are around the table during use.
- **Heat Sources:** Do not place hot items directly on the tabletop without adequate protection, as this may cause damage to the HDPE material.
- **Cleaning:** Use only mild soap and water for cleaning. Avoid abrasive cleaners or harsh chemicals that could damage the surface.

Key Features Diagram: This image illustrates the main features of the table, including the integrated carrying handle, safety lock, non-slip feet, frame lock, and the easy-to-clean HDPE tabletop.

Portable Design: The table is shown both fully extended and folded in half, highlighting its compact storage and the convenient carrying handle for easy transport.

- **Portable and Convenient:** Designed for quick setup and takedown. Features an integrated carrying handle for easy transport and storage.
- **Stable and Sturdy:** Equipped with frame lock structures and coated support legs for enhanced stability. Supports up to 300 lbs.
- **Easy to Clean:** Constructed from HDPE material, which is water-resistant and abrasion-resistant, making the tabletop simple to wipe clean.
- **Versatile Application:** Suitable for a wide range of uses, including dining, games, parties indoors, and camping, picnics, or events outdoors.
- **Simple Assembly:** Pre-assembled design requires no additional tools. Simply unfold and attach the four support legs.

SETUP INSTRUCTIONS

The Elevon folding table is designed for quick and easy setup. No tools are required.

1. **Unfold the Tabletop:** Place the folded table on a flat surface. Gently pull the two halves of the tabletop apart until it is fully extended.

Image: Underside view of the table, showing the folded legs and frame.

2. **Extend the Legs:** Locate the folded legs on the underside of the table. Swing each set of legs outwards until they are fully extended.
3. **Engage Frame Locks:** Ensure the frame lock mechanisms (metal bars that slide into place) are securely engaged to hold the legs in their extended position. You should hear a click or feel them lock into place.

Image: Detail of the frame lock, showing how it secures the legs.

4. **Secure Safety Lock (Center Hinge):** For the 6ft model, there is a safety lock at the center hinge of the tabletop. Slide this lock into position to secure the two halves of the table together.

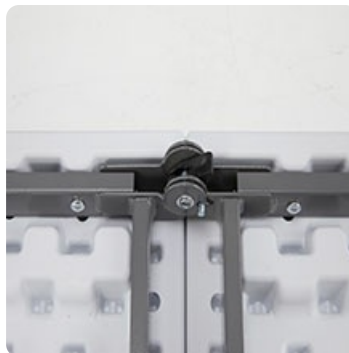

Image: Close-up of the safety lock mechanism at the table's center hinge.

5. **Verify Stability:** Before placing items on the table, gently push down on the tabletop and check that all legs are firmly planted and all locks are engaged. The table should feel stable and not wobble.

OPERATING INSTRUCTIONS

The Elevon folding table is designed for versatile use in various settings.

General Use

- Ensure the table is placed on a flat, stable surface before use.
- Distribute weight evenly across the tabletop to maintain stability and prevent tipping.
- Do not drag the table across rough surfaces, as this may damage the non-slip feet or legs. Lift and carry the table when moving it.

Indoor and Outdoor Applications

Versatile Applications: This image illustrates the wide range of suitable environments and activities for the folding table, both indoors and outdoors.

The table is suitable for:

- **Indoor:** Dining, game nights, temporary workspace, craft table, party serving table, garage utility table.

- **Outdoor:** Camping, picnics, backyard barbecues, tailgating, outdoor events, temporary market stall.

Folding for Storage

1. **Release Safety Lock:** Disengage the safety lock at the center hinge of the tabletop.
2. **Release Frame Locks:** Disengage the frame locks on each set of legs.
3. **Fold Legs Inward:** Fold each set of legs inward towards the center of the table.
4. **Fold Tabletop:** Bring the two halves of the tabletop together, ensuring the legs are fully folded and tucked away. The table will click into its folded position.

Image: The table in its folded state, being carried by the integrated handle.

5. **Store:** Use the integrated carrying handle to transport the table. Store in a dry, cool place away from direct sunlight and extreme temperatures.

MAINTENANCE

Proper care and maintenance will extend the life of your Elevon folding table.

- **Cleaning the Tabletop:** The HDPE tabletop is easy to clean. Use a soft cloth or sponge with mild soap and water to wipe away spills and dirt. Rinse with clean water and dry thoroughly.

Image: A hand wiping a liquid spill from the tabletop, illustrating its easy-to-clean surface.

- **Frame and Legs:** Periodically inspect the metal frame and legs for any signs of rust or damage. Wipe clean with a damp cloth and dry immediately. If rust appears, it can be treated with a rust-inhibiting primer and paint.
- **Non-slip Feet:** Check the non-slip feet on the bottom of the legs for wear or damage. Replace if

necessary to ensure stability and protect floor surfaces.

Image: Detail of the non-slip foot, designed to protect surfaces and provide stability.

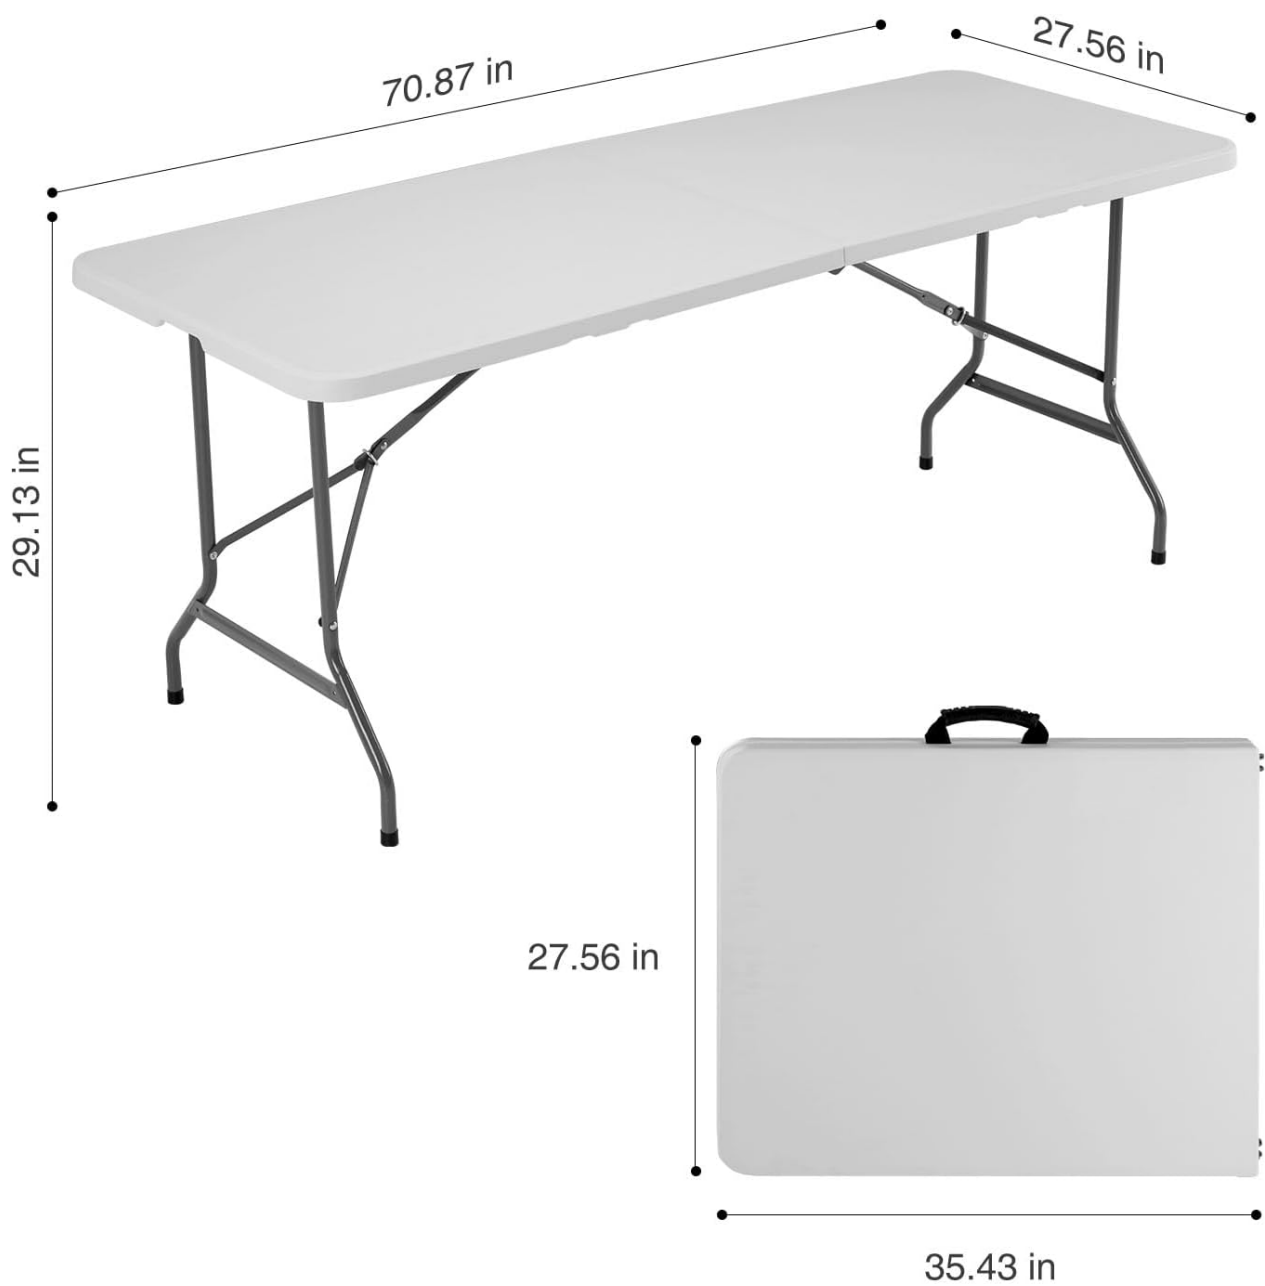

- **Storage:** When not in use, store the table in a dry, protected area to prevent exposure to extreme weather conditions, which can prolong its lifespan.

TROUBLESHOOTING

If you encounter any issues with your Elevon folding table, refer to the following common solutions:

Problem	Possible Cause	Solution
Table wobbles or is unstable.	Not on a level surface. Legs not fully extended or frame locks not engaged. Safety lock at center hinge not engaged (for 6ft model). Damaged or worn non-slip feet.	Move table to a flat, level surface. Ensure all legs are fully extended and frame locks are securely clicked into place. Slide the center safety lock to secure the tabletop halves. Inspect and replace non-slip feet if damaged.
Table does not fold completely.	Legs not fully retracted. Frame locks or center safety lock still engaged.	Ensure all legs are folded inward completely. Disengage all frame locks and the center safety lock before attempting to fold.
Tabletop appears stained or dirty.	Requires cleaning. Stain is stubborn.	Clean with mild soap and water using a soft cloth. For stubborn stains, a non-abrasive household cleaner can be used, but test on an inconspicuous area first.

SPECIFICATIONS

Product Dimensions: This image provides a detailed view of the table's dimensions in both its unfolded and folded states.

Attribute	Detail
Model Number	QD-ELSF-HJ393677
Brand	Elevon
Material	Alloy Steel (frame), High Density Polyethylene (tabletop)
