## 5. MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your diffuser.

- **Cleaning:** Periodically wipe the exterior of the diffuser with a soft, dry cloth. Do not use harsh chemicals or abrasive cleaners.
- **Oil Bottle Replacement:** When the oil bottle is empty, replace it with a new AROMAR+ essential oil bottle following the setup instructions.
- **Avoid Water:** This is a waterless diffuser. Do not add water or immerse the device in water.

## 6. TROUBLESHOOTING

If you encounter issues with your diffuser, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
No scent output	Oil bottle empty or not properly installed. Diffuser not powered on.	Check oil level and ensure bottle is securely in place. Verify diffuser is plugged in and powered on via the app.
App not connecting	Bluetooth is off. Diffuser is out of range. App needs update.	Ensure Bluetooth is enabled on your device. Move closer to the diffuser. Check for app updates in your app store.
Weak scent output	Scent intensity set too low. Room size exceeds coverage.	Increase scent intensity via the app. Consider using multiple diffusers for larger spaces.
Unusual noise	Obstruction in the diffusion mechanism.	Unplug the diffuser and check for any foreign objects. If the issue persists, contact customer support.
