

Nitecore HU2000, NB20000

Nitecore HU2000 Workheadlamp & NB20000 Power Bank

Instruction Manual

Model: HU2000, NB20000

INTRODUCTION

This manual provides detailed instructions for the Nitecore HU2000 Workheadlamp and the Nitecore NB20000 20,000mAh Power Bank. This bundle offers a high-performance lighting solution combined with a portable power source, designed for various demanding environments including industrial maintenance, search and rescue, and outdoor activities.

Image: The Nitecore HU2000 Workheadlamp and NB20000 Power Bank bundle, showcasing both components.

PRODUCT FEATURES

Nitecore HU2000 Workheadlamp

- **High Brightness Output:** Provides up to 2000 lumens of illumination.
- **Dual Light Sources:** Features a primary white LED with multiple brightness levels (Turbo, High, Mid, Low, Emergency, SOS, Beacon) and an auxiliary red light with High, Low, and Slow Flashing modes. The red light is designed to preserve night vision.
- **Split-Type Design:** The headlamp unit is separate from the power source, allowing the power bank to be stored in a pocket or backpack, which can help maintain battery performance in cold conditions.
- **Durable Construction:** Crafted from durable PC material and die-casted aluminum, rated IP68 waterproof, and impact resistant up to 1 meter.
- **Lightweight:** The headlamp unit weighs approximately 4.02 oz (114g).

2000 lumens 174 yards

Image: Diagram illustrating the primary white light and auxiliary red light functions of the HU2000 headlamp, including their respective brightness levels.

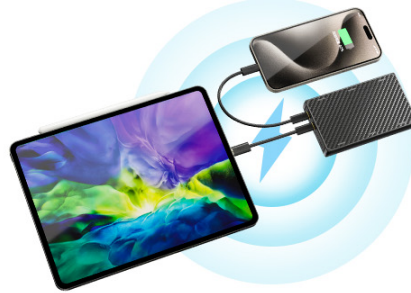

Pass-Through Charging

Powers your device while being recharged and keeps your devices fully charged even with just a single-port charger.

Input:
18W Max
Output:
22.5W Max

Charge 2 Devices at the Same Time

Includes a USB-C to USB-A Adapter
To fit different charging needs

Image: Illustration of the HU2000's split-type design, showing the headlamp connected to a power source stored in a pocket, ideal for cold environments.

Nitecore NB20000 Power Bank

- **High Capacity:** Features a 20,000mAh capacity, suitable for extended use and charging multiple devices.
- **Dual USB-C Ports:** Equipped with two USB-C ports for simultaneous charging of two devices. Supports pass-through charging.
- **Ultra Lightweight:** Weighs approximately 10.26 oz (291g), making it highly portable.
- **Power Level Display:** Integrated indicators show the remaining battery level.

Split-Type Design

Ideal for storing the power source in a backpack or pocket to keep it warm and maintain power, especially in cold places.

Image: Visual representation highlighting the ultra-lightweight nature of the NB20000 power bank, showing its weight compared to conventional power banks.

NB20000 Gen 3

Ultra Lightweight Carbon Fiber Power Bank

Image: Diagram illustrating the dual USB-C ports of the NB20000, demonstrating its ability to charge two devices simultaneously and support pass-through charging.

PACKAGE CONTENTS

The Nitecore HU2000 Workheadlamp and NB20000 Power Bank bundle includes the following items:

- Nitecore HU2000 Headlamp
- Headband
- USB-C Extension Cable
- Clip
- Hook-and-loop Strap
- Nitecore NB20000 Power Bank
- USB-C Charging Cable

SETUP GUIDE

To set up your Nitecore HU2000 Workheadlamp and NB20000 Power Bank:

1. **Attach Headlamp to Headband:** Securely attach the HU2000 headlamp unit to the provided headband.

Ensure it is oriented correctly for comfortable wear.

2. **Connect Headlamp to Power Bank:** Use the USB-C extension cable to connect the HU2000 headlamp to one of the USB-C ports on the NB20000 power bank.
3. **Secure Power Bank:** Place the NB20000 power bank in a suitable location, such as a pocket or attached to a belt using the hook-and-loop strap, to ensure the cable connection is not strained.
4. **Initial Charge:** Before first use, it is recommended to fully charge the NB20000 power bank using the provided USB-C charging cable and a compatible power adapter.

Image: A user connecting the headlamp's cable to the power bank, demonstrating the setup process.

OPERATION GUIDE

Nitecore HU2000 Headlamp Operation

The HU2000 headlamp features a Power Button and a Mode Button for control.

- **Power On/Off:** Press and hold the Power Button to turn the headlamp on or off.
- **Brightness Adjustment (White Light):** While the white light is on, short press the Power Button to cycle through brightness levels: Turbo, High, Mid, Low.
- **Switch Light Sources:** While the headlamp is on, short press the Mode Button to switch between the primary white light and the auxiliary red light.
- **Red Light Modes:** While the red light is on, short press the Mode Button to cycle through red light modes: High, Low, Slow Flashing.
- **Special Modes (SOS/Beacon):** From white light, double-press the Power Button to activate SOS mode. Double-press again for Beacon mode. Short press Power Button to exit.
- **Lock/Unlock:** To prevent accidental activation, press and hold both the Power Button and Mode Button simultaneously until the light flashes to lock the headlamp. Repeat the action to unlock.

Nitecore NB20000 Power Bank Operation

- **Charging the Power Bank:** Connect the provided USB-C charging cable to the input port of the NB20000 and a USB power source. The power level indicators will illuminate to show charging status.
- **Charging External Devices:** Connect your device's charging cable to one of the USB-C output ports on the NB20000. The power bank will automatically begin charging the connected device.
- **Power Level Display:** Short press the power button on the NB20000 to activate the power level indicators. Each constant-on blue indicator represents approximately 25% of battery capacity. A flashing indicator signifies less than 10% remaining charge.

Think Short, Easy to Carry

4.65" tall
10.26 oz

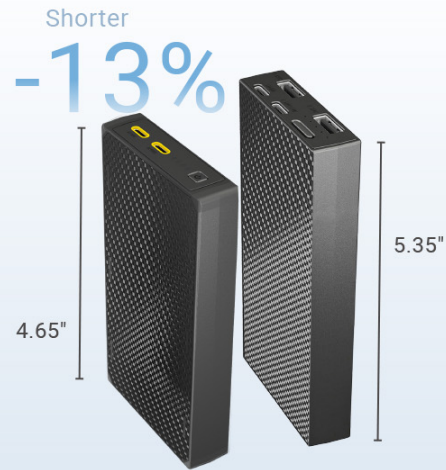

Image: Diagram showing the power level indicators on the NB20000 power bank and their corresponding battery percentages.

TECHNICAL SPECIFICATIONS

The following table outlines the technical data for the Nitecore HU2000 headlamp, based on power input.

Primary White Light

Ideal for industrial maintenance,
winter work, and more

Auxiliary Red Light

Effectively preserves night vision, ideal
for map reading, and emergencies

Image: Detailed table showing brightness levels, runtime, beam distance, impact resistance, and IP rating for the HU2000 headlamp under different power input conditions ($\geq 20W$ PD protocol and $< 20W$ non-PD protocol).

General Specifications

- **Light Source Type:** LED
- **Material:** Aluminum (headlamp), PC (power bank)
- **Special Feature:** Impact Resistant
- **Power Source:** Battery Powered (Lithium-Ion)
- **IP Rating:** IP68 (Waterproof and Submersible)
- **Impact Resistance:** Up to 1 meter

MAINTENANCE AND CARE

Proper maintenance ensures the longevity and optimal performance of your Nitecore HU2000 and NB20000:

- **Cleaning:** Wipe the devices with a soft, damp cloth. Avoid using abrasive cleaners or solvents.

- **Storage:** Store the devices in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** For the NB20000 power bank, avoid fully discharging the battery frequently. Recharge it regularly, especially if storing for extended periods, to maintain battery health.
- **Water Resistance:** While the HU2000 is IP68 rated, ensure all ports and covers are securely closed before exposure to water.
- **Cable Inspection:** Periodically inspect the USB-C extension cable and charging cable for any signs of wear or damage. Replace if necessary.

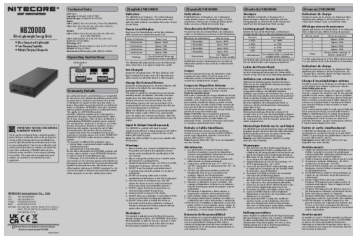

TROUBLESHOOTING

If you encounter issues with your Nitecore HU2000 or NB20000, consider the following:

- **Headlamp Not Turning On:**
 - Ensure the headlamp is properly connected to the power bank.
 - Check if the power bank has sufficient charge.
 - Verify that the headlamp is not in lock mode. Press and hold both buttons simultaneously to unlock.
- **Power Bank Not Charging:**
 - Ensure the USB-C charging cable is securely connected to both the power bank and the power source.
 - Try a different USB-C cable or power adapter.
 - Confirm the power source is active and providing power.
- **Device Not Charging from Power Bank:**
 - Ensure the device's charging cable is correctly inserted into the power bank's output port.
 - Check if the power bank has sufficient charge.
 - Try a different USB-C port on the power bank.
 - Verify the device being charged is compatible with the power bank's output specifications.
- **Reduced Brightness or Runtime:**
 - The power bank may have low charge. Recharge it fully.
 - Extreme cold temperatures can affect battery performance. Keep the power bank warm if operating in cold conditions.

WARRANTY AND SUPPORT

Nitecore products are covered by a warranty. For specific warranty terms and conditions, please refer to the warranty card included with your product or visit the official Nitecore website. If you require technical support or have questions not covered in this manual, please contact Nitecore customer service through their official channels. For more information, you may visit the [Nitecore Store on Amazon](#).
