GDLF PET814m

GDLF Terrarium Stand User Manual

Model: PET814m (24" x 18")

INTRODUCTION

This manual provides instructions for the assembly, operation, and maintenance of your GDLF Terrarium Stand, Model PET814m. This stand is designed to securely support reptile terrariums with a base size of 24 inches by 18 inches. It features integrated storage and power outlets for convenience.

SAFETY INFORMATION

- Ensure all components are securely fastened during assembly.
- Do not exceed the maximum weight capacity of the stand.
- Place the stand on a level, stable surface to prevent tipping.
- Keep electrical connections dry and away from water sources.
- Supervise children and pets around the terrarium stand.

PACKAGE CONTENTS

Verify that all parts are present before beginning assembly. Refer to the detailed parts list included in your product packaging. Typical components include:

- Wood panels (top, bottom, side, shelves, doors)
- Steel pipe supports
- Hardware (screws, dowels, hinges, handles)
- Four-hole power outlet strip with cord
- Adjustable foot pads
- Anti-slip tank posts (removable)

SETUP AND ASSEMBLY

Detailed assembly instructions with diagrams are provided within the product packaging. Please follow these instructions carefully. Assembly typically requires a screwdriver and may be completed by one person, though two are recommended for ease.

Key Features and Dimensions

Product size

Image: A diagram illustrating the dimensions of the GDLF Terrarium Stand. The stand measures 24.4 inches in width, 18.5 inches in depth, and 28.4 inches in height. Internal shelf heights are also indicated.

Image: Close-up views highlighting key features of the stand: anti-slide tank posts on the top surface, a four-hole power outlet on the side, adjustable foot pads at the base, a closed storage compartment with barn-style doors, and an open compartment.

Terrarium Compatibility

This stand is designed for reptile tanks with a base footprint of 24 inches by 18 inches. It accommodates various tank heights, including 12", 18", 24", or 36" tall terrariums.

20 Gallon : 24"x18"x12"

34 Gallon : 24"x18"x18"

**Suitable for reptile tanks of
different heights**

45 Gallon : 24"x18"x24"

67 Gallon : 24"x18"x36"

Image: Four examples of reptile terrariums (20, 34, 45, and 67 gallon capacities) with a 24"x18" base, demonstrating their compatibility with the stand despite varying heights.

OPERATING INSTRUCTIONS

Placing the Terrarium

1. Ensure the stand is fully assembled and placed on a stable, level surface.
2. Carefully lift and place your 24" x 18" terrarium onto the top surface of the stand. The anti-slip tank posts can be used to help secure the terrarium in place. These posts are removable if not desired.

Using the Power Outlets

The integrated four-hole power outlet provides convenient access for your terrarium's electrical accessories.

1. Plug the stand's power cord into a grounded wall outlet.
2. Connect heating lamps, lights, humidifiers, or other reptile equipment to the four outlets on the side of the stand.
3. Ensure all connections are secure and that the total wattage of connected devices does not exceed the power strip's rating.

Storage Compartments

Utilize the open and closed storage compartments for organizing reptile food, health supplies, lighting equipment, and other accessories.

Product Details

MAINTENANCE

- **Cleaning:** Wipe the stand surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Inspection:** Periodically check all screws and connections to ensure they remain tight. Retighten if necessary.
- **Electrical Safety:** Regularly inspect the power cord and outlets for any signs of wear or damage. Discontinue use if damage is observed and replace the power strip.

TROUBLESHOOTING

- **Stand is wobbly:** Ensure the stand is on a level surface. Adjust the foot pads at the bottom of the stand to stabilize it. Check that all assembly screws are tightened.

- **Power outlets not working:** Verify that the stand's power cord is securely plugged into a functional wall outlet. Check the power strip's on/off switch (if present) and any circuit breakers.
- **Terrarium slides on top:** Ensure the anti-slip tank posts are correctly installed. If the terrarium still moves, consider adding additional non-slip padding between the terrarium and the stand's top surface.

SPECIFICATIONS

Feature	Detail
Brand	GDLF
Model Name	Terrarium Stand
Model Number	PET814m
Color	Black
Size	24" x 18" (Base footprint)
