onerbl AC-DC Adapter

onerbl AC-DC Adapter Instruction Manual

For Anker SOLIX Portable Power Stations

1. Introduction

This instruction manual provides essential information for the safe and efficient use of your onerbl AC-DC Adapter. Please read this manual thoroughly before using the product and retain it for future reference. This adapter is designed to provide power and charge compatible Anker SOLIX Portable Power Stations.

What's in the Box

- 1 x onerbl AC-DC Adapter

2. Safety Information

Important Safety Instructions:

- Do not expose the adapter to rain or moisture.
- Do not disassemble the adapter. Refer servicing to qualified personnel.
- Ensure the adapter is used within its specified input and output voltage ranges.
- Avoid placing the adapter in direct sunlight or near heat sources.
- Keep out of reach of children.
- Disconnect the adapter from the power outlet when not in use for extended periods.

3. Product Overview

The onerbl AC-DC Adapter is a high-quality power supply designed to convert AC power from a wall outlet into the DC power required by your compatible Anker SOLIX Portable Power Station. It features built-in protection mechanisms for safe operation.

Figure 3.1: The onerbl AC-DC Adapter with its integrated cable and XT60 plug.

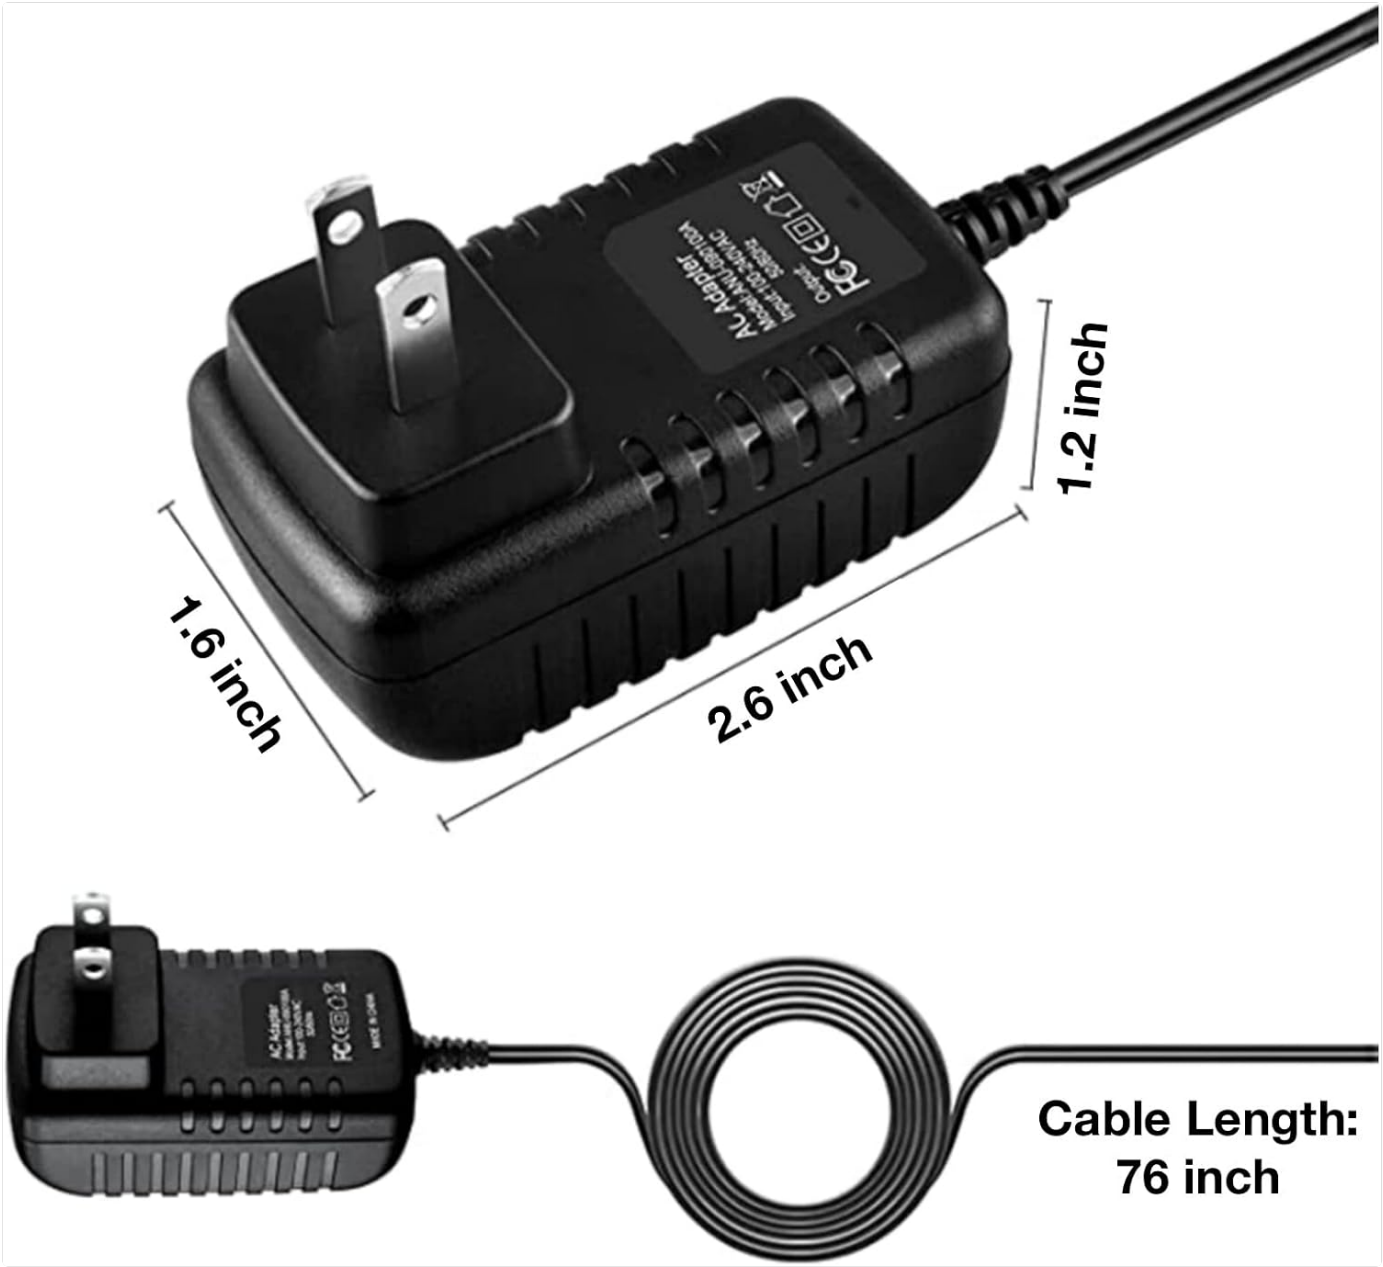

Figure 3.2: Dimensions of the onerbl AC-DC Adapter, showing its compact size for portability.

4. Setup and Installation

Follow these steps to properly set up your onerbl AC-DC Adapter:

1. **Identify the Power Station Input:** Locate the DC input port on your Anker SOLIX Portable Power Station. This adapter is compatible with models C800, C1000, C1000X, F1200, F1500, F2000, F2600, F3800, A1753, A1761, A1781, A1790, which typically use an XT60 plug.
2. **Connect the Adapter to the Power Station:** Carefully insert the XT60 plug of the onerbl AC-DC Adapter into the corresponding input port on your Anker SOLIX Portable Power Station. Ensure a secure connection.
3. **Connect to a Power Outlet:** Plug the AC end of the adapter into a standard AC 100-240V wall outlet.
4. **Verify Connection:** Once connected, your power station should indicate that it is receiving power or charging, typically through an indicator light or display.

Figure 4.1: The onerbl AC-DC Adapter connected to a power strip, ready to charge a compatible device.

5. Operating Instructions

Once the adapter is properly connected to both the power station and a wall outlet, it will automatically begin to supply power or charge the power station's battery. No further user interaction is typically required for basic operation.

- The adapter is designed for continuous operation within its specified limits.
- Monitor your power station's display for charging status.
- Disconnect the adapter from the wall outlet first, then from the power station, when charging is complete or when the adapter is not needed.

6. Care and Maintenance

To ensure the longevity and optimal performance of your onerbl AC-DC Adapter, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to clean the adapter. Do not use liquid cleaners or aerosols.

- **Storage:** Store the adapter in a cool, dry place away from direct sunlight and extreme temperatures.
- **Cable Care:** Avoid sharp bends or kinks in the cable. Do not place heavy objects on the cable.
- **Inspection:** Periodically inspect the adapter and cable for any signs of damage, such as frayed wires or cracked casing. If damage is found, discontinue use and replace the adapter.

7. Troubleshooting Guide

If you encounter issues with your onerbl AC-DC Adapter, refer to the table below for common problems and solutions:

Problem	Possible Cause	Solution
Power station not charging.	Adapter not properly connected. Wall outlet not active. Power station issue.	Ensure all connections are secure. Test the wall outlet with another device. Consult your power station's manual.
Adapter feels excessively hot.	Overload or poor ventilation.	Disconnect immediately. Ensure adequate ventilation around the adapter. Verify compatibility with the power station.
No indicator light on power station.	No power input. Faulty adapter.	Check wall outlet and connections. If problem persists, the adapter may be faulty and require replacement.

8. Technical Specifications

Feature	Specification
Input Voltage	AC 100-240V, 50/60Hz (Worldwide Compatible)
Output Wattage	36.5 Watts
Connector Type	Barrel Connector (XT60 Plug compatible)
Color	Black
Special Features	Over Voltage Protection, Over Heat Protection, Short Circuit Protection
Compatible Devices	Anker SOLIX C800, C1000, C1000X, F1200, F1500, F2000, F2600, F3800 Portable Power Station A1753, A1761, A1781, A1790
Included Components	1 x AC Adapter

9. Warranty and Support

Warranty Information

This onerbl AC-DC Adapter comes with a standard manufacturer's warranty against defects in materials and workmanship. Please refer to the product packaging or your purchase documentation for specific warranty terms and duration. The warranty typically covers issues arising from normal use and does not cover damage caused by misuse, accidents, or unauthorized modifications.

Customer Support

For technical assistance, warranty claims, or any questions regarding your onerbl AC-DC Adapter, please contact your

retailer or the manufacturer's customer support channel. Have your purchase details and product information ready when contacting support.
