3. SETUP

3.1 Magnetic Attachment

The keyboard case features strong magnetic adsorption for easy and secure attachment of your iPad. Simply align your iPad with the magnetic back panel of the case; it will snap into place automatically.

Floating Cantilever Stand Design

Adjustable angles to meet your viewing needs

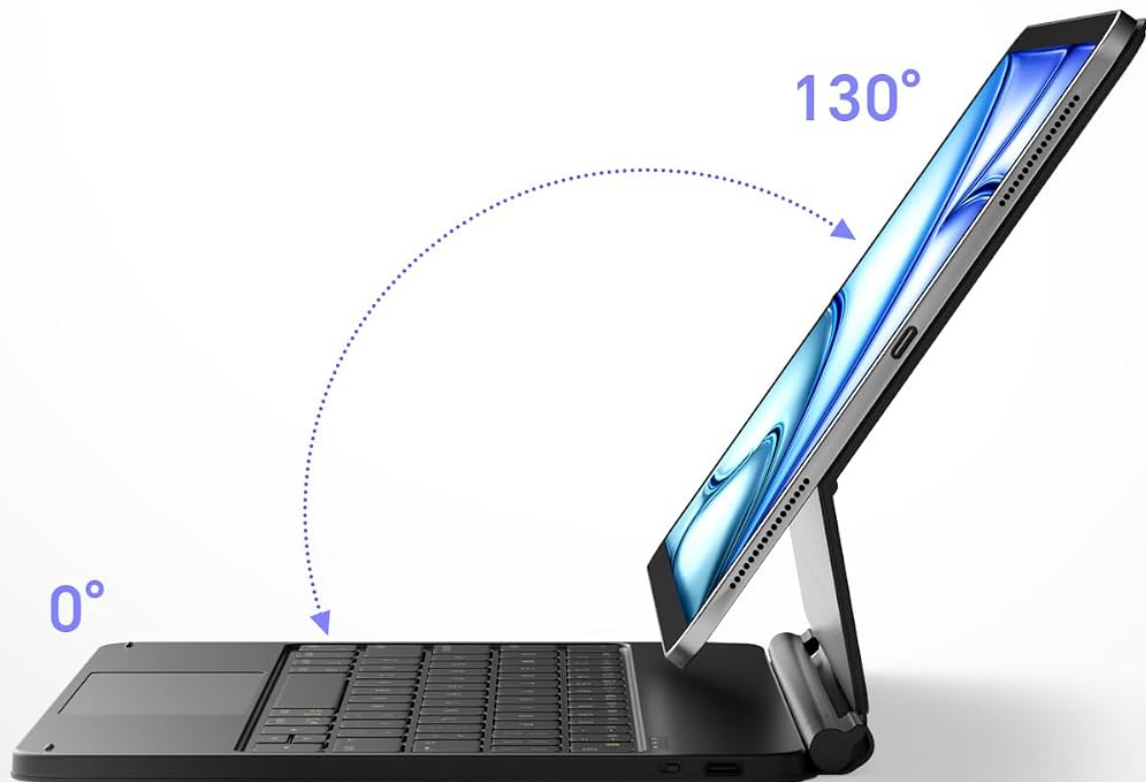

Image 3.1: Demonstrates the simple and secure magnetic attachment mechanism for the iPad.

3.2 Bluetooth Pairing

To connect the keyboard to your iPad via Bluetooth:

1. Ensure the keyboard case is charged (refer to Section 5).
2. Turn on the keyboard using the power switch, usually located on the side or back of the keyboard.
3. On your iPad, go to **Settings** > **Bluetooth** and ensure Bluetooth is turned on.

4. On the keyboard, press the **Fn** key simultaneously with the **Delete** key (often labeled with a Bluetooth icon) to enter pairing mode. The Bluetooth indicator light on the keyboard will flash.
5. On your iPad, locate "Inateck Keyboard" or a similar device name in the Bluetooth devices list and tap to connect.
6. Once connected, the Bluetooth indicator light on the keyboard will stop flashing and remain solid or turn off, indicating a successful pairing.

4. OPERATING INSTRUCTIONS

4.1 Floating Cantilever Stand

The keyboard case features a floating cantilever design, allowing your iPad to be suspended above the keyboard. The aluminum alloy hinge provides a wide range of adjustable viewing angles, up to 130 degrees, for comfortable typing, viewing, or drawing.

4.2 Keyboard Features

The keyboard is equipped with scissor-switch keys for smooth rebound and a comfortable typing experience with 1.4mm key travel. Illuminated keycaps ensure worry-free typing in low-light conditions.

4.2.1 Backlight Control

The keyboard features a 7-color backlight with 3 levels of brightness. Use the dedicated backlight key (often labeled with a light

bulb icon) to cycle through colors and adjust brightness levels to your preference.

4.3 Multi-touch Trackpad

The integrated multi-touch trackpad provides precise and responsive control, supporting various touch gestures for efficient navigation and interaction with your iPad. It includes anti-mistouch technology to prevent accidental inputs.

4.3.1 Trackpad Gestures

- **Drag:** Tap and hold with one finger, then drag.

- **Scroll:** Swipe with two fingers.
- **Swipe:** Swipe with three or four fingers for various system functions (e.g., switching apps).
- **Zoom In/Out:** Pinch with two fingers.
- **Secondary Click:** Tap with two fingers.
- **Show Desktop:** Swipe down with three fingers.
- **App Exposé:** Swipe up with three fingers.
- **Swipe between full-screen apps:** Swipe left or right with four fingers.

4.4 Multi-function Hotkeys

The keyboard supports a full range of iPadOS keyboard shortcuts and dedicated hotkeys for efficient multitasking and quick access to functions. These include media controls, volume adjustment, search, and screen lock.

With Touchpad

- Accidental touch prevention
- Set up your iPad for better user experience

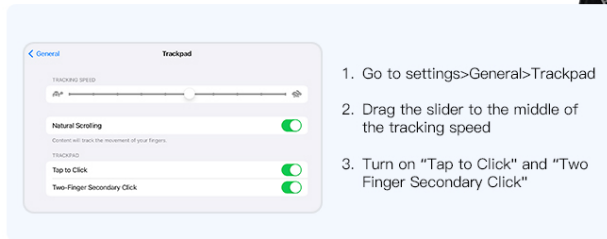

Image 4.5: Overview of the keyboard's dedicated hotkeys for quick access to iPadOS functions.

4.5 Smart Screen On/Off

The keyboard case features intelligent wake-on-open and sleep-on-close functionality. Opening the case automatically wakes your iPad's screen, and closing it puts the iPad to sleep, conserving battery life and enhancing work efficiency.

Smart Screen On/Off

Enhance work efficiency

 OPEN: Screen wakes up 

 CLOSE: Screen sleeps

5. CHARGING AND BATTERY

The keyboard case is powered by a built-in Lithium Ion battery. It offers ultra-low power standby for extended use.

- A full charge takes approximately 3 hours.
- Once fully charged, the keyboard can last up to a month without backlight usage.

- With backlight enabled, the battery life is approximately one week.

5.1 Charging Instructions

To charge the keyboard, connect a USB-C charging cable to the charging port on the keyboard (typically located on the side or back) and plug the other end into a USB power adapter or a computer's USB port.

Image 5.1: Visual indicating quick charging capability, showing a 10-minute charge for immediate use.

Image 5.2: Detailed view of the charging port on the keyboard, indicating where to connect the charging cable.

6. MAINTENANCE

To ensure the longevity and optimal performance of your Inateck Magnetic Keyboard Case, follow these maintenance guidelines:

- **Cleaning:** Use a soft, lint-free cloth slightly dampened with water or a mild cleaning solution to wipe down the exterior of the case and keyboard. Avoid harsh chemicals or abrasive materials.
- **Dust Removal:** Use compressed air to remove dust and debris from between the keys.
- **Storage:** When not in use for extended periods, store the keyboard case in a cool, dry place. Ensure the iPad is detached or the case is closed to conserve battery.
- **Avoid Liquids:** Keep the keyboard case away from liquids to prevent damage to electronic components.
- **Handle with Care:** Avoid dropping the case or subjecting it to strong impacts, which could damage the internal components or the magnetic mechanism.

7. TROUBLESHOOTING

If you encounter issues with your Inateck Magnetic Keyboard Case, refer to the following common solutions:

7.1 Keyboard Not Connecting via Bluetooth

- **Check Power:** Ensure the keyboard is turned on and has sufficient battery charge.
- **Re-pair:** Go to your iPad's Bluetooth settings, forget the keyboard device if it's listed, then re-initiate pairing by pressing **Fn + Delete** on the keyboard.
- **iPad Bluetooth:** Ensure Bluetooth is enabled on your iPad.
- **Restart Devices:** Try restarting both your iPad and the keyboard.

7.2 Trackpad Not Responding or Malfunctioning

- **Check iPad Settings:** On your iPad, go to **Settings > General > Trackpad**. Ensure the trackpad is enabled and adjust tracking speed if necessary.
- **Clean Trackpad:** Ensure the trackpad surface is clean and free of debris.
- **Restart:** Disconnect and reconnect the keyboard, or restart your iPad.

Image 7.1: Screenshot of the iPad's trackpad settings, useful for troubleshooting trackpad functionality.

7.3 Backlight Not Working

- **Check Battery:** Ensure the keyboard has sufficient battery charge, as backlight consumes more power.
- **Adjust Brightness:** Press the backlight key to cycle through brightness levels and colors.

8. SPECIFICATIONS
