SETUP AND ASSEMBLY

The Sweetcrispy Recliner Chair is designed for straightforward assembly, typically requiring minimal effort and approximately 15 minutes. Follow the included assembly guide for detailed, step-by-step instructions.

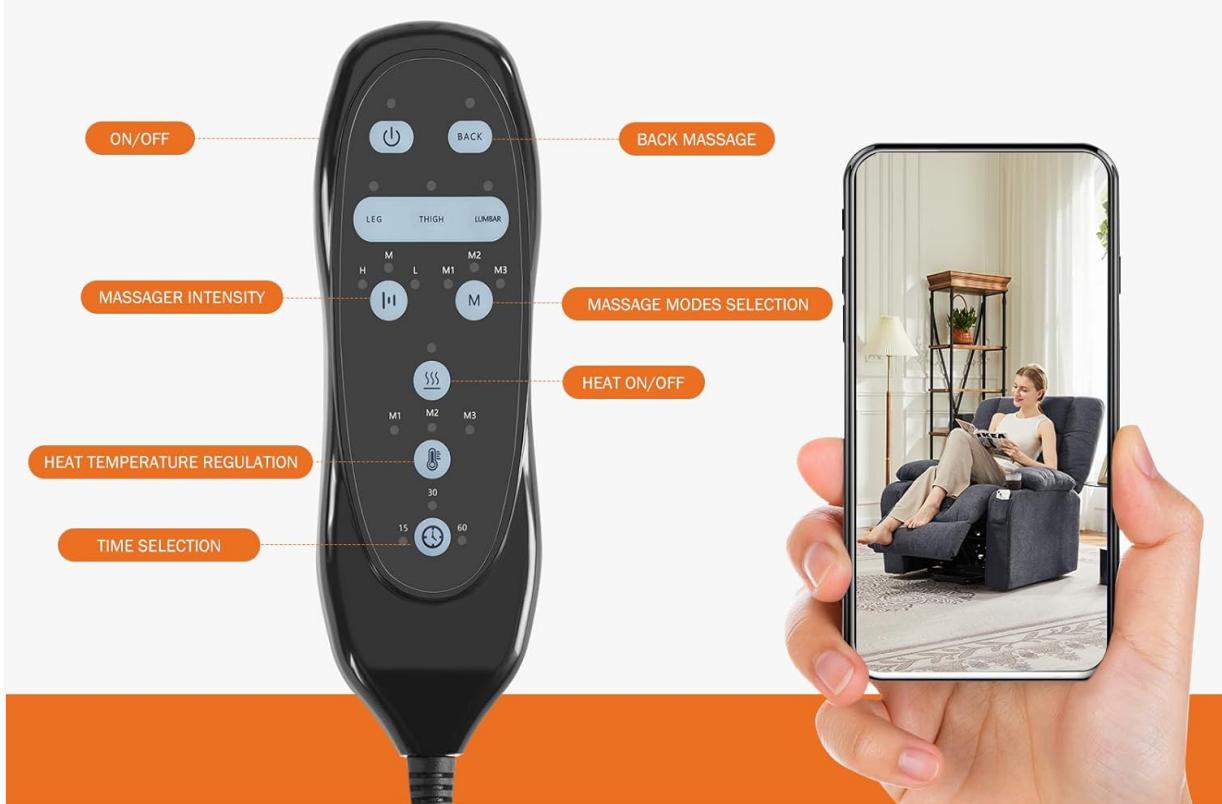

Assembly Steps:

1. Unpack all components and verify against the parts list in the separate assembly guide.
2. Connect the backrest to the seat base.
3. Attach the armrests.
4. Connect all necessary electrical cords for the massage and heat functions. Ensure all connections are secure.

Once assembled, place the chair on a level surface, ensuring adequate space for reclining.

OPERATING INSTRUCTIONS

Your Sweetcrispy Recliner Chair features multiple functions controlled by the included remote.

Remote Control

Relax your body and mind, and feel at ease - The remote control of the massage chair allows you to relax your body and mind at any time, with just one touch to enjoy, and the massage experience is entirely under your control.

MAINTENANCE AND CARE

Proper care will extend the life and appearance of your recliner chair.

Cleaning:

- The synthetic fabric is designed to resist pilling and fading and is easy to clean.
- For general cleaning, wipe with a soft, damp cloth.
- For spills or smudges, use a mild soap solution and a clean cloth, then wipe dry. Avoid harsh chemicals.
- Regularly vacuum the chair to remove dust and debris.

General Care:

- Avoid placing the chair in direct sunlight to prevent fading.
- Keep sharp objects away from the fabric to prevent tears.
- Ensure all electrical cords are free from damage and properly connected.

TROUBLESHOOTING

If you encounter issues with your recliner, refer to the following common solutions:

Problem	Possible Cause	Solution
Chair does not recline or lift.	Power cord disconnected; remote control battery low/dead; motor malfunction.	Check if the power cord is securely plugged into both the chair and a working outlet. Replace remote batteries. If the issue persists, contact customer support.
Massage or heat function not working.	Power cord disconnected; remote control battery low/dead; function not activated.	Verify power connection. Replace remote batteries. Ensure the function is turned on via the remote.
Unusual noises during operation.	Loose components; obstruction in mechanism.	Inspect for any loose screws or obstructions. Ensure the chair is on a level surface.

If these solutions do not resolve the issue, please contact Sweetcrispy customer support for further assistance.
