## HAUSHOF HH24090AE

# HAUSHOF Steam Cleaner HH24090AE User Manual

Model: HH24090AE | Brand: HAUSHOF

## INTRODUCTION

Thank you for choosing the HAUSHOF Steam Cleaner HH24090AE. This powerful and versatile steam cleaner is designed to effectively remove grease, grime, and tough stains from various surfaces using high-temperature steam, without the need for harsh chemicals. Its portable design with wheels and a comprehensive set of accessories make it ideal for both home and car cleaning tasks. Please read this manual thoroughly before first use to ensure safe and optimal operation.

## SAFETY INFORMATION

- Do not point the steam nozzle at people or pets.
- Use caution, as the handle and soft pipe may become hot during operation.
- Avoid touching the hot soft pipe while cleaning to prevent burns.
- Always allow the cleaner to cool down completely (about 8 minutes) before opening the safety cap to refill with water.
- For added safety, the handle includes a built-in child lock to help prevent accidental operation during use or storage.

## PRODUCT OVERVIEW & WHAT'S IN THE Box

The HAUSHOF Steam Cleaner HH24090AE comes with a robust main unit and 16 versatile attachments to tackle various cleaning challenges. The main unit features a 1.5L water tank and wheels for easy maneuverability.

## SETUP

---

1. **Fill Clean Water:** Unscrew the safety cap. Use the provided measuring cup and funnel to fill the water tank with 0.5-1.2L of clean water for optimal steam performance. Do not overfill. Securely close the safety cap.

Figure 3: Instructions for filling the water tank.

2. **Select the Accessory:** Choose the appropriate cleaning attachment for your task (e.g., floor brush, nylon brush, glass brush). Connect it securely to the steam hose or extension pipes as needed.

Figure 4: Guide for attaching accessories.

3. **Press the Button to Start Heating:** Plug the power cord into a suitable electrical outlet. The red indicator light will illuminate, signaling that the unit is heating. Heating time is approximately 8-10 minutes. The red light will turn green when the steam cleaner is ready for use.

Figure 5: Heating process and indicator light.

## OPERATING INSTRUCTIONS

1. **Start Cleaning:** Once the green indicator light is on, press and hold the safety lock on the handle, then press the trigger to release steam. The safety lock can be released after the machine starts. Test spray in a safe area first to spray out any residual water.

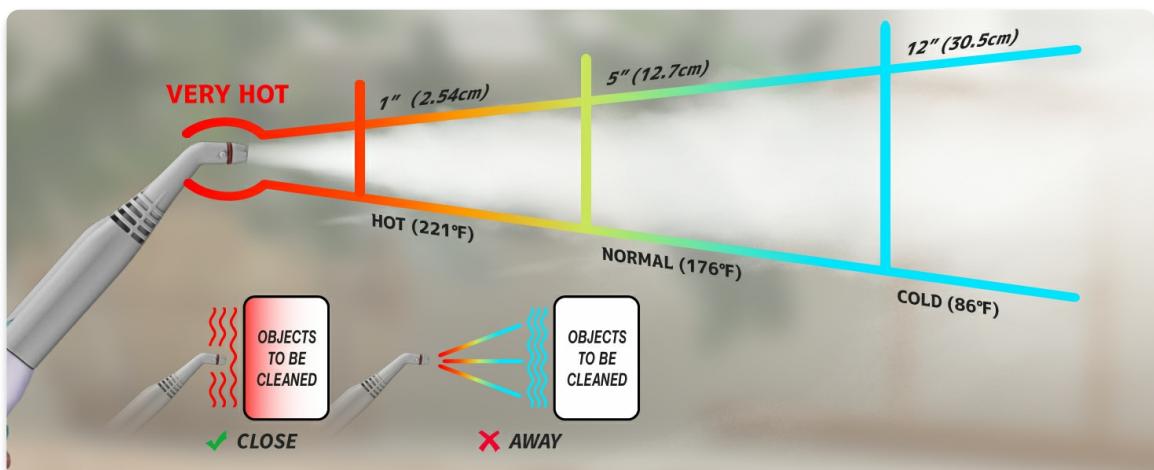

Figure 6: How to operate the steam cleaner.

Figure 7: Always test spray first.

2. **Cleaning Various Surfaces:** The steam cleaner is suitable for floors, tiles, countertops, BBQ grills, car interiors, kids' toys, sinks, fabrics, and more. Use the appropriate attachment for each surface. The 3m power cord and 2.5m steam hose provide a total reach of 5.5m for extended cleaning.

Figure 8: Wide application of the steam cleaner.

## MAINTENANCE

1. **Cool Down and Empty Tank:** After cleaning, allow the boiler to cool down completely (approximately 8 minutes) before attempting to open the safety cap. Once cooled, carefully empty any remaining water from the tank.

Figure 9: Instructions for emptying the tank after use.

2. **Clean Attachments:** Detach all accessories and clean them as appropriate. Fabric pads can typically be machine washed. Store all components in a dry place.

## TROUBLESHOOTING

If you encounter any issues with your HAUSHOF Steam Cleaner, please refer to the comprehensive troubleshooting section in the full user manual. For further assistance, contact HAUSHOF customer support.

## SPECIFICATIONS

Feature	Detail
