## Dripex JJF001FGS

# Dripex Modern Shoe Storage Cabinet (Model JJF001FGS) Instruction Manual

Model: JJF001FGS | Brand: Dripex

## INTRODUCTION

This manual provides comprehensive instructions for the assembly, operation, and maintenance of your Dripex Modern Shoe Storage Cabinet. Designed with a sleek, modern style and two hidden flip drawers, this cabinet offers an efficient and tidy storage solution for your footwear. Its clean lines and rustic brown finish complement various home decors, making it suitable for entryways, corridors, and bedrooms.

## SAFETY INFORMATION

- Exercise caution when opening and closing the flip drawers to prevent injury.
- Ensure the cabinet is stable and securely placed on a level surface before use.
- Do not overload the cabinet or its drawers beyond their stated weight capacity.
- Install the provided anti-tip device to secure the cabinet to the wall, especially in households with children or pets, to prevent accidental tipping.

# Anti-tip Design

## PACKAGE CONTENTS

Please refer to the packaging and the included assembly instructions for a complete and detailed list of all components and hardware. Verify all parts are present before beginning assembly.

## SETUP AND ASSEMBLY

The Dripex Shoe Storage Cabinet is designed for straightforward assembly. Follow the clear, step-by-step instructions provided in the assembly manual included with your product. All parts are labeled to facilitate quick and accurate installation. An installation video may also be available to assist you.

### Key Assembly Features:

- Labeled Parts:** Each component is clearly labeled to match the assembly guide.

- **Included Tools:** Necessary tools for assembly are typically provided.
- **Anti-tip Device:** Ensure the anti-tip device is securely installed to prevent accidents.

**Metal Flip Stand**

**Metal Handle**

**Metal Support Feet**

**Floor Protection Pads**

## OPERATING INSTRUCTIONS

### Shoe Storage:

The cabinet features two flip drawers, each with two tiers. The upper tier is suitable for women's and children's shoes, while the lower tier is designed to accommodate men's shoes up to size 10-11. The cabinet can hold approximately 12-20 pairs of shoes, depending on their height and size.

- **Adjustable Partitions:** The internal partitions within each flip drawer can be adjusted to two positions or completely removed to fit various shoe shapes and sizes, including boots or larger footwear.

# The spacer can be adjusted in 2 positions or simply removed.

Image: Demonstration of the adjustable and removable internal partitions for flexible shoe storage.

## Additional Features:

- **Top Surface:** The top surface includes a protective fence, ideal for placing ornaments, small plants, or keys, preventing items from slipping off.
- **Side Hooks:** Two integrated side hooks provide convenient storage for items such as umbrellas or bags.
- **Hollow Bottom:** The elevated design with metal legs creates a hollow space underneath, suitable for storing slippers or allowing a robot vacuum to clean beneath the cabinet.

# Large Shoe Storage Cabinet

Extended shoe depth  
for size 44 shoes

## MAINTENANCE

- Cleaning:** Wipe the cabinet surfaces with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners that could damage the finish.
- Dusting:** Regularly dust the cabinet to maintain its appearance.
- Hardware Check:** Periodically check all screws and fasteners to ensure they remain tight. Retighten if necessary.
- Avoid Moisture:** Protect the cabinet from excessive moisture and direct sunlight to prevent warping or fading.

## TROUBLESHOOTING

- Cabinet Instability:** Ensure the cabinet is placed on a flat, level surface. Verify that the anti-tip device is correctly installed and secured to the wall.
- Drawers Not Closing Smoothly:** Check for any obstructions within the flip drawers. Ensure shoes are properly

placed and not interfering with the closing mechanism.

- **Shoes Not Fitting:** Utilize the adjustable or removable internal partitions to accommodate different shoe sizes and types. For larger shoes like wedges or certain sneakers, you may need to remove a partition or store them in the lower tier.
- **Overloading:** Avoid exceeding the stated weight capacity of the cabinet (70.5 lbs total, 11 lbs per drawer) to prevent damage and ensure stability.

## SPECIFICATIONS

<b>Brand</b>	Dripex
<b>Model Name</b>	Shoe Cabinet
<b>Model Number</b>	JJF001FGS
<b>Color</b>	Rustic Brown
<b>Product Dimensions (D x W x H)</b>	9.45"D x 23.62"W x 39.45"H
