SANODESK E2L

SANODESK Electric Corner L-Shaped Standing Desk User Manual

Model: E2L

INTRODUCTION

Thank you for choosing the SANODESK Electric Corner L-Shaped Standing Desk. This manual provides essential information for the safe and efficient assembly, operation, and maintenance of your new desk. Please read this manual thoroughly before beginning assembly or operation.

IMPORTANT SAFETY INFORMATION

Please observe the following safety precautions to prevent injury or damage to the product:

- Always ensure the desk is properly anchored to the floor to prevent tipping.
- Do not exceed the maximum weight capacity of 176 lbs (80 kg) for the desk.
- Follow the assembly instructions carefully to avoid injury.
- Keep the desk area clear of obstacles to prevent accidents during height adjustment.
- Ensure all cables are managed to prevent entanglement during desk movement.

SETUP AND ASSEMBLY

The SANODESK Electric Corner L-Shaped Standing Desk requires assembly. Please ensure all parts are present before beginning. Tools recommended for assembly include a screwdriver.

Assembly Options

This L-shaped desk offers two assembly configurations to best suit your space and preference. You can choose to install the longer desktop section on either the left or the right side.

2 ASSEMBLY OPTIONS

Assemble the desk to match your place and preference

Pre-Assembly Checklist

- Unpack all components and verify against the parts list provided in the separate assembly guide.
- Ensure you have adequate space for assembly.
- Gather necessary tools (screwdriver).

Refer to the detailed assembly instructions included in your product packaging for step-by-step guidance.

OPERATING INSTRUCTIONS

The SANODESK Electric Corner L-Shaped Standing Desk features an electric height adjustment system with memory presets for convenience.

Control Panel Overview

SMART CONTROL PANEL

Up/Down Button

4 Height
Memory Pre-set

Anti-collision

Image: A detailed view of the desk's smart control panel, showing the digital height display, up/down arrows, and four memory preset buttons for quick height adjustments.

- **Up/Down Buttons:** Use the arrow buttons (^ and v) to manually adjust the desk height. The desk height is adjustable from 29 inches (73.6 cm) to 46 inches (116.8 cm).
- **Memory Presets (1, 2, 3, 4):**
 1. Adjust the desk to your desired height using the up/down buttons.
 2. Press and hold one of the memory preset buttons (1, 2, 3, or 4) until the display flashes or beeps, indicating the height has been saved.
 3. To recall a saved height, simply press the corresponding memory preset button.
- **Anti-Collision Feature:** The desk is equipped with an anti-collision system. If the desk encounters an obstacle during height adjustment, it will automatically stop and rebound slightly to prevent damage.

ANTI-COLLISION

Rebound immediately

Long-lasting

**Environmentally
Friendly**

Heavy-duty

Ergonomic Use

Utilize the sit-to-stand functionality to alternate between sitting and standing positions throughout your workday. This can help improve comfort and reduce strain.

Image: A user standing at the desk, illustrating the ergonomic benefits of the adjustable height feature for a standing workstation.

MAINTENANCE

Regular maintenance will ensure the longevity and optimal performance of your SANODESK standing desk.

- **Cleaning:** Wipe the desk surface and frame with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Cable Management:** Periodically check and organize cables to prevent tangling or interference with the desk's movement.
- **Fasteners:** Occasionally check all screws and bolts to ensure they are tight. Retighten if necessary.
- **Motor Care:** The electric motor is designed for durability. Avoid overloading the desk or continuously adjusting the height without short breaks, which could cause the motor to overheat.

TROUBLESHOOTING

If you encounter issues with your SANODESK Electric Corner L-Shaped Standing Desk, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Desk does not move.	Power cable disconnected; Overload; Motor overheating.	Check power connection. Reduce weight on desk. Allow motor to cool down for 20 minutes.
Desk moves unevenly or makes unusual noise.	Loose fasteners; Obstruction; Uneven weight distribution.	Check and tighten all screws. Remove any obstructions. Redistribute weight evenly on the desktop.
Anti-collision feature triggers too often.	Sensitivity setting; Obstruction.	Ensure no objects are in the path of the desk's movement. Consult the full manual for adjusting anti-collision sensitivity if applicable.
Memory presets not working.	Not saved correctly; Power cycle needed.	Re-save the memory presets by holding the button until it confirms. Unplug the desk for 30 seconds and plug back in to reset.

If the problem persists after attempting these solutions, please contact SANODESK customer support.
