

DOOGEE Blade 10 Power

DOOGEE Blade10 Power Rugged Smartphone User Manual

Model: Blade 10 Power

INTRODUCTION

Welcome to the DOOGEE Blade10 Power user manual. This guide provides essential information for setting up, operating, maintaining, and troubleshooting your new rugged smartphone. The Blade10 Power is designed for durability and high performance, featuring a large battery, advanced camera, and robust protection against environmental elements.

WHAT'S IN THE BOX

Carefully unpack your DOOGEE Blade10 Power and ensure all items are present:

- 1 x DOOGEE Blade10 Power Smartphone
- 1 x USB Type-C Cable
- 1 x Power Adapter
- 1 x Pre-applied Screen Protector Film
- 1 x Thickened Screen Protector Film
- 1 x Packaging Box
- 1 x User Manual (this document)

Contenido del Paquete

- 1 x Movil Resistente
- 1 x Cable USB Tipo-C
- 1 x Cargador
- 1 x Película Protectora Serigrafiada(Pre-aplicada)
- 1 x Película Protectora Engrosada
- 1 x Caja de Embalaje
- 1 x Manual

SETUP

1. SIM Card and TF Card Installation

The DOOGEE Blade10 Power supports dual SIM cards and one TF (microSD) card for expanded storage. Locate the SIM card tray on the side of the device. Use the provided SIM ejector tool to open the tray. Insert your Nano-SIM cards and TF card into the designated slots as shown in the diagram. Ensure the tray is securely closed to maintain water and dust resistance.

2. Initial Charging and Power On

Before first use, fully charge your device using the provided USB Type-C cable and power adapter. Connect the adapter to a power outlet and the cable to the phone's USB-C port. The charging indicator will show the charging status. Once charged, press and hold the Power button (usually on the side) until the DOOGEE logo appears to power on the device.

OPERATING INSTRUCTIONS

Basic Navigation

Your DOOGEE Blade10 Power runs on Android 14, offering an intuitive user experience. Use gestures for navigation: swipe up from the bottom for the app drawer, swipe down from the top for notifications and quick settings, and tap icons to open applications.

Security Features: Fingerprint and Face ID

For enhanced security and quick access, set up Fingerprint Recognition and Face ID. The fingerprint sensor is located on the side of the device. Navigate to **Settings > Security > Fingerprint Unlock** or **Face Unlock** to register your biometrics. The device offers ultra-fast unlocking in approximately 0.19 seconds.

NFC Functionality

The integrated NFC (Near Field Communication) allows for quick and secure mobile payments with Google Pay and easy data transfer with compatible devices. Enable NFC in **Settings > Connected devices > NFC**.

Precise Navigation

The device supports multiple global navigation satellite systems including GPS, Glonass, Galileo, and Beidou, ensuring accurate positioning for navigation and location-based services.

Customizable Button and Gesture Control

Utilize the customizable button for quick access to frequently used functions or apps. Explore Smart Gesture Controls in settings for additional convenient interactions.

Glove Mode

For users who need to operate the phone while wearing gloves, the Glove Mode feature ensures precise recognition of finger movements, providing a fluid and uninterrupted user experience. Activate this mode in **Settings > Smart Assistant > Glove Mode**

DURABILITY AND PROTECTION

The DOOGEE Blade10 Power is built to withstand harsh environments, featuring IP68/IP69K and MIL-STD-810H certifications.

- **IP68:** Water and dust resistant, capable of immersion in water up to 1.5 meters for 30 minutes.
- **IP69K:** Resistant to high-pressure, high-temperature water jets.
- **MIL-STD-810H:** Military-grade durability against drops, shocks, and extreme temperatures. Withstands drops from up to 1.5 meters.

Its 360° comprehensive protection ensures reliable performance even in challenging outdoor or work environments.

Modo Guante

El Modo Guante está diseñado especialmente para usuarios que necesitan usar guantes al operar el teléfono, asegurando que los movimientos de los dedos sean reconocidos con precisión, incluso cuando están cubiertos, para una experiencia de uso fluida y sin interrupciones.

Image: IP68, IP69K, and MIL-STD-810H certifications for drop, dust, and water resistance.

Robust Construction

The phone's construction includes a high-resistance cover, aviation-grade titanium alloy, aviation-grade alloy material, TPU protection, and a composite board, all contributing to its exceptional durability.

ANDROID 14 FEATURES

The DOOGEE Blade10 Power runs on the latest Android 14 operating system, offering enhanced stability, fluidity, and overall performance compared to previous versions.

- **Focus Mode:** Helps you concentrate by pausing distracting apps.
- **Super Clipboard:** Advanced clipboard features for managing copied content.
- **Lift to Wake:** Automatically wakes the screen when you lift the phone.
- **Dual System Mode:** Run two separate environments for work and personal use.
- **Screen Enhancement:** Optimized display settings for better viewing.
- **Pocket Mode:** Prevents accidental touches when the phone is in your pocket.
- **Screen Sensors:** Improved sensor management for various functionalities.
- **Privacy Control:** Enhanced privacy settings to manage app permissions and data access.

- **Split Screen:** Multitask efficiently by using two apps simultaneously.

MAINTENANCE

To ensure the longevity and optimal performance of your DOOGEE Blade10 Power, follow these maintenance guidelines:

- **Cleaning:** Regularly wipe the screen and body with a soft, damp cloth. For stubborn dirt, use a mild soap solution. Ensure all ports are dry before charging or connecting accessories.
- **Water Exposure:** While the phone is waterproof, avoid prolonged immersion in saltwater or chlorinated water. If exposed, rinse with fresh water and dry thoroughly. Ensure all port covers are sealed before water exposure.
- **Temperature:** Avoid exposing the phone to extreme temperatures (very hot or very cold) for extended periods, as this can affect battery life and internal components.
- **Software Updates:** Keep your phone's software updated to the latest version to benefit from performance improvements, security patches, and new features. Check for updates in **Settings > System > System update**.
- **Battery Care:** Avoid completely draining the battery frequently. For optimal battery health, try to keep the charge between 20% and 80%.

TROUBLESHOOTING

If you encounter issues with your DOOGEE Blade10 Power, refer to the following common troubleshooting steps:

Device Not Powering On

- Ensure the battery is charged. Connect the phone to the charger for at least 30 minutes.
- Press and hold the Power button for 10-15 seconds to force a restart.

Screen Unresponsive

- Restart the device by holding the Power button.
- If the screen is physically damaged, contact customer support.

Poor Call Quality / Low Speaker Volume

- Check the volume settings during a call.
- Ensure the speaker and microphone are not obstructed by dirt or debris. Clean gently if necessary.
- Test with headphones to determine if the issue is with the phone's speaker/mic or the network.

Apps Crashing or Freezing

- Close and reopen the problematic app.
- Clear the app's cache and data in **Settings > Apps > [App Name] > Storage > Clear cache/Clear data**
- Ensure the app is updated to its latest version.
- If the issue persists, uninstall and reinstall the app.

Network Connectivity Issues (Wi-Fi/Mobile Data)

- Toggle Wi-Fi or mobile data off and on.
- Restart your router for Wi-Fi issues.
- Check your SIM card insertion and ensure it's active with your carrier.
- Reset network settings in **Settings > System > Reset options > Reset Wi-Fi, mobile & Bluetooth**

Factory Reset (Last Resort)

If other troubleshooting steps fail, you may consider a factory reset. This will erase all data on your phone, so ensure you back up important information first. Go to **Settings > System > Reset options > Erase all data (factory reset)**.
