PACKAGE CONTENTS

Please verify that all items are present in your package:

- Konitee IDW25 Smart Watch (Black)
- Konitee IDW25 Smart Watch (Pink)
- Charging Cable (x2)
- User Manual (this document)

SETUP

1. Initial Charging

Before first use, fully charge your Konitee IDW25 Smart Watch. Connect the charging cable to the watch's charging port and a standard USB power adapter (not included). A full charge typically takes approximately 2 hours.

2. App Installation

The Konitee IDW25 Smart Watch requires the "VeryFit" application for full functionality. Download the "VeryFit" app from your smartphone's app store (Apple App Store for iOS or Google Play Store for Android).

- Compatible with iOS 9.0 and above.
- Compatible with Android 6.0 and above.

3. Device Pairing

To pair your smartwatch with your smartphone:

1. Ensure Bluetooth is enabled on your smartphone.
2. Open the "VeryFit" app on your smartphone.
3. Follow the in-app instructions to search for and connect to your Konitee IDW25 Smart Watch.
4. Confirm the pairing request on both your watch and smartphone.

OPERATING INSTRUCTIONS

1. Basic Navigation

The Konitee IDW25 features a responsive 1.83-inch HD touchscreen. Swipe left, right, up, or down to navigate through menus, access quick settings, and view notifications. Tap to select items.

4. Health Monitoring

The IDW25 smartwatch provides comprehensive health monitoring features to help you track your well-being:

- **Heart Rate Monitor:** Continuously tracks your heart rate throughout the day.
- **SpO2 Monitor:** Measures your blood oxygen saturation levels.
- **Sleep Monitor:** Analyzes your sleep patterns, including deep sleep, light sleep, and wake times.
- **Stress Monitor:** Helps you understand and manage your stress levels.
- **Step Tracker:** Accurately records steps taken, distance traveled, and calories burned.

6. Customizing Watch Faces

Personalize your Konitee IDW25 with over 100 cloud dials available through the VeryFit app. You can also upload your own photos to create custom watch faces that suit your style.

MAINTENANCE

1. Cleaning

To maintain your smartwatch, regularly wipe the screen and strap with a soft, dry, lint-free cloth. For stubborn dirt, slightly dampen the cloth with water. Avoid using harsh chemicals or abrasive materials.

2. Water Resistance (IP68)

The Konitee IDW25 Smart Watch is IP68 rated for water resistance. This means it is protected against immersion in water up to 1.5 meters for up to 30 minutes. You can wear it while washing your hands, face, or during daily sweating without concern.

Important Note: The IP68 rating does not cover hot water or steam. Do not use the watch for baths, saunas, hot springs, or diving, as this may damage the device and void the warranty.

3. Battery Life and Charging

The IDW25 is equipped with a 300mAh battery, offering extended usage times:

- **Working Time:** Up to 5-7 days of active use.
- **Standby Time:** Up to 30 days.
- **Charging Time:** Approximately 2 hours for a full charge.

Use the provided charging cable and a compatible USB power source to charge the device. Avoid using damaged cables or non-standard chargers.

TROUBLESHOOTING

If you encounter issues with your Konitee IDW25 Smart Watch, please refer to the following common solutions:

Problem	Possible Solution
Watch not turning on	Ensure the watch is fully charged. Connect to charger for at least 30 minutes.
Unable to pair with smartphone	<ul style="list-style-type: none"> ◦ Ensure Bluetooth is enabled on your phone. ◦ Make sure the watch is within range of your phone. ◦ Restart both the watch and your phone. ◦ Clear Bluetooth cache on your phone (if applicable). ◦ Reinstall the "VeryFit" app.
Notifications not appearing	<ul style="list-style-type: none"> ◦ Check notification permissions in the "VeryFit" app. ◦ Ensure your phone's notification settings allow the app to display alerts. ◦ Verify the watch is properly connected via Bluetooth.
Inaccurate health data	Ensure the watch is worn snugly on your wrist, about one finger's width above the wrist bone. Clean the sensor on the back of the watch.
Short battery life	Reduce screen brightness, disable unnecessary features, and ensure the watch is fully charged before use.
