VG VOGCREST VG-102

VG VOGCREST Eyebrow Facial Trimmer VG-102 User Manual

Model: VG-102

1. PRODUCT OVERVIEW

The VG VOGCREST 2-in-1 Eyebrow Facial Trimmer is a versatile and compact device designed for gentle and effective hair removal. It features two interchangeable heads for different grooming needs: a facial shaver head for larger areas and an eyebrow precision head for detailed shaping. The device is rechargeable via Type-C and includes a built-in LED light for enhanced visibility during use.

Key Features:

- **2-in-1 Design:** Includes both a facial shaver head and an eyebrow precision head.
- **Rechargeable:** Convenient Type-C charging.
- **Built-in LED Light:** Illuminates fine hairs for precise removal.
- **Compact and Portable:** Ideal for home use and travel.
- **Gentle and Painless:** Designed for sensitive skin, preventing nicks, cuts, and irritation.

2. SAFETY INFORMATION

Please read and adhere to the following safety guidelines to ensure safe and effective operation of your device:

- Do not use the device near water or while it is charging.
- Always clean and dry the device after each use.
- Keep the charging port dry and free of debris.
- Always unplug the charger when the device is not in use or when charging is complete.
- Do not use the device if it has been damaged or is not functioning properly.
- Keep out of reach of children.

3. COMPONENTS

The VG VOGCREST Eyebrow Facial Trimmer consists of the following main components:

- **Main Body:** Contains the motor, battery, and power switch.
- **Facial Shaver Head:** Designed for removing hair from larger facial areas.

- **Eyebrow Precision Head:** Designed for precise trimming and shaping of eyebrows.
- **USB Type-C Charging Port:** For recharging the device.
- **Built-in LED Light:** Assists in visibility during use.

4. CHARGING THE DEVICE

The VG VOGCREST trimmer is equipped with a rechargeable battery for cordless operation.

1. Locate the Type-C charging port on the device.
2. Connect the provided Type-C charging cable to the device and a suitable USB power source (e.g., wall adapter, computer USB port).
3. The indicator light will illuminate red during charging.
4. Once fully charged, the indicator light will change from red to green.
5. Unplug the charging cable from the device and power source.

Note: Ensure the charging port is dry before connecting the cable.

5. OPERATING INSTRUCTIONS

For optimal results, ensure your skin is clean and dry before use.

General Usage Steps:

1. **Install the desired cutting head:** Gently twist and attach either the facial shaver head or the

eyebrow precision head onto the main body.

2. **Turn on the device:** Slide the power switch upward into the "ON" position. The built-in LED light will illuminate.
3. **Begin trimming:** Follow the specific instructions below for each head.
4. **Turn off the device:** After use, slide the power switch downward to the "OFF" position.

Image 5.1: Step-by-step visual guide for using the trimmer.

Using the Facial Shaver Head:

- Gently press the facial shaver head against your skin.
- Move the device in small, slow circular motions over the desired area.
- For stubborn hairs, hold the skin taut to ensure closer contact with the blade.
- This head is ideal for peach fuzz and fine hair on the upper lip, cheeks, chin, and neck.

Using the Eyebrow Precision Head:

- Position the eyebrow precision head at the desired starting point of your eyebrow.
- Move the device in small, gentle back-and-forth motions to trim and shape your eyebrows.
- Use the built-in LED light to clearly see and target individual hairs for precise shaping.

6. CLEANING AND MAINTENANCE

Regular cleaning ensures optimal performance and hygiene of your trimmer.

1. **Turn off the device:** Ensure the trimmer is switched off before cleaning.
2. **Remove the cutting head:** Gently twist and detach the used cutting head from the main body.
3. **Clean the head:** Use the small cleaning brush (if included) to brush away any accumulated hair from the blades and inside the head. The detachable head can also be rinsed under running water. Ensure it is completely dry before reattaching.
4. **Clean the main body:** Wipe the main body with a dry, soft cloth. Do not rinse the main body under water.
5. **Reattach the head:** Once clean and dry, reattach the cutting head to the main body.
6. **Storage:** Store the device in a cool, dry place, away from direct sunlight and moisture.

7. TROUBLESHOOTING

If you encounter issues with your VG VOGCREST trimmer, consider the following common solutions:

- **Device not turning on:** Ensure the device is fully charged. Connect it to the charger and check if the indicator light shows charging status.
- **Poor trimming performance:** Clean the cutting head thoroughly to remove any trapped hairs or debris. Ensure the head is securely attached.
- **Skin irritation:** Ensure your skin is clean and dry before use. Use gentle, slow motions. If irritation persists, discontinue use.
- **Charging issues:** Check the Type-C cable and power source for proper connection. Ensure the charging port is clean and free of obstructions.

If the problem persists after attempting these steps, please refer to the warranty and support information.
