Blackhead Removal Tweezer Transfer Head (Cutting Head) Instruction Manual

Brand: scopepick

PRODUCT OVERVIEW

This manual provides instructions for the proper use and maintenance of the scopepick Blackhead Removal Tweezer Transfer Head (Cutting Head). This specialized tool is designed for precise blackhead extraction. The package includes one cutting head.

A close-up view of the metallic blackhead removal tweezer with a black cap at the end, designed for precise extraction. The image highlights the cutting head at the tip of the tool.

SETUP

- Charging:** Ensure the device is fully charged before first use. While specific charging instructions are not provided, it is generally recommended to charge until the indicator light (if present) signals full charge. Avoid using the device while charging, as it may heat up.
- App Download:** This device requires a dedicated application for full functionality, particularly for its camera and magnification features. Download the official application from your device's app store (e.g., Apple App Store for iOS, Google Play Store for Android).
- Device Connection:**
 - Open the downloaded application on your smartphone or tablet.
 - Follow the in-app instructions to connect the tweezer device. This typically involves enabling Bluetooth or Wi-Fi on your mobile device and selecting the tweezer from the list of available devices.
 - For iPhone users experiencing connection issues, ensure your iOS is updated to the latest version. If problems persist, try restarting your phone.
- Familiarization:** Before initial use on skin, familiarize yourself with the device's operation, especially the camera view and tweezer control, by practicing on a non-sensitive surface. There may be a learning curve to effectively use the magnified view for precise extraction.

OPERATING INSTRUCTIONS

Follow these steps for effective and safe blackhead removal:

- Prepare the Area:** Cleanse the skin area around the blackhead thoroughly with a suitable facial cleanser. Warm compresses can help open pores, making extraction easier.
- Activate Device:** Turn on the blackhead removal tweezer. Open the associated application on your mobile device to view the magnified image from the integrated camera. The camera provides a clear, magnified view, allowing you to see through the skin barrier for precise targeting.
- Position the Tool:** Carefully position the cutting head of the tweezer around the blackhead, using the magnified view on your screen for guidance.
- Gentle Extraction:** Gently squeeze the blackhead with the cutting head of the tool. Apply steady, light pressure. Avoid excessive force, which can damage the skin.
- Post-Extraction Care:** After extraction, clean the treated area with an antiseptic or toner to prevent infection.

MAINTENANCE

- Cleaning the Tweezer Head:** The tweezer heads are detachable for easy cleaning. After each use, detach the cutting head and clean it thoroughly. You can use an alcohol wipe or a suitable sterilizing solution.
- Sanitization:** The device features a UV light at the tip of the camera that activates when the tweezers are turned off. This UV light is intended to assist in sanitizing the tips. However, it is recommended to manually clean the tips after a few uses for optimal hygiene.
- Storage:** Store the device in a clean, dry place, away from direct sunlight and extreme temperatures.
- Head Replacement:** Dispose of used heads after use, especially if they show signs of wear or damage. Replacement heads are available for purchase.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Device not connecting to phone/app.	Outdated iOS version; app glitch; connection error.	Ensure your iOS is updated to the latest version. Try restarting your phone. Reinstall the app if necessary. Ensure Bluetooth/Wi-Fi is enabled and the device is discoverable.
Camera/magnifier not working consistently.	App instability; low battery.	Restart the app and the device. Ensure the device is fully charged. Check for app updates.
Device not turning off or on.	Battery drain; internal malfunction.	Allow the battery to fully drain, then attempt to charge and power on again. If the issue persists, contact customer support.
Battery drains quickly or device heats up during charging/use.	Normal operation (some heat is expected); faulty battery; using while charging.	Avoid using the device while it is charging. Ensure you are using the correct charging cable/adapter. If overheating is severe, discontinue use and contact customer support.

SPECIFICATIONS

- **Model Name:** Blackhead Removal Tweezer Transfer Head (Cutting Head)
- **Brand:** scopepick
- **Item Form:** Tweezer
- **Material:** Metal
- **Color:** Cutting Head
- **Package Dimensions:** 2.99 x 1.3 x 0.47 inches
- **Item Weight:** 0.32 ounces
- **Item Model Number:** MB1, MB2, MT1, MT2, MS1, MS2
- **Manufacturer:** Muby Technology Co., LTD
- **First Available:** November 3, 2024

SAFETY INFORMATION

Please read and adhere to the following safety guidelines:

- This product is intended for personal cosmetic use only. Do not use for medical diagnosis, treatment, cure, or prevention of any disease or health condition.
- Keep out of reach of children. The cutting head is sharp and can cause injury.
- Do not use on irritated, broken, or infected skin. Consult a dermatologist if you have severe skin conditions.
- Avoid excessive pressure during extraction to prevent skin damage, bruising, or scarring.
- Ensure the device is clean and sanitized before and after each use to prevent bacterial transfer.
- If you experience any discomfort, pain, or adverse reactions, discontinue use immediately and consult a healthcare professional.

WARRANTY AND SUPPORT

Specific warranty details are not provided with this product. For any product-related inquiries, technical support, or warranty claims, please contact the manufacturer, Muby Technology Co., LTD, or the seller directly through your

purchase platform. Retain your proof of purchase for any support requests.

For additional information or to purchase replacement parts, please visit the official scopepick website or contact their customer service.
