WHAT'S INCLUDED

The SAKYPRORAL G5S AI Electric Toothbrush kit includes the following components:

- G5S Smart Sonic Toothbrush (1 unit)
- Soft W-Diamond Brush Heads (2 units)
- Protective Caps for brush heads (2 units)
- Travel Case (1 unit)
- USB Charging Cable (1 unit)
- Support & Warranty Guide (1 unit)

SETUP

1. **Charge the Toothbrush:** Before first use, fully charge the toothbrush. Connect the USB charging cable to a compatible power source and place the toothbrush onto the charging base. The smart display will indicate charging status. A full charge provides approximately 150 days of battery life.
2. **Attach a Brush Head:** Align the brush head with the metal shaft on the toothbrush handle and push it down until it clicks into place.
3. **Initial Cleaning:** Rinse the brush head under running water. Apply a small amount of toothpaste to the bristles.

OPERATING INSTRUCTIONS

1. **Power On/Off:** Press the power button once to turn on the toothbrush. Press and hold the power button to turn it off.
2. **Select a Brushing Mode:** With the toothbrush powered on, press the power button repeatedly to cycle through the 5 available modes:
 - **BEGINNER:** Gentle introduction for new electric toothbrush users.
 - **WHITENING:** Designed for effective stain removal.
 - **FAST:** For quick and efficient daily cleaning.
 - **MASSAGE:** Provides a gentle gumline massage.
 - **GENTLE:** For sensitive teeth and gums.
3. **Smart Display & Real-Time Feedback:** The G5S features an AI smart display that tracks 6 oral zones in real-time. It provides visual feedback on brushing coverage and missed spots, aiming for 100% clean.

4. **3-Minute Smart Timer:** The built-in timer ensures a dentist-recommended 3-minute brushing duration. The toothbrush will pulse every 30 seconds to guide you to move to the next of the 6 oral quadrants.

6-Zone Mapping

3-Min Timer • 30s Smart Alerts

MAINTENANCE

- **Cleaning the Toothbrush:** The G5S toothbrush is waterproof. After each use, rinse the brush head and the handle under running water. Wipe the handle dry with a soft cloth.

- **Replacing Brush Heads:** Replace brush heads every 3 months, or sooner if the bristles appear frayed or worn, to maintain optimal performance and hygiene. The kit includes 2 premium "W" reminder heads for the first 6 months of use.
- **Charging:** Recharge the toothbrush when the battery indicator on the smart display shows low power. The toothbrush offers up to 150 days of use on a single charge.

TROUBLESHOOTING

If you encounter any issues with your SAKYPRORAL G5S AI Electric Toothbrush, please refer to the following common solutions:

Problem	Possible Cause	Solution
Toothbrush does not turn on.	Low battery.	Charge the toothbrush fully.
Weak vibration.	Low battery or incorrect mode.	Recharge the toothbrush. Select a stronger brushing mode.
Smart display shows missed spots repeatedly.	Inconsistent brushing technique.	Adjust brushing angle and ensure even coverage across all 6 zones. Refer to the Bass brushing technique.
Brush head does not fit securely.	Incorrect brush head or improper attachment.	Ensure you are using SAKYPRORAL G5S compatible brush heads. Push firmly until it clicks.
