AIPER Seagull SE

AIPER Cordless Robotic Pool Vacuum User Manual

Model: Seagull SE

1. INTRODUCTION

The AIPER Cordless Robotic Pool Vacuum, Model Seagull SE, is designed to provide efficient and hassle-free cleaning for your above-ground flat pool. Featuring self-parking technology and a portable, cordless design, this robotic cleaner simplifies pool maintenance, allowing you to enjoy a consistently clean swimming environment with minimal effort.

Its powerful suction system is engineered to effectively capture debris, dirt, and leaves from the pool floor, ensuring crystal clear water. With intuitive one-button control, the Seagull SE is user-friendly and requires no complex setup or constant supervision.

2. PACKAGE CONTENTS

Please ensure all items are present and in good condition upon unboxing:

- Aiper Seagull SE Robotic Pool Cleaner
- Power Adapter
- Retrieval Hook
- User Manual
- Brushes (x2)
- Spare Wheels (x2)

3. PRODUCT OVERVIEW

Familiarize yourself with the main components of your robotic pool vacuum:

- **Main Unit:** Houses the motor, battery, and control system.
- **Handle:** For easy lifting and retrieval.
- **Power Button/Indicator:** Simple one-button operation with LED indicators for status.
- **Filter Basket/Canister:** Collects debris.
- **Brushes:** Located on the underside for scrubbing the pool floor.
- **Wheels:** For movement across the pool floor.

4. SETUP AND INITIAL USE

4.1 Charging the Unit

Before first use, fully charge the robotic pool vacuum. Connect the power adapter to the charging port on the unit and plug

it into a standard electrical outlet. The LED indicators will show the charging status. A full charge takes approximately 2.5 hours.

Figure 4.1: Connecting the power adapter for charging.

4.2 Placing in the Pool

Once fully charged, ensure the pool is free of large obstacles. Gently lower the robotic cleaner into the pool. It will sink to the bottom as it fills with water. Ensure no air bubbles are trapped inside.

Figure 4.2: Activating the cleaner with one-click before placing it in the pool.

5. OPERATION

5.1 Starting the Cleaning Cycle

With the unit submerged, press the single power button on top of the cleaner. The unit will beep and begin its cleaning cycle. It will navigate the pool floor, collecting debris with its powerful suction.

Powerful Performance

Picks up dirt and debris with ease

Figure 5.1: The robotic cleaner actively picking up dirt and debris from the pool floor.

5.2 Self-Parking Technology

The Seagull SE is equipped with self-parking technology. Once the cleaning cycle is complete or the battery is low, the unit will automatically return to the edge of the pool for easy retrieval.

Self-Parking Technology

6. MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your robotic pool vacuum.

6.1 Cleaning the Filter

After each cleaning cycle, remove the filter basket/canister and empty any collected debris. Rinse the filter thoroughly with a garden hose to remove fine dirt and particles. Ensure the filter is completely clean before reinserting it into the unit.

Figure 6.1: Rinsing the filter basket to remove collected debris.

6.2 Cleaning the Brushes and Wheels

Periodically inspect the brushes and wheels for any tangled hair or debris. Clean them as needed to ensure smooth operation and effective cleaning performance.

7. SPECIFICATIONS

Feature	Specification
Brand	AIPER
Model Name	Seagull SE
Power Source	Battery Powered
Control Method	Touch
Battery Type	Lithium-Ion
Battery Energy Content	44.4 Watt Hours
Charging Time	Approx. 2.5 hours
Item Weight	10.25 pounds
Product Dimensions	13.4 x 13.2 x 6.8 inches
Material	Plastic
Color	White
Installation Type	Robotic

8. WARRANTY AND SUPPORT

AIPER is committed to providing excellent customer support and product reliability. Your AIPER Seagull SE comes with:

- **Extended One-Year Warranty:** Providing peace of mind for your investment.
- **Complimentary Consumable Replacements:** Ensuring your cleaner continues to perform at its best.

For further assistance, troubleshooting, or to inquire about replacements, please visit the official AIPER website or contact their customer service directly.
