Tastyle 320it, 330ic

Tastyle Heightened Drip Tray Instruction Manual

For Coffee Maker Models 320it and 330ic

1. Product Overview

The Tastyle Heightened Drip Tray is an accessory designed to enhance the functionality of your Tastyle Coffee Maker Models 320it and 330ic. This tray provides additional clearance beneath the coffee dispenser, allowing for the use of taller mugs and travel cups. It ensures that your beverage is dispensed directly into your chosen cup without splashes or spills, maintaining a clean brewing area.

Image 1: Tastyle Coffee Maker with a standard mug. The heightened drip tray replaces the original to accommodate taller vessels.

2. Package Contents

Please verify that all items are present in the package:

- 1 x Tastyle Heightened Drip Tray (Black)

3. Compatibility

This heightened drip tray is specifically designed for and compatible with the following Tastyle Coffee Maker models:

- Tastyle Coffee Maker Model 320it
- Tastyle Coffee Maker Model 330ic

Note: *Using this drip tray with incompatible models may result in improper fit or function.*

4. Setup Instructions

Follow these steps to install the Tastyle Heightened Drip Tray:

1. **Unpack:** Carefully remove the heightened drip tray from its packaging.
2. **Remove Original Drip Tray:** Locate the existing drip tray on your Tastyle Coffee Maker (Model 320it or 330ic). Gently slide it out from its position.
3. **Insert Heightened Drip Tray:** Align the new heightened drip tray with the slot on your coffee maker. Slide it firmly into place until it is securely seated.
4. **Verify Placement:** Ensure the drip tray is level and stable. It should not wobble or feel loose.

5. Usage Guidelines

The heightened drip tray allows for the use of taller mugs and travel cups. Place your desired cup directly onto the drip tray before brewing. The increased height ensures proper alignment with the coffee dispenser, preventing splashes and accommodating larger beverage volumes.

Image 2: Tastyle Coffee Maker demonstrating various brewing methods. The heightened drip tray supports the use of larger cups for these

diverse brewing options.

6. Maintenance and Cleaning

Regular cleaning of your drip tray is essential for hygiene and to prevent residue buildup.

- **Daily Cleaning:** After each use, remove the drip tray and empty any accumulated liquid. Rinse it under warm running water.
- **Weekly Cleaning:** For a more thorough clean, wash the drip tray with mild dish soap and a soft sponge. Rinse thoroughly to remove all soap residue.
- **Drying:** Allow the drip tray to air dry completely or wipe it with a clean, dry cloth before reinserting it into the coffee maker.

Caution: *Do not use abrasive cleaners, scouring pads, or harsh chemicals, as these can damage the surface of the drip tray.*

7. Troubleshooting

If you encounter issues with your heightened drip tray, refer to the table below:

Problem	Possible Cause	Solution
Drip tray does not fit properly.	Incompatible coffee maker model.	Verify your coffee maker is either Model 320it or 330ic. This drip tray is not universal.
Liquid spills or overflows.	Drip tray is full or improperly seated.	Empty the drip tray regularly. Ensure it is fully inserted and level.
Tray appears dirty or stained.	Lack of regular cleaning.	Refer to the "Maintenance and Cleaning" section for proper cleaning procedures.
