Hikiddo 24V Ride on Tractor

Hikiddo 24V Kids Ride on Tractor with Trailer Instruction Manual

Model: 24V Ride on Tractor

Brand: Hikiddo

INTRODUCTION

Thank you for choosing the Hikiddo 24V Kids Ride on Tractor with Trailer. This manual provides essential information for the safe assembly, operation, and maintenance of your new electric tractor. Please read all instructions carefully before use and retain this manual for future reference.

Safety Information

Your child's safety is paramount. This tractor is designed with several safety features:

- **Soft-Start Technology:** Ensures a gradual acceleration to prevent sudden jerks.
- **Three-Point Seatbelt:** Securely fastens your child in the seat.
- **Safety Grab Handles:** Provides additional support for your child.
- **Certified Safety:** This product is certified by ASTM F963 and CPSIA standards.

WARNING: NO REMOTE INCLUDED. This model is designed for child operation via foot pedal and steering wheel only. Adult supervision is always required.

3-Point Seat Belt

ASSEMBLY

Assembly of the Hikiddo 24V Kids Ride on Tractor is straightforward. Please follow the detailed instructions provided in the separate assembly guide included in your package. Ensure all parts are present and securely fastened before first use.

Key Assembly Steps:

1. Attach the wheels to the main tractor body.
2. Connect the battery (ensure correct polarity).
3. Install the seat and secure the seatbelt.

4. Assemble the trailer and attach it to the tractor's hitch.

Video: This official Hikiddo video demonstrates the assembly process and highlights the tractor's features, including its four available colors. It shows the ease of putting the tractor together.

BATTERY CHARGING

The tractor is powered by a 24V 7Ah large battery. A single full charge provides up to 120 minutes (2 hours) of continuous driving fun.

Charging Procedure:

1. Locate the charging port on the tractor (refer to the assembly guide for exact location).
2. Connect the charger to the charging port and then to a standard wall outlet.
3. Allow the battery to charge for the recommended duration (typically 8-12 hours for a full charge, but refer to the specific charging instructions in your manual).
4. Do not overcharge the battery. Disconnect the charger once charging is complete.

OPERATING INSTRUCTIONS

Starting the Tractor:

1. Ensure the battery is fully charged.
2. Turn the power switch to the ON position.
3. Press the foot pedal to engage the motor and move forward. Release the pedal to brake.

Speed Settings:

The tractor features multiple speed levels for varied driving experiences. Use the high/low speed switch located on the dashboard to select the desired speed. The maximum speed is 4.5 mph.

Music and Bluetooth Connectivity:

The built-in music player allows for an enhanced driving experience. You can connect your smart device via Bluetooth to play your child's favorite music or stories. The dashboard also includes USB and AUX ports for additional audio options.

Image: Close-up of the Hikiddo 24V Kids Ride on Tractor's dashboard, showing the music player with USB and AUX ports, and control buttons. This illustrates the entertainment features.

Trailer Use:

The detachable trailer allows your child to transport items like sand, dirt, or small toys. A shovel is included for interactive play. To attach or detach the trailer, follow the instructions in the assembly guide.

2 in 1 Ride on Tractor

MAINTENANCE

Regular maintenance will ensure the longevity and safe operation of your Hikiddo tractor.

Cleaning:

- Wipe the tractor with a damp cloth. Do not use harsh chemicals or abrasive cleaners.
- Avoid spraying water directly onto electrical components.

Storage:

- Store the tractor in a dry, cool place away from direct sunlight and moisture.

- If storing for extended periods, ensure the battery is fully charged and recharge it every 3 months to maintain battery health.

TROUBLESHOOTING

If you encounter issues with your Hikiddo tractor, please refer to the following common solutions:

- **Tractor does not move:** Check if the battery is charged and properly connected. Ensure the power switch is ON and the foot pedal is fully pressed.
- **Reduced power/speed:** The battery may need recharging. Ensure the speed setting is not on 'low'.
- **Unusual noises:** Inspect wheels and axles for any obstructions or loose parts.

For more complex issues, please contact Hikiddo customer support.
