Heybly HCT091W

Heybly Cat Tower HCT091W Instruction Manual

Model: HCT091W | Brand: Heybly

1. INTRODUCTION

The Heybly Cat Tower HCT091W is a multi-level, floor-to-ceiling cat tree designed to provide a stimulating and comfortable environment for large cats or multiple cats. Its space-saving design and adjustable height make it suitable for various home environments, offering multiple platforms, scratching surfaces, and cozy resting spots.

2. SAFETY INFORMATION

- Ensure all components are securely fastened during assembly and regularly check for any loose parts.
- Always use the included anti-tip device to secure the cat tower to the ceiling, preventing accidental tipping.
- Place the cat tower on a flat, stable surface.
- Keep children away from the cat tower during assembly to avoid injury.
- Inspect the tower periodically for wear and tear, especially on scratching surfaces and platforms. Replace damaged parts as needed.

3. PACKAGE CONTENTS

Before assembly, verify that all parts listed below are present. Refer to the assembly diagram in the included manual for

visual identification of each component.

- Base Plate
- Multiple Platforms/Levels
- Sisal Rope Covered Posts (Scratching Posts)
- Plush Covered Posts
- Cat House/Condo
- Hammock
- Scratching Ramp
- Adjustable Top Pole (Tension Rod)
- Assembly Hardware (Screws, Connectors)
- Hex Wrench
- Assembly Instruction Manual

4. SETUP AND ASSEMBLY INSTRUCTIONS

Assembly of the Heybly Cat Tower HCT091W is designed to be straightforward. Follow the step-by-step instructions provided in the included illustrated manual. Use the supplied hex wrench to tighten all screws securely. Do not overtighten.

1. Unpack all components and verify against the package contents list.
2. Begin by attaching the lowest posts to the base plate using the provided hardware.
3. Continue building upwards, attaching platforms, the cat house, and the hammock as indicated in the manual's diagrams.
4. Once the main structure is assembled, attach the adjustable top pole.
5. Position the cat tower in your desired location.
6. Extend the adjustable top pole by rotating it until it firmly presses against the ceiling. This tension rod mechanism ensures the tower's stability and prevents tipping. Ensure it is snug but not excessively tight to avoid ceiling damage.
7. Perform a final check to ensure all connections are secure and the tower is stable.

5. OPERATING INSTRUCTIONS (FEATURES)

The Heybly Cat Tower HCT091W offers a variety of features designed for your cat's comfort and entertainment:

- **Ultra-Slim & Space-Saving Design:** With a base size of 40cm x 40cm, this tower is designed to fit into smaller spaces while providing maximum vertical play area.
- **Adjustable Height:** The tower's height can be adjusted from 235cm to 265cm, allowing it to securely fit various ceiling heights in your home.
- **Enhanced Stability:** A thick base plate combined with the anti-tip tension rod mechanism ensures overall stability. Key platforms and the hammock are supported by two columns for added security, especially for larger cats.
- **Multi-Level Cat Play Area:** The entire structure is designed for climbing and scratching. Platforms are strategically placed to allow easy access for kittens and senior cats who may have difficulty jumping.
- **Large Observation Deck:** A spacious 40cm x 35cm observation deck, supported by two columns, provides a comfortable spot for large cats to rest and survey their surroundings.
- **Cozy Hammock:** A soft, comfortable hammock offers a perfect spot for cats to relax and nap.
- **Private Cat House:** An enclosed cat house provides a secure and private hideaway for your cat.
- **Sisal Scratching Posts & Ramp:** Multiple posts and a dedicated ramp are covered with durable sisal rope, encouraging healthy scratching habits and protecting your furniture.
- **Interactive Toy:** A sisal rope 'ponytail' toy is included for interactive play, stimulating your cat's natural instincts.

6. MAINTENANCE

- **Cleaning:** The cat tower should be spot cleaned only. Use a damp cloth and mild detergent for stains, then air dry. Do not machine wash or submerge in water.

- **Regular Inspection:** Periodically check all screws and connections to ensure they remain tight. Re-tighten if necessary to maintain stability.
- **Wear and Tear:** Over time, sisal scratching surfaces may show wear. Monitor these areas and consider replacing parts if they become excessively worn, as this can affect your cat's enjoyment and the tower's appearance.

7. TROUBLESHOOTING

- **Tower feels unstable:** Ensure the adjustable top pole is properly extended and creating firm tension against the ceiling. Re-tighten all assembly screws. Verify the base is on a flat, level surface.
- **Cats are not using the tower:** Try placing catnip, favorite toys, or treats on different levels to encourage exploration. Cats often need time to adjust to new furniture.
- **Sisal scratching posts are worn:** This is normal wear. Refer to the 'Warranty & Support' section for information on purchasing replacement parts.

8. SPECIFICATIONS
