2. SAFETY INFORMATION

Important: This desk requires self-assembly. Please read these instructions carefully and follow them precisely to ensure safe assembly. Only proceed with assembly if you possess the necessary skills and tools. Incorrect assembly can lead to injury or damage to the product.

- Keep all small parts and packaging materials away from children.
- Ensure all screws and fasteners are tightened securely before use.
- Do not overload the desk or shelves beyond their stated weight capacity.
- Place the desk on a level, stable surface to prevent tipping.
- Avoid exposing the desk to excessive moisture or direct sunlight.

3. PACKAGE CONTENTS

Before beginning assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

1. **Prepare Workspace:** Clear a spacious area for assembly. Lay out all components and hardware.
2. **Assemble Frame:** Begin by assembling the steel frame components according to the diagrams in the included paper manual. Ensure all connections are finger-tightened initially.
3. **Attach Desktop Panels:** Carefully place the desktop panels onto the assembled frame. Secure them using the provided screws.
4. **Install Shelves:** Attach the upper and lower storage shelves to the designated frame sections.
5. **Integrate Power Strip:** Install the power strip with USB ports into its designated slot on the desktop. Connect the power cable.
6. **Attach Fabric Drawer:** Secure the fabric storage drawer to the side of the desk as shown in the diagrams.
7. **Install LED Strip (Optional):** If your model includes an LED strip, adhere it to the underside of the upper shelf or desired location. Connect it to the power source.
8. **Final Tightening:** Once all components are in place, systematically tighten all screws and bolts using the Allen wrench. Do not overtighten.

9. **Adjust Feet:** Adjust the non-slip feet at the bottom of the desk legs to ensure stability on uneven floors.
