YFO ZBWY002

YFO ZBWY002 Big and Tall Office Chair Instruction Manual

Brand: YFO | Model: ZBWY002

INTRODUCTION

This manual provides comprehensive instructions for the assembly, operation, maintenance, and troubleshooting of your YFO ZBWY002 Big and Tall Office Chair. Designed for comfort and durability, this ergonomic chair features adjustable lumbar support, 4D armrests, and a heavy-duty mesh design to accommodate users up to 500 lbs. Please read this manual thoroughly before assembly and use to ensure proper function and safety.

The YFO Big and Tall Office Chair, designed for comfort and durability, shown in a modern office environment.

PRODUCT FEATURES

- **Heavy-Duty Construction:** This office chair is engineered to support individuals weighing up to 500 pounds, ensuring stability and longevity.
- **Extra Wide Seat with Thick Cushion:** The seat features a wider and thicker cushion, providing superior comfort for extended periods.
- **Adjustable Lumbar Support:** The backrest includes adjustable lumbar support, allowing you to customize the fit for optimal spinal health and comfort.
- **4D Adjustable Armrests:** Armrests can be adjusted in four dimensions: height, front-to-back, and 360-degree rotation, offering versatile support for your arms and shoulders.
- **Breathable Mesh Material:** The backrest is made from classic mesh fabric, promoting airflow to keep you cool and comfortable.
- **Multifunctional Adjustments:** Easily adjust the chair's height, tilt angle, and rocking tension to find your preferred seating

position.

Max Weight Capacity 500 Lbs Super Wide Seat

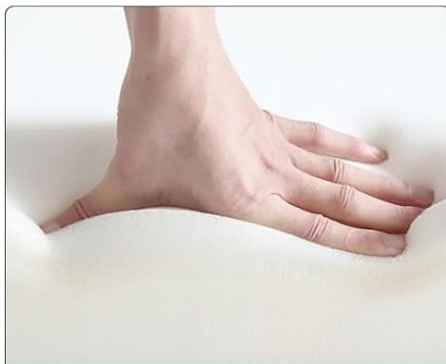

This heavy-duty office chair is built to support up to 500 pounds, providing robust stability for larger users.

WIDE SEAT THICK CUSHION

Waterfall Seat Design

Resilience Soft Cushions

Comfortable & Thick Cushions

The chair features a wide and thick cushion with a waterfall seat design for enhanced comfort and pressure distribution.

ERGONOMIC- FLEXIBLE LUMBAR ADJUSTMENT

OPERATING INSTRUCTIONS

Your YFO ZBWY002 office chair offers several adjustable features to enhance your comfort and support:

- **Height Adjustment:** Use the lever located under the seat on the right side to raise or lower the chair to your desired height.
- **Lumbar Support Adjustment:** The lumbar support can be adjusted vertically to align with the natural curve of your spine. Gently push or pull the lumbar pad to reposition it.
- **Armrest Adjustment:** The 4D armrests can be adjusted for height, forward/backward position, and rotation. Use the buttons or levers on the armrests to make these adjustments.
- **Tilt and Rocking Function:** The tilt tension knob underneath the seat controls the resistance of the backrest when reclining. Turn clockwise to increase tension (less recline) and counter-clockwise to decrease tension (more recline). A separate lever can lock the backrest in an upright position or allow it to rock freely.

MULTIFUNCTIONAL ADJUSTABLE

The chair offers multifunctional adjustments including height, 360-degree swivel, and a tilt tension knob to control the backrest's rocking pressure for optimal comfort.

MAINTENANCE

To ensure the longevity and optimal performance of your YFO office chair, please adhere to the following maintenance guidelines:

- Always assemble the chair according to the provided instructions.
- Do not exceed the maximum weight capacity of 500 pounds.
- Keep the chair away from heat sources and sharp objects to prevent damage to the chair and potential injury.
- Regularly check all screws and bolts to ensure they are tight. Re-tighten as necessary.
- Clean the mesh backrest and fabric seat with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.

TROUBLESHOOTING

If you encounter any issues with your YFO office chair, please refer to the following common troubleshooting tips:

- **Chair not adjusting height:** Ensure the height adjustment lever is fully engaged and the gas lift cylinder is not obstructed.
- **Chair wobbles:** Check all assembly screws and bolts to ensure they are securely tightened. Ensure the chair is on a flat, even surface.
- **Casters not rolling smoothly:** Inspect casters for any debris (hair, lint) and remove if present. Ensure casters are properly inserted into the chair base.
- **Backrest not tilting/rocking:** Verify the tilt lock lever is disengaged. Adjust the tilt tension knob to your desired resistance.
