ROSPE FFUP01

ROSPE 128GB MFi Certified 3-in-1 USB Flash Drive User Manual

Brand: ROSPE | **Model:** FFUP01

1. PRODUCT OVERVIEW

The ROSPE 128GB MFi Certified 3-in-1 USB Flash Drive is designed for seamless data transfer and storage expansion across multiple devices. It features three connectors: Lightning, USB-C, and USB 3.0, ensuring broad compatibility with iPhones, iPads, Android devices, and PCs. This flash drive allows you to quickly free up space on your mobile devices and store photos, videos, and other files without relying on iTunes or iCloud.

2. SETUP AND APPLICATION INSTALLATION

For iPhone and iPad users, a dedicated application is required to manage files and utilize the flash drive's features. Android and PC users typically do not require an additional application.

2.1. For iPhone/iPad Users:

1. When connecting the flash drive for the first time, your device may prompt you to "Allow" access. Please grant

permission.

- 2. Download the "ROSPE" application from the App Store. Search for "ROSPE" and install the app.
- 3. Once installed, open the ROSPE app to begin managing your files.

Supports Multiple File Formats

2.2. For Android/PC Users:

For Android phones, ensure your device supports OTG (On-The-Go) functionality to use the USB drive. No specific application is required for Android or PC devices; simply plug and play.

2.3. Video Guide: App Download and Usage

Video: A short demonstration showing how to download the ROSPE app, connect the flash drive, and navigate the app interface for basic file operations.

3. OPERATING INSTRUCTIONS: DATA TRANSFER AND MANAGEMENT

The ROSPE flash drive facilitates efficient and stable data transfer for various file types, including photos, music, videos, and documents.

3.1. One-Click Backup:

The ROSPE app allows for easy one-click backup of photos, videos, and contacts from your phone. You can also capture photos or videos directly to the USB drive, saving space on your device.

3.2. Important Note on Data Transfer:

When transferring data for the first time, always select **"Copy"** (not "Cut") to move files from your phone to the ROSPE USB drive. Only delete the original source files after confirming that all data has been securely backed up to the flash drive. For additional security, you can also back up your data to a computer via the USB 3.0 port, creating multiple backup copies to minimize data loss risk.

3.3. Transfer Speeds:

- **Lightning and USB-C Connectors:** Approximately 20 MB/s read speed and 10 MB/s write speed.
- **USB 3.0 Port:** Approximately 40 MB/s read speed and 20 MB/s write speed.

Image: A visual representation of the typical read and write speeds for the Lightning/USB-C and USB 3.0 connectors.

3.4. Supported File Formats:

The flash drive supports direct playback and management of a wide range of file formats:

- **Image:** BMP, TIFF, PNG, GIF, JPG, JPEG
- **Video:** MOV, MPG, VOB, WMV, RMVB, AVI, MP4, FLV, 3GP
- **Music:** MP3, WMA, WAV, M4A, AAC, M4R, OGG
- **File:** DPF, TXT, WORD (DOC/DOCX), EXCEL (XLS/XLSX), PPT (PPT/PPTX)

4. SECURITY FEATURES

This MFi certified USB drive offers advanced data protection for Apple users. You can set a password or use Touch ID within the ROSPE application to secure your files, ensuring data confidentiality even if the drive is lost. Note that these iOS-specific security features are not compatible with Android devices.

Video: A short demonstration of how to encrypt files using the ROSPE app to protect your data.

5. COMPATIBILITY

The ROSPE 3-in-1 USB Flash Drive is designed for wide compatibility:

- **iOS Devices:** iPhone, iPad (MFi certified for optimal performance).
- **Android Devices:** Compatible with Android phones and tablets supporting OTG function.
- **Computers:** Compatible with PCs and laptops via the USB 3.0 port.
